Accelerating with Agility

Agility is the capability to rethink, re-strategise and respond quickly, while accelerating through the milestones, goals and course.

At Star Cement, we have established ourselves among the leading cement players in India's North-Eastern Region (NER), and we are consistently working on expanding in the Eastern region.

Our 18 years of solid foundation have helped us gain proficiency that propels us forward. Over the years, we have constantly worked on enhancing our capacity, which today enables us to cater to the increased market demand. We attribute this ability to our strategic advantages in logistics, raw material proximity, more than adequate manufacturing capabilities, and a positive cash flow. We have actively worked to improve our abilities and explored all growth prospects. And while doing this, we have been able to accelerate our progress with agility.

For this, we only have our deliberate actions, a well-thought-out plan, and the correct kind of direction and speed to thank. When we look back, we see how far we have travelled. But above everything, the miles we have crossed so far, and the ones we plan to surpass in future, speaks of how fast our transition has been. Our journey is indicative of how we have been progressing with speed, achieving goals and objectives on the way while setting new benchmarks each time. When we look ahead, we sure envision our targets and milestones we want to achieve over the course of the next few years.

But we also foresee that we will continue growing and accelerating with agility, just as we have been. Because this is the way we have known it to be, this is the way it will always be.

Our Story of Accelerating Growth

Star Cement – An Overview

Star Cement Limited ('Star Cement', 'the Company' or 'We') is the leading cement company in North-Eastern India and one of the fastest-growing cement players in the industry. The Company, backed by premium quality cement, pioneer marketing and a focus on overall sustainable development, has gained prominence in Eastern India's construction industry. Words from the Chairman

“

We saw stronger returns than the previous year, despite volatile power and coal prices. Due to state-imposed mobility restrictions implemented because of the Omicron virus, our dispatches suffered in the first quarter.

”

Dear Shareholders,

I hope this letter finds you safe and healthy. Over the past few years, lives, livelihoods and businesses have been severely impacted by multiple waves of the Covid-19 pandemic. It has been a difficult period for everyone, from individuals, businesses, and frontline warriors to the economy and country. I want to extend my heartfelt gratitude to everyone, especially our frontline personnel, who have diligently fought to protect the safety of our people and communities. Their undying commitment and faith have enabled us to see a time that we call the 'new normal'.

With this, I take great pleasure in presenting Star Cement Limited's Annual Report for FY 21-22 to you.

The Macroeconomic Landscape

After a period of challenges and negligible to slow industry growth, this year turned out to be good one. It helped bring out a relatively better side as the economy gradually advanced following an extraordinarily difficult macroeconomic backdrop and subsequent waves of the Covid-19 pandemic. Despite a very unpredictable previous year, the economy grew by 8.7% in FY 21-22, while presenting a bundle of opportunities. This growth was fuelled by a decline in the Covid-19 infection rate, widespread inoculation, a recovery in commercial operations, and an overall improvement in public morale due to the upliftment of restrictions and a partial return to normalcy in daily life. The Government's liquidity and stimulus policies, the RBI's loan moratorium,

and lowered interest rate defences also helped boost the economy significantly.

India also had new growth spurts during the year. As the year went on, there was a substantial increase in the key sectors as demand and consumption mostly returned to their pre-pandemic levels. Increased levels of public and private consumption helped to stimulate our economy further. But in light of the longer-lasting inflationary pressure, the Reserve Bank of India raised its repo rate by 90 basis points over two instalments, bringing it from 4% to 4.9% in May. This is expected to have an impact on the interest rates as well. These economic disruptions have prompted us to undertake strategies to provide stability to our business and expand in the face of uncertainties.

Industrial Overview

The cement industry is one of the main industrial sectors in the nation. Given the massive infrastructural requirements of a developing and urbanising nation and its contributions in terms of direct and indirect employment, cement industry has a sizeable prominence for a rising and transitioning economy like India. Today, our nation is the second-largest cement producer worldwide, with over 7% of the global installed capacity. However, our per capita cement consumption still remains extremely low, which greatly increases the possibility of future exponential growth.

Due to a low FY 20-21 base and a resurgence of construction development in all sectors, cement production increased in FY 21-22. The cement industry's demand is

anticipated to go up due to rising demand in a number of sectors, including housing, commercial & infrastructural development, and industrial building. The demand for affordable housing in rural areas, pent-up demand in the urban housing market, Government infrastructure spending, the restart of construction on public infrastructure projects, and Government programmes like the Pradhan Mantri Awas Yojana (PMAY) are the main factors driving cement consumption.

“

India has entered a period of infrastructure growth. The Government's unrestricted push for infrastructure development has allowed the cement industry to reach new heights. We saw an increase in the infrastructure spending in the Union Budget FY 22-23's capital spending allocation by more than 35%, from around ₹5.5 Tn in FY 21-22 RE (Revised Estimates) to ₹7.5 Tn in FY 22-23 BE (Budget Estimates).

This is definitely good news for the cement industry. In addition, it calls for upgrades to ports, airports, and rural infrastructure. Since its inception, National Infrastructure Pipeline (NIP) has added more than 9,000 projects across 34

subsectors. PM Gati Shakti is prepared to provide top-notch nationwide infrastructure and logistics solutions with the first financial expenditure of ₹200 Bn. The demand for affordable housing is expected to rise as a result of Government housing initiatives like the Pradhan Mantri Awas Yojana (PMAY). With ₹480 Bn put aside, for this reason, the Government has committed to finish 8 Mn homes in both rural and urban locations.

These developmental activities in the infrastructural space will boost industrial sector outputs, and measures to raise earnings would also pave the way for the cement industry to grow easily.

The Year under Review

We saw stronger returns than the previous year, despite volatile power and coal prices. Due to state-imposed mobility restrictions implemented because of the Omicron virus, our dispatches suffered in the first quarter. Demand in the North-East was subdued across the second quarter and the first half of the third quarter. However, strong demand and stepped-up infrastructure activities in the fourth quarter helped us position ourselves towards the end of FY 21-22. Due to increased demand in North Bengal and East Bihar, our

Siliguri plant operated at 70% of its capacity, up from 32% in the first quarter of FY 21-22.

From the operational context, we produced 21.75 Lakhs tonnes of clinker compared to 19.11 Lakhs tonnes in FY 20-21. On the cement side, we produced 34.06 Lakhs tonnes compared to 25.04 Lakhs tonnes in FY 20-21. Regarding geographical distribution, we sold 25.48 Lakhs tonnes of cement in the North-East and 8.56 Lakhs tonnes outside the region during the fiscal year.

From the financial perspective, we registered our total revenue of ₹2,222 Crore in FY 21-22 which was 29.18% higher than the previous year from ₹1,720 Crore. Our EBITDA stood at ₹379 Crore in FY 21-22 compared to ₹361 Crore in FY 20-21, and PAT ₹247 Crore in FY 21-22 compared to ₹187 Crore in FY 20-21. Furthermore, we have been a net debt-free entity for the last 3 consecutive years. This clearly reflects our zero dependency on outside debt and is a testimony of our operational and financial excellence. During the year, we maintained a robust cash position which gave us the stability to hold our stance with a strong balance sheet.

From the capex front, we have been investing in setting up a 3 Mn tonnes clinker unit at our Meghalaya Unit

along with 12 MW WHRB plant. This coming year, we have around ₹300 Crore Capex plan and we are optimistic about commencing the operation of our 12 WHR plant by September 2022. We are also looking to set up a 2 numbers of 2 Mn tonnes grinding unit in Assam and have also ramped up ₹2,200-2,500 Crore of Capex plan for the next 24 months.

Vote for Thanks

I would like to take this opportunity to express my gratitude to our regulators, customers, board members, and stakeholders for their unwavering trust and support. Your faith and support allows us to grow into a strong organisation, and we pledge always to put your interests first. Our future is bright and exciting, and we are committed to overcoming the situation as it stands.

With Regards,

Sajjan Bhajanka

Chairman

Accelerating Possibilities with Our Product Portfolio

Star Cement Ordinary Portland Cement (OPC)

OPC Grade 43

The most extensively used all-purpose cement in the country today, is suitable for construction where the grade of concrete is up to M-30.

OPC Grade 53

OPC 53 is a stronger cement that offers more durability and strength for concrete. With optimum particle size distribution and superior crystallised structure, OPC 53 caters for the diverse needs of different consumer segments.

Star Cement Portland Pozzolana Cement (PPC)

PPC is a blended cement composed of OPC clinker, gypsum, and pozzolanic materials. It is ideal for mass concrete works, masonry mortars, and plastering.

Features:

- › Durability
- › Improves strength and viscosity
- › Resistant to chemical attacks
- › Lower permeability
- › Water-resistant
- › Better cohesiveness

Star Cement Anti Rust Cement (ARC)

A signature product of Star Cement in the value-added sector, Star Anti Rust Cement is expertly engineered and was created as the result of several years of intensive R&D to address the changing needs of the construction industry. Star Anti Rust Cement gives reinforcing bars anti-rust and anti-corrosive qualities. Thereby, increasing a structure's tensile strength, durability, and service life.

Accelerating Our Roadmap through Strategies Imperatives

Consolidating our strengths and operational efficiencies, we have established ourselves as the leading cement player in North-Eastern India. We are also the fastest-growing brand in West Bengal and Bihar. To reach where we are today, we have meticulously planned our roadmap and consistently progressed on the path to our goals and objectives, backed by our strategies, which encompass:

Cost Optimisation

Star Cement has been optimising the Company's raw material mix to reduce overall manufacturing costs. We have successfully reduced our fuel and power consumption in the manufacturing process. Additionally, we have also started using biomass in our plants, and our other cost reduction initiatives include:

New clinker loading system and hopper, for bulk loading support

Upgraded pyro jet main firing burner to improve operational efficiency

Roto scale coal feeding system to improve operations

Vibrating screen in the tertiary crusher to improve raw mill grinding

Variable frequency drives to reduce power consumption

Logistical Efficiency

Logistics expenses, which would otherwise make up a sizeable portion of the total cost, are reduced by proximity to raw materials. The Company uses the ideal combination of roads, trains, and waterways to ensure a continuous product supply. In order to decrease the amount of freight cost and our reliance on outside transporters, we acquired a fleet of 190 vehicles. By employing GPS networks to track the fleet of vehicles, we have successfully worked to shorten delivery times. The Company also anticipates that the forthcoming Siliguri Railway siding would further lower freight costs. Additionally, we have also been testing the feasibility of transporting imported coal by river from the Haldia port to Guwahati, through the Brahmaputra River.

Dealer-Distributor Network Expansion

Star Cement has been focusing on advancing the Company's dealer network over the years. We have developed a strong dealer and distribution network – with more than 2,100 dealers and 12,000 merchants, our distribution network covers ten states. In order to meet the expanding demand in the area, we further added 200 additional dealers to our network in FY 21-22. Our broad network helps us enter more geographies and increase sales, thus helping us keep our position as the industry leader.

