ANNEXURE TO THE NOTICE

EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following statement sets out all material facts relating to Special Business mentioned in the accompanying Notice:

In conformity with the provisions of Section 102 of the Companies Act, 2013, the following Explanatory Statement sets out all material facts relating to the Special Business mentioned in the Notice.

Item No. 4:

The Board, on the recommendation of the Audit Committee, has approved the appointment and remuneration of **M/s. Kiran J. Mehta & Co.**, (FRN:00025) Cost Accountants, Ahmedabad as Cost Auditors to conduct the audit of the cost records maintained by the Company in respect of Steel-SS Seamless/Welded pipes/Tube, Fittings, Flanges, Coil for the financial year 2020-21 be paid the remuneration of Rs.1,00,000/-(Rupees One Lakh only) plus GST for the year 2020-21 the Board has also approved the same..

In accordance with the provisions of Section 148 (3) of the Act read with the Companies (Audit and Auditors) Rules, 2014, the remuneration payable to the Cost Auditors has to be ratified by the shareholders of the Company.

The Board accordingly recommends the resolution at Item No. 4 of this Notice for the approval of Members.

None of the Directors, Key Managerial Personnel and relatives thereof, are in any way concerned or interested, financially or otherwise, in the resolution at Item No. 4 of this Notice.

Item No. 5:

In order to sustain quality standards, quantitative benefits and ease of customer reach, in the best interest of the Company and its shareholders, major transactions of the Company pertaining to sale, purchase or supply of goods, materials & services have been with TBS Metal Private Limited. Considering the prevailing market trend these transactions will continue in the year 2020 and thereafter.

A summary of transactions carried out with TBS Metal Private Limited during the financial year 2019-2020 together with projections until 2022-2023 are as under:

Material Related Party Transactions with TBS Metal Pvt. Ltd.	For the F.Y. 2019-2020 (₹ in lakhs)	Projected Transactions Proposed for Approval		
		For the F.Y. 2020-2021 (₹ in lakhs)	For the F.Y. 2021-2022 (₹ in lakhs)	For the F.Y. 2022-2023 (₹ in lakhs)
Purchase of Goods	2232.12	Increase 50%	Increase 50%	Increase 50%
Sales of Goods	1547.58	on 2020	on 2021	on 2022

These transactions as well as the proposed transactions would continue to be in ordinary course of business and at arm's length basis.

Pursuant to provisions of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015, all Material Related Party Transactions will require approval of the members through an ordinary resolution.

Since the aggregate value of these transactions (year to date plus proposed in 2020) is likely to exceed ten percent of the annual turnover of the Company as per the last audited financial statements of the Company, the said transactions would be considered to be Material Related Party Transactions for the purpose of provisions of Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, and will thus require approval of the

members of the Company through an Ordinary Resolution. The Audit Committee and Board of Directors have reviewed major terms & conditions of these transactions and recommend to the members for their approval by way of an Ordinary Resolution.

None of the Directors, Key Managerial Personnel of the Company and their relatives is, in any way, concerned or interested, financially or otherwise, in the Resolution set out at Item No. 5 of the Notice except to the extent of their shareholding or employment in the Company, its Holding Company or Associate Group Company, if any, in the Company.

The Board recommends the Resolution under Item No. 5 of the Notice for approval of the Members as an Ordinary Resolution.

Industry Structure and Development:

Suraj Limited (“the Company”) is India’s leading Manufacturer of Stainless Steel seamless Pipes, tubes, and “U” tubes, Flanges & fittings with Electro polishing having a plant at Survey no. 779/A, Thol, Tal:- Kadi, Dist: - Mehsana. Our products find application in important industry segments like pharmaceuticals, dyes & pigments, Oil, Gas, Refinery, etc. The day to day management of the Company is looked by the Executive Director assisted by a team of competent technical & commercial professionals.

