We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements* section of our report. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report; but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

When we read the Final Annual report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions as per applicable laws and regulations

Responsibilities of Management and those charged with Governance for Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication

Annexure-B to the Independent Auditor's Report to the members of RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 2(A)(f) of 'Report on Other Legal and Regulatory Requirements' section

We have audited the internal financial controls over financial reporting of **Rajasthan Tube Manufacturing Company Limited** ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit.

We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES FOLLOWED BY THE COMPANY:

(A) BASIS OF PREPARATION

(i) STATEMENT OF COMPLIANCE WITH IND AS:

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under the companies (Indian accounting standards) Rules, 2015 as amended by the companies (Indian accounting standards) (Amendment) Rules 2016 notified under the Section 133 of the companies act, 2013 the relevant provisions of the companies act, 2013 ("the Act") and guidelines issued by the securities and exchange Board of India.

(ii) HISTORICAL COST CONVENTION:

The financial statements have been prepared on a historical cost basis, except for the following:

- 1) Certain financial assets and liabilities that are measured at fair value;
- 2) Assets held for sale - measured at lower of carrying amount or fair value less cost to sell;
- 3) Defined benefit plans - plan assets measured at fair value as per Actuarial Valuation.

(B) USE OF ESTIMATES AND JUDGMENTS

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

(C) IMPAIRMENT OF NON-CURRENT ASSETS

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

(D) PROPERTY, PLANT AND EQUIPMENT AND DEPRECIATION

Property, Plant and Equipment are carried at cost less accumulated depreciation / amortization and impairment of losses if any, in the books of accounts. The company capitalized all costs incidental to acquisition and installation of fixed assets.

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the company has elected to continue with the carrying value of all its property, plant and equipment recognized as at April 1, 2016 measured as the previous GAAP (Indian GAAP) and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation

Depreciable amount for asset is the cost of an asset less its estimated residual value. Depreciation on Property, Plant and Equipment is charged on straight line method as per useful life of prescribed in Schedule II to the Companies Act, 2013 except on GI Plant and Building which have commenced commercial production w.e.f. 16th February, 1996, and vehicles purchased after 01-04-1998 depreciation has been provided on written down value method as per useful life of prescribed in Schedule II to the Companies Act, 2013.

From the date Schedule II of the Companies Act 2013 comes into effect, the carrying amount of the assets as on that date after retaining the residual value has been depreciated over the remaining useful life of the assets as per this Schedule.

Depreciation methods, useful lives and residual values are reviewed periodically, at each financial year end. Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances under non-current assets and the cost of assets not put to use before such date are disclosed under 'capital work-in-progress'. Subsequent expenditures relating to property, plant and equipment are capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably.

(E) VALUATION OF INVENTORIES:

Inventories are measured at the lower of cost and the net realizable value. As per the consistent practice of the company, while valuing stocks, the relative impact/incidence of overheads has been considered. Cost includes cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their present location and condition and estimated apportioned overheads. Goods sent on Consignment held in stock have been valued at the Invoice Price. Cost of inventories are determined on FIFO basis. Net realizable value represents the estimated selling price for inventories less all estimated cost of completion and costs necessary to make the sale.

(F) REVENUE RECOGNITION:

Revenue is measured at the fair value of the consideration received or receivable. Sales are recognized net of returns, rebate, claims, Freight and discount, on transfer of significant risk and reward of ownership to the buyer, which generally coincide with the delivery of good to the customers. Consignment Sales are recognized on receipt of statement of account from the Agent. Sales include excise duty but excludes sales tax / value added tax and GST.

Excise duty is accounted for at the time of removal of the goods.

Interest income is accounted on accrual basis. Dividend income if any is accounted on receipt basis.

(G) INVESTMENT:

Long term Investments are carried at cost less Provision for diminution other than temporary if any, in value of such investment. Reduction (Provision) is determined and made for each investment individually.

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

Current investments are carried in the financial statements are lower of cost and fair value. Fair value is determined either on an individual investment basis or by category of investment, but not on an overall basis.

(H) BORROWING COSTS:

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporarily deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

(I) EMPLOYEE BENEFITS:

1. Short term employee benefits are recognized as an expense at the undiscounted amount in the profit and loss account of the year in which the related services are rendered. Benefits such as salaries, bonus, incentives etc. are recognized in the period in which employees rendered services. Employee benefit such as PF, family pension, ESI etc. are treated as defined contribution plan and such contributions are charged to P&l account when contribution to the respective funds are applicable and due.