Innovative Marketing Strategies

Star Cement is continually developing novel marketing methods to increase client memory and foster a favourable brand perception. We have appointed renowned bollywood actor, Akshay Kumar, as our brand ambassador, in addition to endorsements from other renowned celebrities. We also use classic billboard/hoarding commercials, local television, and other media for greater brand exposure.

Progressing with Agility Amid Our Operating Landscape

The volatile external environment in FY 21-22 tested our operational capabilities to a higher extent. Stark shoot in the prices of petroleum products, coupled with inflated power rates, dampened demand scenario in the North-Eastern region, mobility restrictions due to virus outbreak. But, despite it all, we overcame the headwinds and achieved better performance in the end.

While the year was filled with unprecedented headwinds, the Government was rigid towards the infrastructural pump they had pledged previously. Leveraging that synergy, in February 2022, the Capex increment in the Union Budget for infrastructure by

35% boosted the industry's growth sentiment. Being a predominant player in the North-East, greater infrastructure development opportunities are a blessing for our business. A galore of opportunities in the form of housing shortage, highway networks and other infrastructural projects like railways, hydropower capacity, and smart cities are present in the Eastern region. Although the cement consumption in the Eastern region is lower than the national average, the market is likely to witness positive change in the near future. Thereby, leading to a higher contribution by the Eastern market to the domestic scale of production.

21.6 Mn units of housing shortage in Eastern India, including North-East

Higher focus on national security in the Eastern region, along with the Government initiating a large pipeline of infrastructure projects

Special focus on smart cities in the Eastern region – with 21 out of 110 cities being selected under the Smart City Mission

Low per capita cement consumption of the Eastern regions – 131 per kg – compared to pan-India’s relatively higher consumption of 230 kg

Limestone availability in the region – the key raw material for cement manufacturing – makes it an attractive destination

Various rail, road and air connectivity projects in Northeast India worth ₹1,34,200 Crore will be taken up by the Government of India, which includes 20 rail projects and 4,000 kilometres of road projects

The Government is also developing the NW-1 on the Ganges, NW-2 on Brahmaputra and NW-16 on Barak River (NW – National Waterways)

The NE Region is gifted with an enormous hydropower capacity of approximately 58,356 MW (>25 MW). Of this 2,027 MW (or roughly 3.47%) was utilised as of on 31st November, 2021. With about 92.9% of the remaining portion yet to be tapped, there are plans setting up a 2,120 MW of hydropower already

Advancing with Agility on Our Technological Front

In the era of digitisation, we, at Star Cement have taken broad steps towards expanding our digital footprint. This not only helps us move forward with wider connectivity through our channel partners, but also reduces the possible human error which might affect our business activities. Below are some of the steps we undertook towards digital transformation:

WhatsApp Business

Star Cement has introduced WhatsApp for Business to respond to the queries of channel partners and customers, promote products and communicate promotional schemes, festive greetings and even send our channel partners birthday and anniversary wishes.

Online Engagement Programmes

We run various engagement programmes for our channel partners and influencers through online games. The winner of these games are recognised and rewarded.

Star Saathi App

For our vast dealer network of 2,100 dealers, Star Saathi App has been introduced for strengthening the channels of distribution. The app facilitated flexibility in order placement, order tracking and payment, providing ease of service to our dealers.

Star Lotus App

Star Lotus has been developed with the sole purpose of engaging 6,000+ contractors in loyalty programme, including site verification, gift distribution, and journey, for bettering their experience with Star Cement.

Star Stellar App

Facilitating loyalty programme for 2,000+ engineers for facilitating their journey & experience with Star Cement.

Sales Force Automation App

Sales Force Automation app helps to track attendance, and automate various field activities for 400+ users across Sales, Branding and Technical Teams.

Star Cement Customer Portal

A unique OTP-based web interface for dealers that allows them to view and download unpaid invoices, ledgers, debit notes, and credit notes.

Systems, Applications & Products in Data Processing (SAP)

Initiative has been taken for the implementation of SAP to lead to higher operational efficiency and an overall enhanced performance which is expected to be implemented by the 2nd quarter of FY 22-23.

Digital Displays

Digital displays aid in the creation of very attractive in-store branding and have been successfully implemented at a few top dealer counters, increasing brand visibility and providing dealers with exclusive digital footprints, while also disseminating important brand information, scheme updates, offers, and industry and construction news.

Revamped Star Cement Website

The year also saw the launch of the revamped website of Star Cement – www.starcement.co.in – which is comprehensive and user-friendly with more enriched content that answers all queries of visitors. The site is dynamic, informative and easy access to more information for engineers, architects and home builders. The website also provides an option for quicker searches, to find the nearest dealers and to locate them live on Google map and make it very easy to navigate.

Our Agility, Reflected in Our Financial Performance

After witnessing a dampened demand in the first, second and the initial period of third quarter of FY 21-22, we saw a boost in the North-East market in the fourth quarter. This helped us position ourselves in a better financial standpoint by the end of FY 21-22. During the year, we registered a total sales volume of 3.4 Mn tonnes in FY 21-22 and are further planning to grow our sales volume by 4 Mn tonnes in FY 22-23.

Accelerating Conservation, Reducing Our Environmental Footprint

As a responsible corporate citizen, we endeavour to ensure a substantial contribution to fostering sustainable growth and reducing climate change. To this end, we have deployed strict measures to guarantee that we manufacture sustainably through responsible resource allocation, energy-saving measures, effective waste management, and the use of carbon-reducing technologies. We have stepped up our efforts to reduce our carbon impact. By investing in cutting-edge products and production methods, we consciously support efforts to address climate change.

We are investing around ₹150 Crore for a 12 MW WHR plant in Meghalaya. We have also started using biomass to reduce our conventional fuel usage. Lowering CO₂ remains one of our prime focuses when it comes to environmental protection. We are developing a green belt in the surrounding areas of our plant with evergreen saplings. Moreover, we have installed equipment to control pollution, including ESP, RABH, and bag filters, along with online dust and gaseous monitoring equipment in associated stacks to monitor and control our particle emissions in the air.

Accelerating Better Returns by Addressing Our Stakeholders

We have established a strong bond with our stakeholders and respond to their long-term and shifting demands. We continually communicate our business decisions, activities, and performance to our stakeholders and collaborate on providing long-term solutions to our business difficulties, thanks to excellent stakeholder connections. We've developed a strategy for engagement that ensures relevant information is communicated to each stakeholder group consistently and promptly.

Accelerating Our Reach by Nourishing Our Brand

At Star Cement, we think there is more to doing business than merely selling commodities. By utilising the power of marketing, we have implemented a complete 360-degree strategy to promote our brand and raise the appropriate awareness. As a result, we continuously invest in creating and growing a brand to increase customer brand equity and memory. So far, we have invested around ₹300 Crore in the advertisement in the last decade.

Strengthening the Brand 'Star'

All through these years, Star Cement has established a solid presence in the market. As the top cement brand in the North-Eastern region and one of the most popular cement brands in West Bengal & Bihar, we have been seeing steady growth. Generating demand and boosting brand confidence has helped us strengthen our brand identity.

Enhancing Brand Visibility

We engaged Akshay Kumar, one of the biggest names in Bollywood, to be the brand ambassador for Star Cement as a part of our brand promotion campaign. Mr. Akshay Kumar, one of the most recognisable figures in the country, exemplifies the Company's unwavering commitment and readiness for all potential obstacles. Other known celebrities like Bipasha Basu, Hima Das, Debojit Saha, Saurabhee Debbarma, Lou Majaw, Mami Varte, Late Bhupen Hazarika, Pranjal Saikia, and Simanta Sekhar have also endorsed our brand in the past.

Other Marketing Initiatives

To reach the deeper pockets of the Eastern region, we have been actively extending our presence in the markets of West Bengal and Bihar. Thereby, enhancing the presence and visibility of our brand.

Our marketing campaigns include:

- Establishing the brand in the West Bengal and Bihar markets, aggressively and creatively
- Creating unconventional marketing strategies to boost brand recognition and market perception through communication and media

'Hain Tayyar Hum' Campaign

During the year, Akshay Kumar, one of the top stars in Bollywood, served as the brand ambassador for Star Cement's television commercial. Being associated with Akshay Kumar as the brand ambassador improved brand perceptions and increased the saliency of Star Cement as a brand.

The brand campaign has the key message of highest one day strength which makes Star Cement ready for all challenges depicted with the tagline 'Hain Tayyar Hum'. The television advertisement can be seen on all of the major regional news stations in the North East, West Bengal, Sikkim, and Bihar. In addition to traditional media, the commercial has a heavily BTL presence in these regions through surrogate boards, hoardings, wall painting, and dealer/retailer branding. Making the campaign visible across 360 degrees in multiple mediums.

DIVIDEND

The Board of Directors of your Company, after considering holistically the requirement of funds for Company's upcoming project at Lumshnong and Sonapur Plant and the relevant circumstances has decided that it would be prudent, not to recommend any Final Dividend for the Financial Year 21-22 (Previous year NIL).

INDIAN ECONOMY AND OUTLOOK – AT A GLANCE

After struggling with Covid for consecutive two years, when the world economy was poised for recovery Russia-Ukraine conflict has rattled the world and clouds for uncertainty again covered the global economy. Due to outbreak of war crude oil prices rising day to day and the war has pushed up prices of gas, edible oil, metals and food crops etc. The share of Russia in India's total trade is 1%, however indirect impact of war through market is huge. Inflation has reached a record high and the manufacturerers have started increasing prices and passing on higher input cost to the consumers. The cost of coal reached to a new height which has a direct bearing on fuel cost. The higher oil prices will lead to current account deficiency. The impact of war on Indian economy will be seen in this fiscal and it will be very challenging to overcome from the current scenario.

After contraction of economy in FY 20-21, Indian GDP recorded a growth @ 8.7%. Private sector investment is likely to increase to support recovery of economy.

The Government's revenue receipt has been increased considerably. GST collection has been reached at record high. Gross tax revenue has also been increased. Overall impact of economic development reflects in controlling budget deficit. There has been increase of Govt. debt due to support system provided to the poor class people for covid -19, but with the sign of recovery of the economy the same is expected to decline.

The Government of India has taken certain initiatives to improve economic stability of the country.

The Union Budget FY 22-23 prioritised four wings like PM Gati Shakti, Inclusive development, Productivity enhancement and financing of investment by which capital expenditure is expected to rise by 27%. The increased Government expenditures will attract private investment. Under Atma Nirbhar Bharat production linked incentive scheme will extend to 14 sectors. The Government to invest in PLI scheme for domestic solar cells of ₹ 24,000 Crore. The Government announced allocation of ₹ 44,720 Crore to BSNL as capital investment for 4G spectrum. The Government initiative under PLI scheme for manufacturing advanced chemistry cell batteries which would attract domestic and foreign investments worth ₹ 45,000 Crore. There will be investment of ₹ 2.38 lakh Crore in Indian Railways. To boost competitiveness the Government decided to revamp SEZ.

The macro economic stability of the country indicates that country is prepared to meet the challenges for FY 22-23. Country's large foreign exchange reserve, on going foreign investment and expanding exports revenue will progress the country towards development.