Financial Performance:

The company’s overall operational performance has been average during the financial year 2019-20; it achieved sale and other income of ₹ 17,703.47 Lakhs as against last year’s ₹ 17,982.49 Lakhs. Profit before tax increase from ₹ 94.73 Lakhs to ₹ 158.69 Lakhs. Total Comprehensive Income is ₹ 86.07 Lakhs, Other Equity stood at ₹ 6,850.52 Lakhs.

Opportunities, Threats, Risks and Concerns:

As is normal and prevalent for any business, the Company is likely to face competition from large scale imports. There can be risks inherent in meeting unforeseen situation, not uncommon in the industry. Company is fully aware of these challenges and is geared to meet them. Company also recognizes the risks associated with business and would take adequate measures to address the associated risks and concerns. Some of these factors include competition from multinational Companies, duty free imports by customers against export obligations, our pricing strategy being mainly dependent on import affairs and dependence on imported raw material.

Internal Control Systems and their Adequacy:

Management has put in place effective Internal Control Systems to provide reasonable assurance for:

- Safeguarding Assets and their usage.
- Maintenance of Proper Accounting Records and
- Adequacy and Reliability of the information used for carrying on Business Operations.

Key elements of the Internal Control Systems are as follows:

- (i) Existence of Authority Manuals and periodical updating of the same for all Functions.
- (ii) Existence of clearly defined organizational structure and authority.
- (iii) Existence of corporate policies for Financial Reporting and Accounting.
- (iv) Existence of Management information system updated from time to time as may be required.
- (v) Existence of Annual Budgets and Long Term Business Plans.
- (vi) Existence of Internal Audit System.
- (vii) Periodical review of opportunities and risk factors depending on the Global / Domestic Scenario and to undertake measures as may be necessary.

The Company has appointed an Independent Auditor to ensure compliance and effectiveness of the Internal Control Systems in place.

The Audit Committee is regularly reviewing the Internal Audit Reports for the auditing carried out in all the key areas of the operations. Additionally the Audit Committee approves all the audit plans and reports for significant issues raised by the Internal and External Auditors. Regular reports on the business development, future plans and projections are given to the Board of Directors. Internal Audit Reports are regularly circulated for perusal of Senior Management for appropriate action as required.

Human Resource/Industrial Relations:

Human Resources Development, in all its aspects like training in safety and social values is under constant focus of the management. Relations between the management & the employees at all levels remained healthy & cordial throughout the year. The Management and the employees are dedicated to achieve the corporate objectives and the targets set before the company.

Business outlook:

India's economic growth Domestic steel consumption is estimated to grow at 2%-2.5% in 2020, down from a 7.5% consumption growth in FY19, despite the lockdown to prevent the spread of COVID 19 that will hurt steel sales in March and April. The India Steel Production is projected to trend around 9650.00 Thousand Tonnes in 2021, according to our econometric models. The global steel industry is being impacted as our customers are hit by shutdowns, disrupted supply chains, collapsing confidence and delayed investment and construction projects, as well as a decline in consumption activity. Steel production in India has increased from 81 million tonnes (mt) in 2013-14 to 88 mt in 2014-15 with the capacity being increased from 100 mt in 2013-14 to 110 mt in 2014-15. The steel sector contributes nearly 2% of the country's GDP and employs over 6 lakh people. Per capita finished steel consumption in 2018 was 224.5 kg for world and 590.1 kg for China (Source: World Steel Association). The same for India was 73.3 kg in 2018 (Source: JPC) and 75.7 kg (prov.) in 2019. The per capita consumption of India in 2018-19 was 74.1 kg and that in 2019-20 was 74.6 kg (prov.). After slower than expected growth in 2019, mainly due to the deep manufacturing recession in the developed economies, we are seeing a further decline in global steel demand in the second quarter of 2020. The duration of the present disruption is currently impossible to judge.