2. The company's liability on account of gratuity are determined at each financial year on the basis of actuarial valuation in respect of eligible employees.

(J) ACCOUNTING FOR TAXES ON INCOME:

i) Provision for current tax is made on the basis of estimated tax liability as per the applicable provisions of tax laws.

ii) Deferred tax is recognized, subject to the consideration of prudence, on timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net. The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilized.

(K) CASH FLOW STATEMENT:

Cash flows are reported using the indirect method, whereby profit/ loss before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing flows. The cash flows from operating, investing and financing activities of the Company are segregated. Cash and cash equivalents presented in the cash flow statement consist of cash on hand and cash at bank and demand deposits with bank.

(L) EARNING PER SHARE:

Basic earnings per share is calculated by dividing the net Profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. for the purpose of calculating diluted earnings per share, the net profit or

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effect of all dilutive potential equity shares.

(M) PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provisions involving substantial degree of estimation in measurement are recognized when there is present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are not recognized. However, when the realization of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognized as an asset.

(N) CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the Balance Sheet comprise cash at bank and on hand and short-term deposit with an original maturity of three months or less, which are subject to insignificant risk of changes in value.

(O) FINANCIAL INSTRUMENTS

The company recognizes the financial assets and financial liabilities when the recognition criteria of financial instrument as specified under **Ind AS 109** is met.

FINANCIALS ASSET

Initial recognition and measurement

All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset except in the case of financial assets not recorded at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

Financial Asset at amortized cost

A 'Financial Asset' is measured at the amortized cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.
- After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate ("EIR") method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss.

Financial Asset at Fair value through Other Comprehensive Income("FVTOCI")

A 'Financial Asset' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI. Financial Asset included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income ("OCI")

Financial Asset at fair Value through Profit & Loss ("FVTPL")

FVTPL is a residual category for Financial Assets. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

In addition, the group may elect to designate a Financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Derogisation of Financial asset

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized when the rights to receive cash flows from the asset have expired.

Impairment of financial assets

The company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortized cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the company applies the simplified approach permitted by IND AS 109 Financial instruments, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

FINANCIAL LIABILITIES

Initial recognition and measurement

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognized in the profit or loss.

Financial Liabilities at Amortized Cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

(P) SEGMENT REPORTING:

The Company at present is engaged in the business of manufacturing of ERW Steel Tubes, which constitutes a single business segment.

(Q) FAIR VALUE MEASUREMENT:

The Company measures some of its financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- I. Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- II. Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

RAJASTHAN TUBE MANUFACTURING COMPANY LIMITED

CIN: L27107RJ1985PLC003370

III. Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

(R) CLASSIFICATION OF CURRENT /NON-CURRENT ASSETS AND LIABILITIES

All assets and liabilities are presented as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013 and Ind AS 1 Presentation of financial statements. Based on the nature of products and the time between the acquisition of assets for processing and their realisation, the Company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

(S) CRITICAL ACCOUNTING ESTIMATES, ASSUMPTIONS AND JUDGEMENTS

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgments, which have significant effect on the amounts recognised in the financial statement:

(a) Property, plant and equipment

External adviser or internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable, the estimates and assumptions made to determine depreciation are critical to the Company's financial position and performance.

(b) Income taxes

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the standalone financial statements.

(c) Contingencies

Management judgment is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

(d) Allowance for uncollected accounts receivable and advances

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

(T) Estimation of uncertainties relating to the global health pandemic from COVID-19

Post the outbreak of COVID-19, the Company has made an assessment of the likely adverse impact on economic environment in general and potential impact on its operations including the carrying values of its current and non current assets including, property, plant and equipment and other financial exposure. It has also evaluated its ability to meet the financial commitments of its lender etc. The Company as of the reporting date has used internal and external sources on the expected future performance of the Company and accordingly does not expect any long term adverse impact of COVID-19 on its ability to recover the carrying value of assets and meeting its financial obligations. However, given the nature of the COVID-19, the Company continues to monitor developments to identify and manage any significant uncertainties relating to its future economic outlook.