CEMENT INDUSTRY OVERVIEW

India is the second largest producer of cement in the world. Country has a lot of potential for development in cement sector. The infrastructure and construction sector are the major contributors for development of the sector. In view of deregulation, the sector had attracted huge investment from within the country and abroad.

Country's cement industry promises huge potential for growth. Country's cement production capacity stood at 545 MT. p.a. and currently producing 294 Mn tonnes (MT.) in F.Y. 2021. The Indian cement industry is likely to add ~80 Mn tonnes (MT) capacity by FY24, the highest since the last 10 years. Cement demand to register a CAGR of 8% between FY21-24 through infrastructure investments and healthy housing demand. Per-capita income and per capita cement consumption of the eastern and central regions are well below Pan-India numbers and thus provides huge scope for potential growth.

East India demand is expected to grow by 28% with a CAGR of 9% by FY 25-26. West Bengal and Bihar is the strongest cement consuming state in the eastern-region accounts with more than one-fourth of the region's total demand at ~22 Mn tonnes and 18 Mn tonnes respectively. Cement demand in West Bengal and Bihar has also grown in the last five years with the help of central government's housing for all as well as rapid infrastructure development in rural and urban sectors.

In order to help the industry, the Government of India has taken various initiatives which will likely to boost cement demand in the country. The Union Budget allocated ₹ 13,750 Crore for Urban Rejuvenation Mission like AMRUT and Smart Cities Mission and Swachh Bharat Mission. Under the

housing for all segment, 8 Mn households will be identified according to the Budget FY 22-23 with ₹ 48,000 Crore set aside for PM Awas Yojana.

NHAI plans to construct 25,000 kilometres of national highways in FY 22-23 at a pace of 50 km per day. As per the Union Budget FY 22-23, the government approved an outlay of ₹ 1,99,107 Crore for the Ministry of Road Transport and Highways. The Government of India has allocated ₹ 111 lakh Crore under the National Infrastructure Pipeline for FY 19-25. The roads sector is likely to account for 18% capital expenditure over FY 19-25.

Under Phase-I of Bharatmala Pariyojana, the Ministry has approved implementation of 34,800 km of national highways in 5 years with an outlay of ₹ 5,35,000 Crore. Under this scheme, 22 Greenfield projects (8,000 kms length) are being constructed; this is worth ₹ 3.26 lakh Crore.

Prime Minister also launched the 'PM Gati Shakti - National Master Plan (NMP)' for multimodal connectivity. Gati Shakti will bring synergy to create a world-class, seamless multimodal transport network in India. This will boost the demand for cement in the future.

In order to boost up demand of cement industry Government plans to spend ₹ 1.97 lakh Crore in next 5 years for PLI schemes in 13 Sectors.

In view of increasing demand in various sectors such as housing, commercial construction and industrial construction, Country's cement industry is expected to reach 420 Mn tonnes per annum (MTPA) by FY 2027. Eastern states are likely to contribute for the development of the region as their untapped markets are likely to be explored.

EAST & NORTHEAST SCENARIO - GATEWAY OF OPPORTUNITIES

The Government of India has initiated in various fronts for overall development of North Eastern Region of the country. On a range of indicators, the rate of development now a days is on the rise, with notable improvements in health, education, infrastructure development and industrialisation which contributed in development of socio economic standard of the Region.

As per Budget FY 22-23, Centre will fund infrastructure improvement and social development projects in North East Region which will create job opportunities and help improvement in employment sector in the Region. A new scheme PM-DIVINE will be implemented which will fund infrastructure and social development.

On the initiatives of the Prime Minister, Ministry of Road Transport and Highways has taken up an ambitious Special Accelerated Road Development Programme (SARDP-NE) for development of road network in the north eastern States of the Country. The Total Length identified under SARDP-

NE is 892.822 Km. There are 4(four) Numbers of projects with a total length of 263.364 km amounting to ₹ 1994.90 cr to be Implemented by National Highways Infrastructure Development Corporation Limited (N.H.I.D.C.L.).

As per the Union Budget 2022, a new scheme, Prime Minister's Development Initiative for NorthEast, PM-DevINE, will be implemented through the North-Eastern Council. It will fund infrastructure, in the spirit of PM GatiShakti, and social development projects based on felt needs of the North-East. This will enable livelihood activities for youth and women, filling the gaps in various sectors. An initial allocation of Rs 1,500 Crore will be made.

Under PM-DEVINE construction of Aizal By-pass will be made at a cost of ₹ 500 Crore, a pilot projects have been undertaken for construction of bamboo linked road at different locations in Mozoram at a cost of ₹ 100 Crore.

During Covid, Oxygen plant was set up in Arunachal Pradesh and ₹ 250 Crore was sanctioned for health care facilities in North East Region.

Gross Budget Allocation for Northeast Frontier Railway (NFR) is ₹ 11,428.86 Crore. Budget Allotment for the FY 22-23 for the North-eastern States is 44% more than previous year's allotment (₹ 6,913 Crore) and 370% more than the average of FY 09-14 allotment. As per policy of the Indian Railways work for 100% electrification of NFR routes are also going on which will boost the economy of North Eastern states and it will bring N.F. Railway at par with other Electrified Railway. Electrification work is already complete in 766 RKM in NFR and work is going on in 210 RKM section in NFR which is likely to be completed by FY'22. Work in remaining 3216 RKM is planned to be completed by March, 2024. This will impart efficient, pollution free transportation needs of N. E. States.

Under the North East Special Infrastructure Development Scheme (NESIDS), since 1st January, 2021, 30 projects worth ₹ 413.63 Crore have been sanctioned in various North Eastern States under North East Special Infrastructure Development Scheme (NESIDS), which include 17 health projects worth ₹ 231.19 Crore sanctioned for strengthening health infrastructure of NE States and combating outbreak of COVID-19.

Development of new Greenfield Airports at Holongi and Tezu in Arunachal Pradesh; Dibrugarh, Guwahati and Silchar Airports in Assam; Imphal Airport in Manipur; Barapani Airport in Meghalaya and Agartala Airport in Tripura, etc are ongoing projects in the NER.

As per Union Budget, West Bengal awarded high way project for ₹ 25,000 Crore. The Government of West Bengal facilitating road connectivity across the State. In the State budget, the Government allocated ₹ 4,546 Crore for development of roads and bridges. As per report of IBEF, in November 2020, the World Bank approved a USD 105 Mn project to improve

inland water transport infrastructure in Kolkata. In December 2020, the State government approved construction of a deep sea port in Tajpur, which will be built for ₹ 15,000 Crore (USD 2,028 Mn)

Implementation of aforesaid projects and initiatives of the Government will contribute in all round development in NER which will pool cement demand and lead to increase in per capita consumption of cement and would help the Company to increase its market share in the Region.

MARKET DEVELOPMENT

As a strategy, the North East Market continued to be the focus market for your Company. Cement demand was good throughout the year. Demand increased by 17% in NER against an all India average of 8%.

During the year under review your Company was able to sell 25,45,545 MT. of cement in NER market as against 21,07,800 MT. during the FY 20-21. During the year under review, around 20% of the total Cement demand in NER was catered to by the industry through imports from other regions including Bangladesh and Bhutan.

Overall Cement Sales accounted for 3.4 Mn Tonnes in FY 21-22 as against 2.64 Mn Tonnes in FY 20-21.

In order to meet the clinker demand for the Siliguri Plant, during the year your Company has not made any export of clinker. (Previous year 46,526 MT.).

As a market leader in NER your Company has further consolidated dealers and sub dealer's network. Currently your Company is associated with 2,100 dealers and 12,000 sub dealers. The Company has introduced a mobile application for dealers for payments, order booking, printouts of invoices and ledgers. This initiative is helping dealers in timely submission of GST returns.

During the year Star Cement Limited continued with the Brand Television Commercial with Akshay Kumar as brand Ambassador, one of the biggest Stars of Bollywood. Association of Akshay Kumar being the brand ambassador caused an uplift on the brand perceptions and has had a positive impact on the saliency of Star Cement as a brand.

The Brand Campaign has the key message of highest one day strength which makes Star Cement ready for all challenges depicted with the tagline "Hain Tayyar Hum". The TV commercial is being seen across all major regional news channels in North East, West Bengal, Sikkim & Bihar. The commercial also have presence in the Digital medium and a heavy BTL presence through Surrogate boards, Hoardings, Wall Painting & Dealer/Retailer branding across North East, West Bengal, Sikkim & Bihar. The campaign hence has visible across 360 degrees in multiple mediums.

PRODUCTION AND COST DEVELOPMENTS

Fly Ash

Your Company focused upon increase in production of Portland Pozzolana Cement (PPC). As a result we could consume higher quantity of Fly Ash which is otherwise an environment hazard. In the process we could consume 9,30,501 MT of Fly Ash which is 30% higher as compared to FY'21.

In order to bring down the cost of Fly Ash, various cost saving initiatives were taken throughout the year. All Fly Ash transportation through rakes were done through BOXN resulting in lower freight cost. We also established new partnerships with new sources Hindalco at Krishnashila & Odisha Power at Jharsuguda leading to sustained material availability and cost efficiency.

Logistics & Freight

The first quarter of the year marred by COVID disruptions which impacted the complete supply chain. Diesel prices reached to historical highs during the month of Nov'21 which resulted in increased pressure on freight cost. The freight cost in NE was also majorly impacted due to Overload restriction in Assam and recurrence of bridge damage in Meghalaya.

Your Company steered through these challenges to ensure that supplies to Market are ensured while keeping the cost in control. FY'22 saw our Siliguri plant operated in full-fledged throughout the year which ensured the market are served with reduced Order to Delivery Time and increase market penetration. The year also saw cement dispatches through rake at 2.8 Lakh MT which was 48% higher as compared to FY'21 to mitigate the impact of high road logistics cost. Logistics Cost efficiency was further improved through sustained efforts of key initiatives such as month e auction, PTPK outlier, Wheeler & Segment wise freight implementation. Construction of rake siding through PPP mode at SGU is towards completion and expected to commission by May'22.

With Siliguri Plant & Other key Initiatives implemented, Wtd. Avg. Freight cost reduced to ₹ 979 Per MT. (YTD Feb'22) from ₹ 1,140 per MT. recorded in previous year. Wtd. Avg. Lead distance reduced to 221 KM from 258 KM recorded in the year before.

Your Company has always focused on giving best Logistics service to the consumers at the most economical costs. Various efforts were taken up to improve on Service Levels towards which additional 14 SOW's were opened across NE, West Bengal & Bihar. 190 no. of 16 Wheelers trucks were also inducted in our organisation for continuous movement of Raw material and to reduce impact of market fleet fluctuations. Warehouse optimisation continued across the year for better servicing the customers resulting in increased customer satisfaction.

Your Company received Prestigious "CII SCALE Award" for Excellence in Supply Chain Management 3rd time in Row.