Cautionary Statement:

Statements in the Management Discussion and Analysis and Directors Report describing the Company's strengths, strategies, projections and estimates, are forward-looking statements and progressive within the meaning of applicable laws and regulations. Actual results may vary from those expressed or implied, depending upon economic conditions, Government Policies and other incidental factors. INDEPENDENT AUDITOR'S REPORT

To The Members of,
SURAJ LIMITED
Ahmedabad

Report on the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Suraj Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss, (including the statement of Other Comprehensive Income), the Cash Flow Statement and the statement of changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (herein after referred to as "the financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ("Ind AS") specified under section 133 of the Act, of the state of affairs of the Company as at March 31, 2020 its profits (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
5. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter	Auditor's Response
<p>Inventories</p> <p>Net Realizable Value of Goods</p> <p>Goods are valued at lower of cost & net realizable value (estimated selling price less estimated cost to sell), considering the business practice of company major sales are through export of steel pipes & other products and purchase through imports. The value of stock is</p>	<ol style="list-style-type: none"> 1. Obtained an understanding of the determination of the net realizable values of the stock and assessed and tested the reasonableness of the significant judgments applied by the management. 2. Evaluated the design of internal controls relating to the valuation of finished goods also tested the operating effectiveness of the aforesaid controls.

Key Audit Matter	Auditor's Response
<p>heavily affected by the end fluctuation of currency difference & always has volatility on price. Therefore it has been considered as a Key Audit Matter. The total value of inventories as at 31 March, 2020 is ₹ 9,280.72 lakhs. Also refer to Note 3.10 for the accounting policy on valuation of inventories.</p>	<ol style="list-style-type: none"> 3. Compared the actual realization after the year end / latest realization to assess the reasonableness of the net realizable value that was estimated and considered by the management. 4. Compared the actual costs incurred to sell after the year end / based on the latest sale transaction to assess the reasonableness of the cost to sell that was estimated and considered by the management. 5. Compared the cost of the finished goods with the estimated net realizable value and checked if the finished goods were recorded at Net realizable value where the cost was higher than the net realizable value. 6. Assessed the appropriateness of the disclosure in the financial statements in accordance with the applicable financial reporting framework.
<p>Foreign Currency Transactions</p> <p>The company's major transactions are related to foreign currency due to which there are various debtors as well as creditors which are outstanding in foreign currency as on date of balance sheet.</p>	<ol style="list-style-type: none"> 1. Obtained understanding of all the transactions related to foreign currency and relevant documents. 2. We have verified all the calculations and other relevant details related to the conversion of all foreign currency outstanding as on balance sheet date. 3. We have verified the entire closing rates considered for conversion at the time of closing are as notified by the government institutes. 4. The difference between the actual transactions rates and the closing rates are considered as foreign exchange fluctuation loss/gain in the statement of profit and loss.

Information other than the financial statements and Auditor's Report thereon

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

7. The company's board of directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statement that give a true and fair of the financial position, financial performance including other comprehensive Income, cash flows and changes in equity of the company in accordance with accounting principles generally accepted in India,

including Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies making judgments and estimates that are reasonable and prudent and the design implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records relevant to preparation and presentation of the financial statements that give true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

“Annexure 2” to Independent Auditor’s Report

Referred to in paragraph 16(f) of the Independent Auditor’s Report of even date to the members of Suraj Limited on the financial statements for the year ended March 31, 2020.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

1. We have audited the internal financial controls over financial reporting of Suraj Limited (“the Company”) as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

2. The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act, 2013.

Auditors’ Responsibility

3. Our responsibility is to express an opinion on the Company’s internal financial controls over financial Reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards On Auditing deemed to be prescribed under section 143(10) of the Act, 2013 to the extent applicable to the audit of internal financial controls, and both issued by the ICAI. Those Standards and the Guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

6. A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures

that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and Directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting with reference to these Financial Statements

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements For the year ended on 31st March, 2020**1 Corporate Information:**

Suraj Limited ("The Company") is India's leading Manufacturer of Stainless Steel Seamless Pipes, Tubes and "U" Tubes, Flanges & Fittings with Electro polishing having a plant at Thol, Mehsana. Our products find application in important industry segments like pharmaceuticals, dyes & pigments, Oil, Gas, Refinery, etc. The Company is a public company domiciled in India and is incorporated under the provisions of Companies Act applicable in India. Its shares are listed on Bombay Stock Exchange (BSE). The registered office of the company is located at Usmanpura, Ahmedabad. The Company caters to both domestic and international markets.