Power cost

Meghalaya Power Limited continues to be a wholly owned subsidiary of the Company. During the year under review too, your Company continued to source its power requirement for its Lumshnong unit from its wholly owned subsidiary M/s. Meghalaya Power Limited under long term arrangement for supply of quality power at competitive rates and thus, has been able to reduce dependency on State utility/grid power. Cost of coal has a direct bearing on fuel cost. In view of increasing fuel cost due to increase in price of coal and to optimise the power cost and to reduce dependency on State utility /grid power, your Company has been able to source its power requirement of its Grinding Unit at Guwahati and integrated cement plant at Lumshnong from Indian Energy Exchange (IEX). The blend of sourcing has not only reduced power cost for your Company but also its quality and dependability.

Coal availability from local sources remained constrained. Sourcing of Coal was done majorly from Coal India Limited (CIL) and Imported Coal from South Africa. We successfully participated in auction of CIL & procured FSA of 1.26 lakh MT/ annum. The Company also procured good quantity of Coal supplies on spot auctions from CIL during the year, keeping the overall cost in control.

KEY PERFORMANCE HIGHLIGHTS

- Consolidated cement production was at ₹ 34.06 Lakhs MT during the year as against 26.36 Lac MT during the previous financial year.
- Consolidated net sales at ₹ 2218.74 Crore during the year under review as compared to ₹ 1,748.15 Crore during the financial year 20-21.
- Consolidated EBIDTA was at ₹ 378.62 Crore during the year under review as compared to ₹ 296.25 Crore during the immediate previous financial year after exceptional items.
- Consolidated profit before tax during the year FY 21-22 was at ₹ 243.65 Crore as against a profit of ₹ 199.26 Crore in the year FY 20-21.
- Consolidated Exceptional items during the year was NIL as against ₹ 64.57 Crore recorded in previous year

OPPORTUNITIES & THREATS, RISKS AND CONCERNS

Marketing strength of Star Cement lies on strong dealers network. Locational advantages helped to procure raw materials at affordable prices. Company's aggressive marketing strategies and strong branding network also contributed to establish its position as the market leader in the region. Company's new Siliguri plant will also contribute to expand the market in eastern region of the county.

Company's dependence on domestic market and business concentration on regional market for a longer period of

time may adversely affect the growth of the Company. Environmental impact and other force majeure events may affect the operations of the Company. A less than optimal demand growth in the region may lower revenues of the Company.

Government's various initiatives like Make in India, Housing for all, development of Ports, Roads and Highways, dam & irrigation project, National Highway Development programme, Bharat Nirman Yojana, dedicated Freight Corridors, Gauge conversion Projects undertaken by Railways, development in the area of alternative source of energy viz. Hydro and Solar Power and other infrastructure projects is expected to boost Cement and Power Demand of the country. Government's special drive for development of the North Eastern Region will also help the sustained development of the industry.

Various positive moves on the policy front, in areas related to ease of doing business, promoting start-ups, rationalising the tax structure, administration, and opening up more areas for foreign investment through the automatic route will also increase the demand of cement and power.

Competition in the cement industry is very high apart from the large players there are also small players in the market. Competition from the foreign players may lead to tougher competition to the domestic players. This allows limited market share in the industry. Constant increase in fuel costs leads to high transportation cost. Availability of coal at a affordable cost became a constraint factor. In order to tackle the situation your Company optimally utilising its reserved coal and entering Fuel Supply Agreement with various suppliers. Cement Industry is highly fragmented and it is also highly regionalised, transportation of low volume of cement over long distances become uneconomical.

Cement and power industry being majorly dependent upon availability of raw materials at affordable cost. Policies of the Government as well as Central and State Laws may

adversely affect the availability of lime stone, coal etc. Any major changes in Government's Environmental and Forest regulations may affect limestone and coal availability to cement plants. However, your Company is sourcing raw materials from alternate sources so that raw materials availability risks is mitigated. Company's vast dealer's network across the States also help to mitigate the risk.

Your Company has evolved a risk management framework to identify, assess and mitigate the key risk factors of the business. The Board of Directors of the Company is kept informed about the risk management of the Company. The Board of Directors have formed a Risk Management Committee inter alia, to oversee the risk assessing and mitigation process of the Company and advice the management in this regard.

SHARE CAPITAL

The paid up Equity Share Capital of the Company as on 31st March, 2022 was ₹ 40,41,80,417 divided into 40,41,80,417 equity shares of ₹ 1 each. Human resources at Star Cement is responsible for a productive and thriving workforce that is engaged and motivated. HR ensures that employees feel safe, valued and properly supported to unleash their full potential and contribute towards achievement of Company's overall goals and vision.

The year 20-21 saw the outbreak of COVID 19 Pandemic and organisations were affected globally and were forced to change their strategies to survive through the Pandemic. At Star Cement, HR was extremely proactive in managing the crisis and ensuring the safety and wellbeing of its employees. With the beginning of the new Financial Year 21-22, the COVID-19 pandemic was far from over, but there was the light at the end of the tunnel as more and more people got vaccinated and HR helped in organising free vaccinations camps for employees across locations.

With the objective of creating new benchmarks in adherence to Safety standards and have Quick Response Team in case of fire exigencies and accidents, a series of Fire Safety and First Aid Certification Training Programs were conducted at Lumshnong, Sonapur and Siliguri Plants.

Talent acquisition strategy and processes were re-looked at. In order to attract best talent, employer branding was focused on, wherein innovative ways of using social media were explored. In these challenging times, HR was successful in getting on board the required Manpower at the newly commissioned Siliguri Grinding Unit.

Towards making the organisation more progressive and future looking, HR proactively and systematically reviewed existing policies and accordingly revised them in accordance with the industry standards and employee needs.

Group Mediclaim Policy gives financial security for self and family members against any medical emergency. HR worked in evaluating and designing most appropriate GMC policy for the employees of Star Cement which has been implemented from May, 2022.

With the focus on performance and productivity, the Performance Management System (PMS) has been revamped. People Development goals have been introduced to create a culture of employee development and feedback. The Performance Linked Incentive (PLI) is made sharper and simpler.

Over the last few months, HR has taken some significant steps towards making the HR function futuristic by way of structural, systemic improvements and changes. A major milestone has been the tax friendly salary re-structuring, followed by the standardisation of salary structures across locations leading to equity, simplicity and greater visibility.

Industrial Relations have been effective with several interventions & good practices. During the year gone by, there has not been any material changes in human resources and industrial relations as proactively employee welfare related aspects were addressed and taken care of.

AWARDS AND ACCOLADES

During the year under review, your Company was felicitated with the prestigious SCALE 2020 (Supply Chain and Logistics Excellence) award by the Confederation of Indian Industry (CII) for outstanding achievement in the cement category—driving innovation and transformation consistently for the second consecutive year.

Separate Meeting of Independent Directors

As stipulated by the Code for Independent Directors under the Companies Act, 2013, a separate meeting of the Independent Directors of the Company was held on 25th March, 2022 to review the performance of Non-Independent Directors (including the Chairman) and the Board as a whole. The Independent Directors also reviewed the quality, content and timeliness of the flow of information between the Management and the Board and Committees, which is necessary to effectively and reasonably perform and discharge their duties.

Induction and Familiarisation Program for Directors

As per the Listing Regulations, the Company shall provide suitable training to the Directors to familiarise them with the Company, nature of the industry in which the Company operates etc. The members of the Board of Directors are well acquainted with the industry and are provided necessary reports, documents and other presentations including interactive session with the Chairman, CEO and other heads of the Company. Efforts are made to familiarise the Directors about their roles, rights, and responsibilities. The Directors are regularly updated on the changes in policies, laws and regulations and other developments in the business. The details of the Director's induction and familiarisation are available on the Company's website at <https://www.starcement.co.in/upload/images/files/Familiarization-Programme.pdf>

Performance Evaluation

Pursuant to the provisions of the Companies Act, the Board has carried out the annual performance evaluation of its own performance, as well as the evaluation of the working of its Committees. A structured questionnaire for evaluation was prepared after taking into consideration inputs received from the Directors, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its Committees, Board culture, execution and

performance of specific duties, obligations and governance.

A separate exercise was carried out to evaluate the performance of individual Directors on parameters such as attendance, contribution and independent judgment. The performance evaluation of the Chairman and the Non-Independent Directors and Board as a whole was also carried out by the Independent Directors.

The results of the Evaluation were shared with the Board, Chairman of respective Committees and individual Directors. The Directors expressed their satisfaction over the evaluation process.

Resume of Directors proposed to be re-appointed/appointed

STANDALONE FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Members of Star Cement Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Standalone Financial Statements of Star Cement Limited ("the Company"), which comprise the Standalone Balance Sheet as at 31st March, 2022, the Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year then ended and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the standalone state of affairs of the Company as at 31st March, 2022 the standalone profit and other comprehensive income, standalone changes in equity and its standalone cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the Standalone Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the relevant provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Standalone Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current period. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT (Contd.)

We have determined the matters described below to be the key audit matters to be communicated in our report:

S. No.	Key Audit Matters	Auditor's Response
1	<p>Revenue Recognition (Refer Note no.31 to the Standalone Financial Statements and Note no. 1.20 (A) of the significant accounting policies of the Standalone Financial Statements)</p> <p>Revenue is recognised when the control of the underlying products has been transferred to customer along with the satisfaction of the Company's performance obligation under a contract with customer.</p> <p>The Company focuses on revenue as a key performance measure which could create an incentive for revenue to be recognised before completion of the performance obligation.</p> <p>Revenue is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.</p> <p>Due to the Company's presence across different marketing regions within the country and the competitive business environment, the estimation of the various types of discounts and incentive schemes to be recognised based on sales made during the year is material and considered to be complex and judgmental. There is a risk of revenue being affected as a result of variations in assessment of discounts, incentives and rebates recognised on sales.</p> <p>There is a significant risk of misstatement due to risk related to inappropriate recognition of the revenue as a result of faulty estimations over discounts, incentives, and rebates and hence this was determined to be a key audit matter in our audit of the Standalone Financial Statements.</p>	<p>Our principal audit procedures to assess the appropriateness of revenue recognized included:</p> <ul style="list-style-type: none"> - Obtaining an understanding of and assessing the design, implementation and operating effectiveness of the Company's key internal controls over the revenue recognition process. - Assessing the appropriateness of the Company's accounting policies relating to discounts, incentives, rebates, etc. by comparing with Ind AS 115. - Obtaining and inspecting, on a sample basis, supporting documentation for discounts, incentives and rebates recorded and disbursed during the year as well as credit notes issued after the year end to determine whether these were recorded appropriately. - Examination of significant contracts entered into close to year end to ensure revenue recognition is made in the correct period. - Obtaining management's calculations for discounts, incentives and rebates accruals under applicable schemes on a sample basis and comparing the accruals made with the approved schemes. - Comparing the historical trend of payments and reversal of discounts, incentives and rebates to provisions made to determine the appropriateness of current year provisions. - Examining manual journals posted to discounts, rebates and incentives to identify unusual or irregular items. <p>Our testing as described above showed that revenue, discount, incentive and rebates have been recorded in accordance with the terms of applicable contracts and accounting policy in this area.</p>
2	<p>Related Party Transactions (Refer Note no.50 to the Standalone Financial Statements)</p> <p>The Company operates within a conglomerate of group entities. The subsidiaries operate in the same line of business as the Company. These group companies operate in the same sector and have significant transactions amongst themselves during the year.</p> <p>We identified the accuracy and completeness of disclosure of related party transactions as set out in respective notes to the Standalone Financial Statements as a key audit matter due to:</p> <ul style="list-style-type: none"> • the significance of transactions with related parties during the year ended 31st March, 2022 necessitated to be at arm's length, significant cash flow between parties, inter-company contracts and common management amongst other things. • the fact that Related party transactions are subject to the compliance requirement under the Companies Act 2013 and SEBI (LODR) 2015. 	<p>Our principal audit procedures in relation to the evaluation and disclosure of related party transactions included:</p> <ul style="list-style-type: none"> - Obtaining an understanding of the Company's policies and procedures in respect of the capturing of related party transactions and how management ensures all transactions and balances with related parties have been disclosed in the Standalone Financial Statements. - Obtaining an understanding of the Company's policies and procedures in respect of evaluating arms-length pricing and approval process by the audit committee and the board of directors. - Assessing management evaluation of compliance with the provisions of Section 177 and Section 188 of the Act and SEBI (LODR) 2015. - Evaluating the disclosures through reading of statutory information, books and records and other documents obtained during the course of our audit. <p>Our examination has showed that the Related Party Transactions have been evaluated and disclosed appropriately.</p>

INDEPENDENT AUDITORS' REPORT (Contd.)

S. No.	Key Audit Matters	Auditor's Response
3	<p>Income Tax Provisions: (Refer Note no.30, 40 and 48 to the Standalone Financial Statements and Note no. 1.22 of the significant accounting policies of the Standalone Financial Statements)</p> <p>This matter has been identified as a Key Audit Matter due to the significant level of management judgement required in the estimation of provision for income taxes including any write-back of provisions, due to the following factors:</p> <ul style="list-style-type: none"> • The Company operates in a complex tax jurisdiction and is subject to periodic challenges by tax authorities on various matters relating to claims for tax exemptions / deductions. • The determination of provision for income tax and deferred taxes involve significant judgement in determining the possible outcome of uncertain tax positions and interpretation of various rules and laws. 	<p>Our principal audit procedures to assess the appropriateness of income tax provisions made included:</p> <ul style="list-style-type: none"> - Analyzing the current and deferred tax calculations for compliance with the relevant tax legislation - Evaluating management's assessment of the estimated manner in which the timing differences, including the recoverability of the deferred tax assets, would be realized by comparing this to evidence obtained in respect of other areas of the audit, including cash flow forecasts, business plans, minutes of directors' meetings, etc. - Understanding processes, evaluation of design and implementation of controls and testing of operating effectiveness of the Company's controls over provision for taxation, assessment of uncertain tax positions and disclosure of contingencies. - Discussing with appropriate senior management personnel, independently assessing management's estimate of the possible outcome of the disputed cases by involving our tax specialists; and evaluating the management's underlying key assumptions in estimating the tax provisions. - Obtaining details of completed tax assessments and demands as of 31st March, 2022 from the management. - Considering legal precedence and other rulings in evaluating management's positions on these uncertain tax positions and the provisions made. - Assessing the adequacy of the Company's disclosures for income taxes in the Standalone Financial Statements. <p>Our examination has showed that the provisions and disclosures are adequate.</p>
4	<p>Litigation, Claims and Contingent Liabilities (Refer Note no. 48 to the Standalone Financial Statements and Note no. 1.24 of the significant accounting policies of the Standalone Financial Statements)</p> <p>The Company operates in various states within India and is exposed to different Central and State/Local laws, regulations and interpretations thereof. In this regulatory environment, there is an inherent risk of litigations and claims.</p> <p>Consequently, provisions and contingent liability disclosures may arise from indirect tax proceedings, legal proceedings, including regulatory and other government/department proceedings, as well as investigations by authorities and commercial claims.</p> <p>The Company applies significant judgement in estimating the likelihood of the future outcome in each case and in determining the provisions or disclosures required for each matter. These estimates could change significantly over time as new facts emerge and each legal case progresses.</p> <p>The Company is involved in legal proceedings on disputed tax demands. The Company's management has assessed that the probability of success of the demand is remote and accordingly has not provided for the disputed demands.</p> <p>This has been considered a key audit matter in view of the uncertain outcome of the litigations and involvement of significant management judgement in assessing the probability of outflow of economic resources.</p>	<p>Our principal audit procedures to assess the appropriateness of provisions and adequacy of disclosures included:</p> <ul style="list-style-type: none"> - Reviewing the outstanding litigations against the Company for consistency with the previous years. Enquiring and obtaining explanations for movement during the year. - Reading the latest correspondence between the Company and the various tax/legal authorities - Discussing the status of significant litigation with the Company's in-house Legal Counsel and other senior management personnel and assessing their responses. - On sample basis, examining the Company's legal expenses and reading the minutes of the board meetings, in order to ensure all cases have been identified. - With respect to tax matters, discussing with the Company's tax officers, their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws. - For those matters where management concluded that no provisions should be recorded, considering the adequacy and completeness of the Company's disclosures with regard to facts and circumstances of the legal and litigation matters <p>On the basis of the above procedures performed, we considered the management's assessment in respect of contingencies and provision for taxes and other litigations and claims to be reasonable and disclosures to be appropriate.</p>

INDEPENDENT AUDITORS' REPORT (Contd.)

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexures to Board's Report, Management Discussion & Analysis, Business Responsibility Report and Report on Corporate Governance, but does not include the Standalone Financial Statements and our auditor's report thereon.

Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of the Standalone Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls with reference to financial statements that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the

going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease

INDEPENDENT AUDITORS' REPORT (Contd.)

to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by 'the Companies (Auditor's Report) Order, 2020 ('the Order'), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure A to the Independent Auditor's Report

(Referred to under the heading "Report on Other Legal and Regulatory Requirements" in Paragraph 1 of our Independent Auditors' Report of even date)

- i. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified at reasonable intervals of time. In accordance with this programme, certain property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties (other than immovable properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in the Standalone Financial Statements are held in the name of the Company as at the balance sheet date.
- (d) The Company has not revalued its Property, Plant and Equipment (including right-of-use assets) or intangible assets or both during the year. Accordingly, reporting under clause 3(i)(d) of the order is not applicable to the Company.
- (e) Based on the information and explanations furnished to us, no proceedings have been initiated on or are pending against the Company for holding benami property under the Prohibition of Benami Property Transactions Act, 1988 (as amended in 2016)(formerly the Benami Transactions (Prohibition) Act, 1988 (45 of 1988)) and Rules made there under, and therefore the question of our commenting on whether the Company has appropriately disclosed the details in its Standalone Financial Statements does not arise.
- ii. (a) The inventory, except goods-in-transit, has been physically verified by the management during the year. With respect to goods-in-transit, subsequent evidence of receipts has been linked with inventory records. In our opinion, the frequency of such verification is reasonable and procedures and coverage as followed by the management were appropriate. No discrepancies were noticed on verification between the physical stocks and the book records that were more than 10% in the aggregate of each class of inventory.
- (b) The Company has not been sanctioned any working capital facility from financial institutions. The Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year from banks on the basis of security of current assets. In our opinion and according to the information and explanations given to us, the quarterly returns or statements comprising stock and book debt statements, filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters other than those as set out below:

Name of Bank	Aggregate working capital limits sanctioned (₹ in lakhs)	Nature of Current Asset offered as Security	Quarter Ended	Amount Disclosed as per Quarterly Return (₹ In Lakhs)	Amount as per books of account (Rs. In Lakhs)	Difference	Reason for Difference
SBI and Consortium of Banks	10,000	Refer Note Below	June 2021	16,480.04	20,426.78	(3,946.73)	Certain debtors such as those who have outstanding balances of more than 90 days and inter company balances are eliminated while filing bank return.

Name of Bank	Aggregate working capital limits sanctioned (₹ in lakhs)	Nature of Current Asset offered as Security	Quarter Ended	Amount Disclosed as per Quarterly Return (₹ In Lakhs)	Amount as per books of account (Rs. In Lakhs)	Difference	Reason for Difference
	11,600	Refer Note Below	September 2021	23,228.34	29,879.41	(6,651.07)	
	11,600	Refer Note Below	December 2021	26,751.67	34,688.42	(7,936.76)	
	11,600	Refer Note Below	March 2022	22,086.89	22,505.94	(419.05)	

Note: Working capital facilities from banks are secured by pari passu first charge on current assets of the Company's cement grinding units and plants at various locations. A part of the working capital facility has also been guaranteed by some of the Directors of the Company.

iii. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not made any investments in or provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to firms, limited liability partnerships or any other parties during the year. The Company has made investments in companies and granted an unsecured loan to a company, in respect of which the requisite information is as below. The Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to other companies during the year.

(a) Based on the audit procedures carried on by us and as per the information and explanations given to us, the Company has not provided any loans to any other entity. However, the balance outstanding of the existing loan is as below:

Particulars	Loans (₹ in lakhs)
Aggregate amount during the year	
- Subsidiaries	-
- Joint Ventures	-
- Associates	-
- Others*	-

*The above amounts are included in Note no. 14 to the Standalone Financial Statements.

(b) According to the information and explanations

given to us and based on the audit procedures conducted by us, in our opinion the investments made and the terms and conditions of the grant of unsecured loans are, prima facie, not prejudicial to the interest of the Company.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of unsecured loan given, in our opinion the repayment of principal and payment of interest has been stipulated and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.

(d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of unsecured loan given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no loan granted falling due during the year, which has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to same parties. Further, the Company has not given any advances in the nature of loans to any party.

(f) Based on our audit procedures, according to the information and explanation made available to us, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year.

iv. According to the information and explanation given

- to us, the Company has not granted any loans, made investments or provided guarantees or securities in contravention of provisions of Section 185 of the Act. The Company has not made any guarantees or securities to the parties covered under Section 186 of the Act. In respect of loans and investments made by the Company, the provisions of Section 186 of the Act have been complied with.
- v. The Company has not accepted any deposits or amounts which are deemed to be deposits within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified. Accordingly, the reporting under Clause (v) of the Order is not applicable to the Company.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) In our opinion, the Company is generally regular in depositing the undisputed statutory dues, including Provident Fund, Employees' State Insurance, Income tax, Goods and Service tax, Custom Duty, Cess and other statutory dues, as applicable, with the appropriate authorities. There were no undisputed amounts payable in respect of the aforesaid statutory dues in arrears as at 31st March, 2022 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, the details of dues of Income Tax, Excise Duty, Royalty, VAT/GST/MEPRF on Coal and Cess not deposited by the Company on account of dispute are given below:

Annexure B to the Independent Auditor's Report

(Referred to under the heading "Report on Other Legal and Regulatory Requirements" in Paragraph 2(f) of our Independent Auditors' report of even date)

Report on the Internal Financial Controls with reference to the Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls with reference to the Standalone Financial Statements of Star Cement Limited ("the Company") as at 31st March, 2022, in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls with reference to Standalone Financial Statements

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to Standalone Financial Statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls

system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A Company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Standalone Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Standalone Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisation of the management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Standalone Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to Standalone Financial Statements, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation

of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at 31st March, 2022, based on the internal control over financial reporting criteria established

by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO STANDALONE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2022

CORPORATE INFORMATION

Star Cement Limited (formerly Cement Manufacturing Company Limited) ("the Company") is a public limited company domiciled in India and incorporated on 2nd November, 2001 as per the provisions of the Companies Act. The Company is engaged in the manufacturing and selling of Cement Clinker & Cement. The manufacturing units are located at Lumshnong, Meghalaya, Guwahati, Assam & Siliguri, West Bengal. The Company is selling its product across north eastern and eastern states of India.