2 Basis of preparation of financial statement:

The financial statements of company have been prepared in accordance with Indian Accounting Standards ("IND AS") notified under the Companies (Indian Accounting Standards) Rules, 2015. The Financial Statements have been prepared on the historical cost convention basis except for certain financial assets and liabilities which have been measured at fair value. Refer accounting policy regarding financial instruments (financial assets and financial liabilities).

The financial statements were authorized for issue in accordance with a resolution of the Board of Directors at its meeting held on June 10, 2020.

The financial statements are presented in Rs. and all values are rounded to nearest Lakhs (Rs. 00,000), except where otherwise indicated.

3 Summary of significant accounting policies**3.1 Current versus non-current classification:**

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification.

An asset is treated as current when it is:

- i. Expected to be realized or intended to sold or consumed in normal operating cycle;
- ii. Held primarily for the purpose of trading;
- iii. Expected to be realized within twelve months after the reporting period; or
- iv. Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

The Company classifies all other assets as non-current. A liability is treated as current when:

- i. It is expected to be settled in normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is due to be settled within twelve months after the reporting period; or
- iv. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred tax assets and liabilities are considered as non-current assets and liabilities.

Operating Cycle

The operating cycle is the time between acquisition of assets for processing and their realization cash and cash equivalents. The Company has identified twelve month as its operating cycle.

3.2 Use of Estimates:

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of Future events) that the Company believes to be reasonable under the existing circumstances.

Differences between actual results and estimates are recognized in the period in which the results are known / materialized.

The said estimates are based on the facts and events, that existed as at reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

3.3 Foreign Currencies:

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (“the Functional Currency”) The Financial statements are presented in Indian Rupee (INR), which is the company’s functional and presentation currency.

Transactions in foreign currencies are initially recorded in by the Company at spot rates at the functional currency spot rate (i.e. INR) at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Foreign exchange gains and losses resulting from the settlement of transactions in foreign currencies and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. The gain or loss arising on translation of non- monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

3.4 FAIR VALUE MEASUREMENT:

The Company measures financial instruments, such as derivatives at fair value at each Balance Sheet date.

Fair value is the price that would be received to sale an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and Liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

3.5 Property, plant and equipment:

Property, plant and equipment are stated at cost, net of recoverable taxes less accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price and borrowing costs if capitalization criteria are met, the cost of replacing part of the fixed assets and directly attributable cost of bringing the asset to its working condition for the intended use. Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. This applies mainly to components for machinery. When significantly parts of Property, plant and equipment are required to be replaced at intervals, the company recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major overhauling is performed, its cost is recognized in the carrying amount of the Property, plant and equipment as a replacement if the recognition criteria are satisfied. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure related to an item of Property, plant and equipment is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing Property, plant and equipment, including day-to-day repair and maintenance expenditure and cost of parts replaced, are charged to the statement of Profit and Loss for the period during which such expenses are incurred.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if applicable. The Company calculates depreciation on items of property, plant and equipment on a straight-line basis using the rates arrived at based on the useful lives defined under Schedule II of the Companies Act, 2013.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit and Loss when the asset is derecognized.

3.6 Intangible assets:

Intangible assets acquired separately are measured on initial recognition at cost.

Following initial recognition, intangible assets are carried at cost, less any accumulated amortization and accumulated impairment losses, if any.

Intangible assets in the form of software are amortized on a straight-line basis six years. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Statement of Profit and Loss when the asset is derecognized.

3.7 Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash generating units (CGU) net selling price and its

value in use. The recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining net selling price, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used.