1 SIGNIFICANT ACCOUNTING POLICIES

1.1 Basis of Preparation

(i) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015], amendments thereto, and other relevant provisions of the Act.

These standalone financial statements were approved for issue in accordance with the resolution of the Board of Directors on 17th May, 2022.

The accounting policies are consistently followed by the Company and changes in accounting policy are separately disclosed.

(ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Net defined benefit asset/liability which is Fair value of plan assets less present value of defined benefit obligations
- Certain financial assets and financial liabilities that are measured at fair value.

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) held primarily for the purpose of trading and other criteria set out in the Schedule III to the Act.

(iv) Rounding off amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

1.2 Use of Estimates

The preparation of financial statements is in conformity with Indian Accounting Standards (Ind AS) notified under the Companies (Indian

Accounting Standards) Rules, 2015 (as amended from time to time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013 which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of the financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period. Revisions in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are summarised below:

- i) Classification of legal matters and tax litigation
- ii) Defined benefit obligations
- iii) Useful life of property, plant and equipment
- iv) Leases Ind AS 116

1.3 Foreign Currency Transactions and Balances

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Company's standalone financial statements are presented in Indian

Rupees which is the Company's functional currency.

Transactions in foreign currencies entered into by the Company are accounted at the exchange rates prevailing on the date of the transactions. Exchange differences arising on settlement /restatement of short-term foreign currency monetary assets and liabilities of the Company are recognised as income or expenses in the Statement of Profit and Loss. All foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

The Company has adopted the provisions of para D13AA of Ind AS 101, "First- Time Adoption of Indian Accounting Standards" for recognising exchange differences for long-term foreign currency monetary items as on the date of Ind AS adoption, as per the provision of para 46A of AS-11, "The Effects of Changes in Foreign Exchange Rates". Accordingly, exchange differences arising on restatement/settlement of long-term foreign currency borrowings relating to acquisition of depreciable property, plant and equipment are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

1.4 Property, plant and equipment

Property, plant and equipment are stated at their cost of acquisition, installation or construction (net of any recoverable amount, wherever applicable) less accumulated depreciation, amortisation and impairment losses if any, except freehold land which is carried at cost. Cost comprises the purchase price, installation and attributable cost of bringing the asset to working condition for its intended use. Railway sidings the ownership of which vests with the Railway authorities are depreciated over five years.

Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced the Company depreciates them separately based on their specific useful lives. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred.

Capital Work In Progress

Capital work in progress is carried at cost and includes any directly attributable cost incurred during construction period.

Property, plant and equipment not ready for their intended use as on the balance sheet date are disclosed as "Capital work-in-progress". Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition/ construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets"

Expenditure during construction period

In case of new projects and substantial expansion of existing units, expenditure incurred including trial production expenses net of revenue earned, and attributable interest and financing costs, prior to commencement of commercial production/completion of project are capitalised.

Depreciation

Depreciation on Property, plant and equipment is provided on Written Down Value (WDV) method in accordance with the provisions of Schedule II to the Companies Act, 2013 and considering the useful lives for computing depreciation specified in Part 'C' thereof. Depreciation is provided on components that have homogenous useful lives by using the WDV method so as to depreciate the initial cost down to the residual value over the estimated useful lives. Office building is owned by the Company and is amortised using the straight- line method over the period of lease of land on which it is constructed. In respect of an asset for which impairment loss is recognised, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in circumstances.

1.5 Intangible Asset

An intangible asset is recognised when it is probable that the future economic benefits that are attributable to the

asset will flow to the Company and the cost of the asset can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life. Expenditure on purchased software and IT related expenditure is written off over a period of three years.

1.6 Research and Development Expenditure

Research expenditure is recognised as an expense when it is incurred. Development costs are capitalised only after the technical and commercial feasibility of the asset for sale or use has been established. Thereafter, all directly attributable expenditure incurred to prepare the asset for its intended use are recognised as the cost of such assets.

1.7 Lease-

As a Lessee:

The Company applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Company recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Company recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are initially measured at cost. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, an estimate of costs to be incurred in dismantling and removing or restoring the underlying asset and lease payments made at or before the commencement date less any lease incentives received. After the commencement date, the Right of use assets are measured applying the Cost model. They are subsequently measured at cost, less any accumulated depreciation, adjustments for any remeasurement of the lease liabilities and impairment losses. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Company uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease

liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. Operating lease payments are recognised as an income in the statement of profit and loss on a straight-line basis over the lease term, unless the receipt from lessee is structured to increase in line with expected general inflation and compensate for the lessor's expected inflation cost increase.

1.8 Government Grants and Subsidies

Government grants and subsidies are recognised when there is reasonable certainty that the same will be received. Revenue grants in the nature of recoupment/reimbursement of any particular item of expenses are recognised in the Statement of Profit and Loss as deduction from related item of expenditure. Grants related to assets which are recognised in the Balance Sheet as deferred income, are recognised to the Statement of Profit and Loss on a systematic basis over the useful life of the related assets by netting off with the related expense

1.9 Inventories

Raw materials, stores and spare parts, fuel and packing material:

Raw materials, stores and spares and fuel and packing material are valued at lower of cost and net realisable value. Cost includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not

available. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on weighted average basis.

Work-in-progress, finished goods and stock in trade:

Work-in-progress, finished goods and stock in trade are valued at lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of Stock-in-trade includes cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

1.10 Business combinations

Business combinations are accounted for using the acquisition method as at the date of the acquisition, which is the date at which control is transferred to the Company. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. The Company recognises non-controlling interest in the acquired entity either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

1.11 Investment in Subsidiaries

The Company's investments in its subsidiaries are carried at cost.

1.12 Investments and other financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of cash flows.

Measurement

At initial recognition, the Company measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments into the following categories:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collections of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

Equity instruments

The Company subsequently measures all equity investments (except subsidiary, associate and joint venture) at fair value through profit or loss. However, where the Company's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Impairment of financial assets

The Company measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset.

1.13 Trade receivables

Trade receivables are recognised initially at transaction price. Upon initial recognition of a receivable from a contract with a customer, any difference between the measurement of the receivable in accordance with Ind AS 109 and the corresponding amount of revenue recognised shall be presented as an expense. Subsequently, the trade receivables are measured at cost less expected credit losses. The Company calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience. The Company follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The loss allowance is measured at an amount equal to lifetime expected credit losses.

1.14 Cash and Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and demand deposits with banks and other short-term highly liquid investments/deposits that are readily convertible into cash which are subject to insignificant risk of changes in value with an original maturity of three months or less.

1.15 Financial liabilities**Initial recognition and measurement**

The Company recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

All the financial liabilities are classified as subsequently measured at amortised cost, except for those measured at fair value through profit or loss.

De-recognition of financial liabilities

The Company de-recognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

1.16 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

1.17 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset is capitalised as part of cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as expense in the period in which they are incurred. Borrowing cost includes exchange differences arising from relevant foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost.

1.18 Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end

of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

1.19 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

1.20 (A) Revenue Recognition

Revenue from sale of goods is recognised when control of the products has been transferred. The domestic sales are accounted when the products are dispatched to the customers and export sales are accounted on the basis of bill of export / bill of lading. Delivery occurs when the product has been dispatched to the specific location and the risk of obsolescence/ loss has been transferred and there is no unfulfilled obligation that could affect the buyer's acceptance of the product as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Revenue is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A contract liability is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. A receivable is recognised when the goods are dispatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue is exclusive of goods and service tax and net of discounts, sales returns and foreign exchange gain/(loss).

Unfulfilled performance obligations

The Company provides certain benefits to customers for purchasing products from the Company. These provide a material right to customers that they would not receive without entering into a contract. Therefore, the promise to provide such benefits to the customer is a separate performance obligation. The transaction price is allocated to the product and the benefit to be provided on a relative stand-alone selling price basis. Management estimates the stand-alone selling price per point on the basis of providing cost of such benefits. These estimates are established using historical information on the nature, frequency and average cost of obligations and management estimates regarding possible future incidence. To the extent these benefits are not settled/disbursed till the end of a reporting period these are recorded.

A contract liability is not recognised until the benefit is provided.

(B) Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognised when right to receive is established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

1.21 Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Defined Contribution Plan

Employees benefits in the form of provident fund, ESIC and other labour welfare fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for

the year when the contributions to the respective funds are due.

(iii) Defined Benefit Plan

Retirement benefits in the form of gratuity is considered as defined benefits obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and transferred to retained earnings.

(iv) Other Long-term benefits

Long-term compensated absences are provided for on the actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

1.22 Tax Expenses

Tax expense comprises current tax and deferred tax. Provision for the current tax is made on the basis of taxable income for the current accounting year in accordance with the provisions of Income Tax Act, 1961.

Deferred tax is computed on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and

associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred taxes are recognised in profit and loss, except to the extent that they relate to items recognised in other comprehensive income or directly in equity. In this case, the taxes are recognised in other comprehensive income or directly in equity, respectively.

The deferred tax in respect of temporary differences which originate during the tax holiday period and is likely to reverse during the tax holiday period, is not recognised to the extent income is subject to deduction during the tax holiday period as per the requirements of the Income Tax Act, 1961.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

1.23 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss before other comprehensive income for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss before other comprehensive income for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

1.24 Provisions and Contingencies

A Provision is recognised for a present obligation as a result of past events if it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure

required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts. Contingent assets are also disclosed by way of notes to the accounts.

1.25 Segment reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating

results are regularly reviewed by the Company's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

1.26 Dividends

Dividends paid (including dividend distribution tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders. The amount is recognised directly in other equity.

Nature and purpose of reserves

Capital Reserve

During amalgamation with Star Ferro and Cement Limited , the excess of net assets taken, over the cost of consideration paid is treated as capital reserve.

Capital Redemption Reserve

In accordance with section 69 of the Companies Act, 2013, the Company creates capital redemption reserve equal to the nominal value of the shares bought back as an appropriation from retained earnings.

General reserve

The Company had transferred a portion of the net profit of the Company before declaring dividend to general reserve pursuant to the earlier provisions of Companies Act 1956. Mandatory transfer to general reserve is not required under the Companies Act 2013.

Retained earnings

Retained earnings are the profits that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.