3.8 Investment and other Financial Assets:

Financial assets are recognized and measured in accordance with Ind AS - 109 Financial Instruments. Accordingly, the company recognizes financial asset only when it has contractual right to receive cash or other financial assets from another Company.

i. Initial recognition and measurement

All financial assets, except investment in subsidiary are measured initially at fair value plus, transaction costs that are attributable to the acquisition of the financial asset. The transaction cost incurred for the purchase of financial assets held at fair value through profit or loss is expensed in the statement of Profit and Loss immediately.

ii. Subsequent measurement:

For the purpose of Subsequent measurement financial assets are classified in three categories:

- Measured at amortized cost
- Measured at fair value through other comprehensive income (FVTOCI)
- Measured at fair value through Profit and Loss (FVTPL)

Equity investments:

All equity investments, except in subsidiary are measured at cost in scope of Ind AS 109 are measured at fair value. For all other equity instruments, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the company decides to classify an equity instruments as a FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in other comprehensive income (OCI). There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of Investment. However, the company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss.

iii. De-recognition:

A financial asset (or, where applicable, a part of financial asset or part of a group of similar financial assets) is primarily derecognized (i.e. removed from the company's Balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred substantially all the risks and rewards of the asset.

iv. Impairment of financial assets:

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit exposure:

- a) Financial assets that are debt instruments, and are measured at amortized cost e.g. loans, debt securities, deposits, trade receivables and bank balance.

b) Financial guarantee contracts which are not measured at FVTPL.

The company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. Under the simplified approach, the company does not track changes in credit risk. Rather, it recognizes impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12 - month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used.

ECL is the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the entity expects to receive, discounted at the original EIR. ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/expense in the statement of profit and Loss. This amount is reflected under the head 'other expenses in the Statement of Profit and loss.

3.9 Financial liabilities:

Initial recognition and measurement:

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through statement of Profit and Loss, loans and borrowing, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings including cash credit facilities from banks and derivative financial instruments.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below: Financial liabilities at fair value through Statement of Profit and loss.

Financial liabilities at fair value through profit and loss include financial liabilities held for trading and financial liabilities designated upon initial recognition at fair value through Profit and loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivatives financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as per Ind AS 109.

Gains or losses on liabilities held for trading are recognized in the Statement of Profit and loss. Financial liabilities designated upon initial recognition at fair value through statement of profit and loss are designated as such at the initial date of recognition and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk is recognized in OCI. These gains/losses are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognized in the statement of profit and loss. The company has not designated any financial liability at FVTPL.

Loans and Borrowings:

Company does not have any long term borrowings from any banks and financial institution, so measurement at amortized cost method is not applicable to the company. Company recognizes all the working capital borrowings at the actual rate of borrowing. All expenditures relating to interest, charges and processing fees recorded as finance cost in statement of profit and loss.

De-recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of Profit and loss.

Derivative financial instrument:

The Company uses derivative financial instruments, such as forward currency contracts, to hedge its foreign currency risks. Such derivative financial instrument is initially recognized at fair value through consolidated statement of Profit and loss (FVTPL) on the date on which a derivative contract is entered into and is subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivative financial instrument are classified in the consolidated statement of Profit and loss and reported with foreign exchange gains/ (loss) not within results from operating activities. Changes in fair value and gains/ (losses) on settlement of foreign currency derivative financial instruments relating to borrowings, which have not been designed as hedge are recorded as finance cost.

Offsetting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to relate the assets and settle the liabilities simultaneously.

3.10 Inventories:

Finished goods and Work-in-process are stated at the lower of cost and estimated net realizable value. Cost of inventories constitutes direct materials and labor and a proportion of manufacturing overheads based on normal operating capacity.

Raw materials, components, stores and spares are valued at lower of cost and estimated net realizable value. Cost is determined on weighted average basis. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

Traded goods are valued at lower of cost and net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis.

Provision is recognized for damaged, defective or obsolete stocks where necessary. Cost of all inventories is determined using weighted average method of valuation.

Net realizable value is the estimated selling price in the ordinary course of business, less estimate Costs of completion and estimated costs necessary to make the sale

While in above head (Inventories) may also contains details of Investment in subsidiary and Joint Venture details of Property Plant & Equipments, Capital Work in Progress, Provisions & Contingent Liabilities.

3.11 Revenue recognition:**Revenue from contracts with customers**

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

Variable Consideration

If the consideration in a contract includes a variable amount, the company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognized will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of goods provide customers with a right of liquidated damages. The liquidated damages give rise to variable consideration.

3.12 Taxes:

Tax expense comprises of current income tax and deferred tax.

Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognized outside the statement of Profit and Loss is recognized outside the statement of Profit and Loss (either in other comprehensive income or in equity). Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provision where appropriate.

Recognition of deferred tax assets and liabilities:

Deferred tax assets and liabilities are recognized for deductible temporary differences and unused tax losses for which there is probability of utilization against the future taxable profit. The Company uses judgement to determine the amount of deferred tax that can be recognized, based upon the likely timing and the level of future taxable profits and business developments.

3.13 Employee benefits:**I. Defined Contribution Plan****a. Provident Fund**

Contributions in respect of Employees who are not covered by Company's Employees Provident fund trust are made to the Fund administered by the Regional Provident Fund Commissioner as per the provisions of Employees' Provident Fund and Miscellaneous Provisions Act, 1952 and are charged to Statement of profit and Loss as and when services are rendered by employees. The Company has no obligation other than the contribution payable to the Regional provident fund.

II. Defined Benefit plan**a. Gratuity**

Every employee who has completed five years or more of service is entitled to Gratuity as per the provisions of The Payment of Gratuity Act, 1972. Retirement Gratuity for employees is funded through a scheme of Life Insurance Corporation of India the costs of providing benefits under this plan are determined on the basis of actuarial valuation using the projected unit credit method at each year-end. Actuarial gains/ losses are immediately recognized in retained earnings through Other Comprehensive Income in the period in which they occur. Re-measurements are not re-classified to profit or loss in subsequent periods. The excess/ shortfall in the fair value of the plan assets over the present value of the obligation calculated as per actuarial methods as at balance sheet dates is recognized as a gain/ loss in the Statement of Profit and loss. Any asset arising out of this calculation is limited to the past service cost plus the present value of available refunds and reduction in future contributions.

b. Provident Fund

In respect of the employees covered by the Company's Employee provident Fund trust in Point I a above, contributions to the Company's Employee provident Fund trust (administered by the Company as per the provisions of Employees' Provident Fund and Miscellaneous Provisions Act, 1952) are made in accordance with the fund rules. The interest rate payable to the beneficiaries every year is being notified by the Government.

In the case of contribution to the Trust, the Company has an obligation to make good the shortfall, if any between the return from the investments of the Trust and the notified interest rate and recognizes such obligation, if any determined based on an actuarial valuation as at the balance sheet date, as an expense.

III. Long Term Compensated Absences

The Company treats accumulated leave to the extent such leave are carried forward as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

3.14 Provisions:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefit will be required to settle the obligation and a reliable Estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain, the expense relating to a provision is presented in the consolidated statement of Profit and loss net of any reimbursement.

3.15 Export Incentive.

Export incentives under various schemes notified by government are accounted for in the year of exports based on eligibility and when there is no uncertainty in receiving the same.

Earnings per share:

Basic Earnings per Share is calculated by dividing the net profit/ loss for the year attributable to ordinary equity holders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit/ loss for the period attributable to ordinary equity holders and the weighted average number of equity shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

3.16 Cash and cash equivalent:

Cash and cash equivalent in the Balance Sheet comprise cash at banks and in hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of charges in value

For the purpose of the Statement of Cash Flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

4. Significant accounting estimates and assumptions:

The preparation of the company's financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosures of contingent liabilities. Uncertainty about these assumption and estimates could result in outcomes that require a material adjustments to the carrying amount of assets or liabilities affected in future periods.

4.1 Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are describes below. The Company based its assumptions and estimates on parameters available when the Financial Statements were prepared. Existing circumstances and assumptions about future developments however may change due to market changes or circumstances arising that are beyond the control of the company. Such changes are reflected in the assumptions when they occur.

a) Defined benefit plans (gratuity benefits):

The cost of the defined benefits gratuity plan and the present value of the gratuity obligation are determined using actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rates, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rates for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publically available mortality tables for India. These mortality tables tend to change only at intervals in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for India.