42 EMPLOYEES BENEFIT OBLIGATIONS

(a) *Leave encashment*

Under leave encashment scheme, the Company allows its employees to encash accumulated leave over and above thirty days at any time during the year. Hence the entire amount of the provision is presented under current. However, based on past experience, the Company does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

42 EMPLOYEES BENEFIT OBLIGATIONS (Contd.)

(ii) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31st March, 2022	31st March, 2021
Discount rate	7.10%	6.90%
Expected return on plan asset	6.00%	6.90%
Salary growth rate	6.00%	6.00%
Withdrawal rate	1% to 8%	1% to 8%
Mortality rate	IALM (2012-14) Table	IALM (2012-14) Table

(iii) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31st March, 2022		31st March, 2021	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	(560.15)	664.59	(515.94)	375.71
Salary growth rate (-/+ 1%)	660.80	(562.07)	611.55	(322.41)
Withdrawal rate (-/+ 1%)	612.94	(603.94)	564.80	(343.36)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(iv) The major categories of plan assets

The defined benefit plans are funded with Insurance Company of India. The Company does not have any liberty to manage the funds provided to insurance company. Thus the composition of each major category of plan assets has not been disclosed.

Major Categories of Plan Assets as a percentage of total plan assets	Gratuity (Funded)	
	31st March, 2022	31st March, 2021
Funds managed by Insurer	100%	100%

(v) Risk exposure

Through its defined benefit plans the Company is exposed to a number of risks, the most significant of which are detailed below:

Investment risk:

The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the life expectancy of the plan participants will increase the plan liability.

42 EMPLOYEES BENEFIT OBLIGATIONS (Contd.)

(vi) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31st March, 2023 are ₹ 88.42 Lakhs.

The weighted average duration of the defined benefit obligation is 5.22-5.77 years (31st March, 2021: 6.00-6.88 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	(₹ in Lakhs)		
	Less than a year	Between 2- 5 years	Over 5 years
31st March, 2022	67.00	173.40	255.20
31st March, 2021	62.19	94.63	318.12

c) Provident Fund:

Contribution towards provident fund are recomputed as expenses in the statement of profit and loss. The Company has a defined contribution plan. Under the defined contribution plan, provident fund is contributed to the Government administered provident fund. The Company has no further contractual nor any constructive obligation, other than the contribution payable to the provident fund. The expense recognised during the period towards defined contribution plan is ₹ 336.72 Lakhs (31st March, 2021 ₹ 279.01 Lakhs)

43 CAPITAL MANAGEMENT

Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares .

The amount mentioned under total equity in balance sheet is considered as Capital.

The Company does not have any externally imposed capital requirements.

44 ASSETS PLEDGED AS SECURITY

The carrying amounts of assets pledged as security for current and non-current borrowings are:

Particulars	(₹ in Lakhs)	
	31st March, 2021	31st March, 2020

45 FINANCIAL RISK MANAGEMENT

The Company's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk). This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
<i>Credit risk</i>	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost.	Ageing analysis	Diversification of customer base
<i>Liquidity risk</i>	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities
<i>Market risk – foreign exchange</i>	Future commercial transactions and recognised financial assets & liabilities not denominated in Indian rupee (₹).	Cash flow forecasting Sensitivity analysis	Projecting cash flows and considering the forecast of fluctuation in exchange rates
<i>Market risk – interest rate</i>	Long-term borrowings at fixed rates	Sensitivity analysis	Portfolio of loan contains fixed interest loans from financial institutions
<i>Market risk – price risk</i>	Investments in equity securities	Sensitivity analysis	Continuous monitoring the performance of investments

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

i) Trade receivables

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. Further the Company receives security deposit from its customers which mitigates the credit risk. The Company has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The ageing of trade receivables as of balance sheet date is given below. The age analysis have been considered from the due date:

(₹ in Lakhs)

Particulars	Not past due	Less than 6 Months	More than 6 Months and upto 1 years	More than 1 years	Allowances for doubtful trade receivables	Net carrying amount of trade receivables
As on 31st March, 2022	10,469.45	850.02	752.25	865.20	(59.10)	12,877.82
As on 31st March, 2021	11,119.29	1,103.16	340.03	600.33	(54.11)	13,108.70

ii) Financial instruments and deposits

Credit risk from balances with banks and financial institutions is managed by the Company's finance department. Investments of surplus funds are made only with approved counterparties in accordance with the Company's policy. Counterparty credit limits are reviewed by the Company's Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. Loans are given to body corporate as per the Company policy and the receipt of repayment are reviewed on regular basis. For banks and financial institutions, only high rated banks/institutions are accepted.

Financial Assets are considered to be of good quality and there is no significant credit risk.

The Company's maximum exposure to credit risk for the components of the Balance Sheet as at 31st March, 2022 and 31st March, 2021 is the carrying amounts as illustrated in Note 47.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

**NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)**

45 FINANCIAL RISK MANAGEMENT (Contd.)

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Company maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flows projection and level of liquid assets necessary to meet these on a regular basis.

(i) Financing arrangements

The Company had access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	(₹ in Lakhs)	
	31st March, 2022	31st March, 2021
Expiring within one year (bank overdraft and other facilities)	12,694.64	9,314.18
	12,694.64	9,314.18

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR.

Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities - 31st March, 2022*	(₹ in Lakhs)				
	Less than 1 year	Between 1 and 2 years	Between 2 and 5 years	More than 5 years	Total

Total financial liabilities	32,135.90	721.70	13,525.61	-	46,383.21

*Security deposit received from customer has not been included in the above maturity profile as the repayment of the same cannot be reasonably estimated.

(C) Market risk

(i) Foreign currency risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Company deals with an international customer and is therefore exposed to foreign exchange risk (primarily with respect to USD) arising from this foreign currency transactions. In view of low proportion of export/import, as compared to the overall operations, the exposure of the Company to foreign exchange risk is also not considered to be material.

**NOTES FORMING PART OF THE STANDALONE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)**

45 FINANCIAL RISK MANAGEMENT (Contd.)

Further foreign exchange risk also arises from future cash flow against foreign currency loan. The risk is measured through a forecast of highly probable foreign currency cash flows.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2022 and 31st March, 2021, the Company's borrowings at variable rate were denominated in INR.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities:

The exposure of the Company's financial liabilities to interest rate risk is as follows:

Particulars	(₹ in Lakhs)	
	31st March, 2022	31st March, 2021
Variable rate borrowings	7,623.45	12,219.27
Fixed rate borrowings	-	1.06
Total borrowings	7,623.45	12,220.33

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	(₹ in Lakhs)	
	Impact on profit before tax	
	31st March, 2022	31st March, 2021
Interest expense rates – increase by 50 basis points (2021: 50 bps)*	(38.12)	(61.10)
Interest expense rates – decrease by 50 basis points (2021: 50 bps)*	38.12	61.10

* Holding all other variables constant

(iii) Price risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

The Company's exposure to equity securities price risk arises from investments held by the company in equity securities and classified in the Balance Sheet as at fair value through profit and loss. The Company has investment in quoted and unquoted equity securities. Investment is done in accordance with the limits set by the Company. The Company's Board of Directors reviews and approves all investment decisions.

Sensitivity

The table below summarizes the impact of increases/decreases of the share prices on the Company's equity.

Particulars	(₹ in Lakhs)	
	Impact on profit before tax	
	31st March, 2022	31st March, 2021
Increase by 5% (2021: 5%)*	7.51	7.12
Decrease by 5% (2021: 5%)*	(7.51)	(7.12)

47 FINANCIAL INSTRUMENTS BY CATEGORY (Contd.)

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of all assets and liabilities
- the fair value of the financial instruments is determined using discounted cash flow analysis.

(iii) Fair value of financial assets and liabilities measured at fair value - recurring fair value measurements

Total financial liabilities	16,282.90	16,282.90	13,163.03	13,163.04

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. The carrying amounts of other borrowings with floating rate of interest are considered to be close to the fair value.

(v) Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Company uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

Note: Based on legal opinion / decisions in similar cases, the Management believes that the Company has a fair chance of favorable decisions in cases mentioned here-in-above and hence no provision is considered necessary.

- (a) On the basis of the direction of the High Court of Meghalaya dated 30th August, 2018 following the decision of the Supreme Court dated 10th November, 2017 passed in SRD Nutrients Private Limited Vs. Commissioner of Central Excise, Guwahati, Company has received a refund of Education Cess and Secondary & Higher Education Cess amounting to ₹ 566.05 Lakhs in earlier years. However, the Apex court vide its order dated 6th December, 2019 have taken a contrary view in the matter of M/S Unicorn Industries Vs Union of India and Others. Based on the later judgement a demand letter was raised by the department to refund back the amount granted. As the order dated 30th August, 2018, has attained its finality and the refund was granted accordingly, the Company has preferred a writ petition before the Meghalaya High Court against the above demand letter. Meghalaya High Court has stayed the said demand vide its order dated 16th June, 2020. The final hearing of the case is yet to be conducted before the Meghalaya High Court. Based on the legal advice obtained by the Company from External Counsel as well as its own assessment there is every likelihood that the said demand will be quashed and therefore no provision have been taken in the books of account.
- (b) In respect of demand notice dated 19th February, 2020 received by the Company from Director of Mineral Resources, Meghalaya, for payment of royalty, MEPRF, VAT/GST for ₹ 4,184.06 Lakhs in pursuance to the National Green Tribunal (NGT) order dated 17th January, 2020 passed in O.A. No. 110(TCH)/2012 for alleged illegal coal procurement. By passing the said order NGT has accepted the Recommendation of the 5th Interim Report of the Independent Committee set up by NGT, which has suggested imposition of penalty on Cement Companies and Thermal Power Plants in Meghalaya. The Company has not purchased any illegal coal and has complied with all disclosure requirements of the various Government Departments. The Report of NGT Committee has been founded on the basis of assumptions and views of the Committee and not on hard facts. Further to note that the Company has neither been issued a show-cause nor any opportunity of being heard was given to the Company before submitting the Interim reports by the Independent Committee to NGT. Even NGT has not served any notice on the Company before passing the impugned order dated 17th January, 2020 which is clear violation of principles of natural justice. The Company backed by the legal opinions, believes that it has a good case in the matter as the said order was issued based on certain hypothetical assumptions and views and not on hard facts. No opportunity of being heard was provided to the Company either by NGT committee or by NGT itself which passed order without going into the merits & facts and accepted the recommendations of 5th Interim Report. Therefore, there is every likelihood of the Demand Notice and the order of the NGT being set aside. The Company has preferred an appeal before the Supreme Court of India against the NGT Order which is pending, and accordingly, no provisions has been made in the accounts.

49 EXCEPTIONAL ITEMS

- (a) Supreme Court vide its' order dated 17th November, 2020 has rejected the Review petitions filed by some of the Petitioners against its' Judgment dated 22-04-2020 in the matter of Union of India –vs- M/s V.V.F Limited & Others. As the said order reached its' finality, the Company has Refunded and provided for Excise duty amounting to ₹ 2,931.36 Lakhs which was received by the Company in earlier years and shown as Exceptional Item in the Statement of Profit and Loss Account for the previous financial year.