Future details about gratuity obligations are given in note - 30

b) Fair value measurement for financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Refer note- 33 for further disclosures.

4.2 Recent Indian Accounting Standards (Ind AS)

Ministry of Corporate Affairs ("MCA") notifies newstandard or amendments to the existing standards.

There is no such notification which would have beenapplicable from April 1, 2020.

31 FINANCIAL INSTRUMENTS, RISK MANAGEMENT, OBJECTIVES AND POLICIES

31.1 Financial Risk Management

The company's Board of Directors has overall responsibility for the establishment and oversight of the company's risk management framework. The company's risk management policies are established to identify and analyse the risks faced by the company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

31.2 Credit Risk Management

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends and ageing of accounts receivable. Individual risk limits are set accordingly.

- (a) The ageing analysis trade receivable from the date the invoice falls due is given below:

31.3 Liquidity Risk

Liquidity Risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at reasonable price. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the company's net liquidity position through rolling forecast on the basis of expected cash flows.

Maturity profile of Financial Liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

(₹ In Lakhs)

Particulars	As at 31-03-2020			As at 31-03-2019		
	Less than 1 year	1 to 5 years	Total	Less than 1 year	1 to 5 years	Total

Total	9,292.52	-	9,292.52	10,417.07	-	10,417.07

31.4 Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loan borrowings.

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by Senior Management and the Audit Committee. The activities of this department include management of cash resources, borrowing strategies, and ensuring compliance with market risk limits and policies.

(a) Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

With all other variables held constant, the following table demonstrates the impact of the borrowing cost on floating rate portion of loans and borrowings and excluding loans on which interest rate swaps are taken.

Nature of Borrowing	Change in basis points	As at 31-03-2020	As at 31-03-2019
Working Capital Facilities from Bank	0.50	34.85	46.74
	(0.50)	(34.85)	(46.74)

(b) Commodity Price Risk

Principal Raw Material for company's products is scrap and pig iron. Company sources its raw material requirements from domestic markets. Domestic market price generally remains in line with international market prices. Volatility in metal prices, currency fluctuation of rupee vis a vis other prominent currencies coupled with demand-supply scenario in the world market affect the effective price of scrap and pig iron. Company effectively manages availability of material as well as price volatility through well planned procurement and inventory strategy and also through appropriate contracts and commitments.

(c) Sensitivity Analysis

The table below summarises the impact of increase/decrease in prices of round bar by Rs. 0.50 per kg on profit for the period.

Particulars	Impact on PAT	
	2019-20	2018-19
₹ 0.50 increase in price	31.18	26.02
₹ 0.50 decrease in price	(31.18)	(26.02)

32. Capital management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirement of the financial covenants.

The company monitors capital using gearing ratio, which is net debt divided by total equity plus debt.

Particulars	As at 31-03-2020	As at 31-03-2019
Borrowings	8,070.94	9,853.00
Less : Cash & Cash Equivalents	345.55	484.12

Equity and Net Debt (B)	16,502.32	18,059.75
Gearing Ratio (A/B)	0.47	0.52

33. Previous year's figures have been regrouped / re-arranged / re-casted, wherever necessary, so as to make them comparable with current year's figures.

34. In the opinion of the Board, the current assets, loans and advances are approximately of the value stated in the balance sheet, if realised in the ordinary course of the business. Provision for depreciation and all known liabilities have been made in accounts

35. In terms of Ind AS 36 – Impairment of Assets issued by MCA, the management has reviewed its fixed assets and arrived at the conclusion that impairment loss which is difference between the carrying amount and recoverable value of assets was not material and hence no provision is required to be made.

36. EVENTS AFTER THE REPORTING PERIOD:

The company evaluates events and transactions that occur subsequent to the balance sheet date but prior to the approval of the financial statements to determine the necessity for recognition and/or reporting of any of these events and transactions in the financial statements.

As of 10th June, 2020, there were no subsequent events to be recognized or reported that are not already previously disclosed.