CONSOLIDATED FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT

To the Members of Star Cement Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying Consolidated Financial Statements of **Star Cement Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity, the Consolidated Statement of Cash Flows for the year then ended and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2022, of the consolidated profit and other comprehensive income, consolidated changes

in equity and the consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the Consolidated Financial Statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements under the relevant provisions of the Act and Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Consolidated Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT (Contd.)

We have determined the matters described below to be the key audit matters to be communicated in our report:

S. No.	Key Audit Matters	Auditor's Response
1	<p>Revenue Recognition (Refer Note no. 31 to the Consolidated Financial Statements and Note 2.20 (A) of the significant accounting policies of the Consolidated Financial Statements).</p> <p>Revenue is recognised when the control of the underlying products has been transferred to customer along with the satisfaction of the</p> <p>Group's performance obligation under a contract with customer.</p> <p>The Group focuses on revenue as a key performance measure which could create an incentive for revenue to be recognized before completion of the performance obligation.</p> <p>Revenue is recognised based on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur.</p> <p>Due to the Group's presence across different marketing regions within the country and the competitive business environment, the estimation of the various types of discounts and incentive schemes to be recognised based on sales made during the year is material and considered to be complex and judgmental. There is a risk of revenue being affected as a result of variations in assessment of discounts, incentives and rebates recognised on sales.</p> <p>There is a significant risk of misstatement due to risk related to inappropriate recognition of the revenue as a result of faulty estimations over discounts, incentives, and rebates and hence this was determined to be a key audit matter in our audit of the Consolidated Financial Statements.</p>	<p>Our principal audit procedures to assess the appropriateness of revenue recognized included:</p> <ul style="list-style-type: none"> - Obtaining an understanding of and assessing the design, implementation and operating effectiveness of the Group's key internal controls over the revenue recognition process. - Assessing the appropriateness of the Group's accounting policies relating to discounts, incentives, rebates, etc by comparing with Ind AS 115. - Obtaining and inspecting, on a sample basis, supporting documentation for discounts, incentives and rebates recorded and disbursed during the year as well as credit notes issued after the year end to determine whether these were recorded appropriately. - Examination of significant contracts entered into close to year end to ensure revenue recognition is made in the correct period. - Obtaining management's calculations for discounts, incentives and rebates accruals under applicable schemes on a sample basis and comparing the accruals made with the approved schemes. - Comparing the historical trend of payments and reversal of discounts, incentives and rebates to provisions made to determine the appropriateness of current year provisions. - Examining manual journals posted to discounts, rebates and incentives to identify unusual or irregular items. <p>Our testing as described above showed that revenue, discount, incentive and rebates have been recorded in accordance with the terms of applicable contracts and accounting policy in this area.</p>
2	<p>Related Party Transactions (Refer Note no. 52 to the Consolidated Financial Statements)</p> <p>The Holding Company operates within a conglomerate of group entities. The subsidiaries operate in the same line of business as the Holding Company. These group companies operate in the same sector and have significant transactions amongst themselves during the year.</p> <p>We identified the accuracy and completeness of disclosure of related party transactions as set out in respective notes to the Consolidated Financial Statements as a key audit matter due to:</p> <ul style="list-style-type: none"> • the significance of transactions with related parties during the year ended 31st March, 2022 necessitated to be at arm's length, significant cash flow between parties, inter-company contracts and common management amongst other things. • the fact that Related party transactions are subject to the compliance requirement under the Companies Act 2013 and SEBI (LODR) 2015. 	<p>Our principal audit procedures in relation to the evaluation and disclosure of related party transactions included:</p> <ul style="list-style-type: none"> - Obtaining an understanding of the Group's policies and procedures in respect of the capturing of related party transactions and how management ensures all transactions and balances with related parties have been disclosed in the Consolidated Financial Statements. - Obtaining an understanding of the Group's Company's policies and procedures in respect of evaluating arms-length pricing and approval process by the audit committee and the board of directors. - Assessing management evaluation of compliance with the provisions of Section 177 and Section 188 of the Act and SEBI (LODR) 2015. <p>Evaluating the disclosures through reading of statutory information, books and records and other documents obtained during the course of our audit.</p> <p>Our examination has showed that the Related Party Transactions have been evaluated and disclosed appropriately.</p>

INDEPENDENT AUDITORS' REPORT (Contd.)

S. No.	Key Audit Matters	Auditor's Response
3	<p>Income Tax Provisions: (Refer Note no. 30, 40 and 47 to the Consolidated Financial Statements and Note 2.22 of the significant accounting policies of the Consolidated Financial Statements) This matter has been identified as a Key Audit Matter due to the significant level of management judgement required in the estimation of provision for income taxes including any write-back of provisions, due to the following factors:</p> <ul style="list-style-type: none"> • The Group operates in a complex tax jurisdiction and is subject to periodic challenges by tax authorities on various matters relating to claims for tax exemptions / deductions. • The determination of provision for income tax and deferred taxes involve significant judgement in determining the possible outcome of uncertain tax positions and interpretation of various rules and laws. 	<p>Our principal audit procedures to assess the appropriateness of income tax provisions made included:</p> <ul style="list-style-type: none"> - Analyzing the current and deferred tax calculations for compliance with the relevant tax legislation - Evaluating management's assessment of the estimated manner in which the timing differences, including the recoverability of the deferred tax assets, would be realized by comparing this to evidence obtained in respect of other areas of the audit, including cash flow forecasts, business plans, minutes of directors' meetings etc. - Understanding processes, evaluation of design and implementation of controls and testing of operating effectiveness of the Group's controls over provision for taxation, assessment of uncertain tax positions and disclosure of contingencies. - Discussing with appropriate senior management personnel, independently assessing management's estimate of the possible outcome of the disputed cases by involving our tax specialists; and evaluating the management's underlying key assumptions in estimating the tax provisions. - Obtaining details of completed tax assessments and demands as of 31st March, 2022 from the management. - Considering legal precedence and other rulings in evaluating management's positions on these uncertain tax positions and the provisions made. - Assessing the adequacy of the Group's disclosures for income taxes in the Consolidated Financial Statements. - Our examination has showed that the provisions and disclosures are adequate.
4	<p>Litigation, Claims and Contingent Liabilities (Refer Note no. 47 to the Consolidated Financial Statements and Note 2.24 of the significant accounting policies of the Consolidated Financial Statements) The Group operates in various states within India and is exposed to different Central and State/Local laws, regulations and interpretations thereof. In this regulatory environment, there is an inherent risk of litigations and claims. Consequently, provisions and contingent liability disclosures may arise from indirect tax proceedings, legal proceedings, including regulatory and other government/department proceedings, as well as investigations by authorities and commercial claims. The Group applies significant judgement in estimating the likelihood of the future outcome in each case and in determining the provisions or disclosures required for each matter. These estimates could change significantly over time as new facts emerge and each legal case progresses. The Group is involved in legal proceedings on disputed tax demands. The Group's management has assessed that the probability of success of the demand is remote and accordingly has not provided for the disputed demand This has been considered a key audit matter in view of the uncertain outcome of the litigations and involvement of significant management judgement in assessing the probability of outflow of economic resources.</p>	<p>Our audit procedures to assess the appropriateness of provisions and adequacy of disclosures included:</p> <ul style="list-style-type: none"> - Reviewing the outstanding litigations against the Group for consistency with the previous years. Enquiring and obtaining explanations for movement during the year. - Reading the latest correspondence between the Group and the various tax/legal authorities - Discussing the status of significant litigation with the Group's in-house Legal Counsel and other senior management personnel and assessing their responses. - On sample basis, examining the Group's legal expenses and read the minutes of the board meetings of the respective Group companies in order to ensure all cases have been identified. - With respect to tax matters, discussing with the tax officers of the Group Companies, their views and strategies on significant cases, as well as the related technical grounds relating to their conclusions based on applicable tax laws. - For those matters where management concluded that no provision should be recorded, considering the adequacy and completeness of the Group's disclosures with regard to facts and circumstances of the legal and litigation matters <p>On the basis of the above procedures performed, we considered the management's assessment in respect of contingencies and provision for taxes and other litigations and claims to be reasonable and disclosures to be appropriate.</p>

INDEPENDENT AUDITORS' REPORT (Contd.)

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Board's Report including Annexure to Board's Report, Management Discussion & Analysis, Report on Corporate Governance and Shareholder's Information, but does not include the Consolidated Financial Statements and our auditor's report thereon.

Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of the Consolidated Financial Statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act, read with relevant rules issued thereunder.

The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls with reference to financial statements, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

In preparing the Consolidated Financial Statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based

INDEPENDENT AUDITORS' REPORT (Contd.)

on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of four subsidiaries (NE Hills Hydro Limited, Star Cement North East Limited, Star Cement (I) Limited and Star Century Global Cement Private Limited) whose financial statements reflect total assets of Rs. 86.22 lakhs as at 31st March, 2022, total Nil revenue, total net profit of Rs. 4.10 lakhs, total comprehensive income of Rs. 7.61 lakhs and net cash outflows amounting to Rs.7.08 lakhs for the year ended on that date, as considered in the Consolidated Financial Statements.

The above financial information is before giving effect to any consolidation adjustments. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Of the above, the financial statements of one subsidiary located outside India (Star Century Global Cement Private Limited), included in the Consolidated Financial Statements, which constitute total assets of Rs. 22.85 lakhs as at 31st March, 2022, total Nil revenue, total net profit of Rs. 4.30 lakhs and total comprehensive income of Rs. 4.30 lakhs, have been prepared in accordance with accounting principles generally accepted in that country and which has been audited by other auditor under generally accepted auditing standards applicable in that country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in their respective country to accounting principles generally accepted in India. Our opinion in so far as it relates to the balances and affairs of this subsidiary located outside India is based on the report of other auditor and the conversion adjustments prepared by the Management of the Holding Company and audited by us.

Our opinion on the Consolidated Financial Statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the Financial Statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on the financial statements of the subsidiaries referred to in the Other Matters section above, we report, to the extent applicable that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid Consolidated Financial Statements;
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;

INDEPENDENT AUDITORS' REPORT (Contd.)

- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with relevant rules issued thereunder;
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March, 2022, taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, incorporated in India none of the directors of the Group Companies is disqualified as on 31st March, 2022 from being appointed as a director in terms of Section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to the financial statements of the Group and the operating effectiveness of such controls, refer to our separate Report in "Annexure A";
- (g) With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Consolidated financial statements disclose the impact of pending litigation on the consolidated financial position of the Group- Refer Note no 47 to the Consolidated Financial Statements.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies, incorporated in India during the year ended 31st March, 2022
 - iv. a) The respective Managements of the Holding Company and its subsidiaries, incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries that, to the best of their knowledge and belief, other than as disclosed in the notes to the accounts, no funds (which are material either individually or in aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The respective Managements of the Holding Company and its subsidiaries, incorporated in India whose financial statements have been audited under the Act, have represented to us and the other auditors of such subsidiaries that, to the best of their knowledge and belief, no funds (which are material either individually or in aggregate) have been received by the Holding Company or any of such subsidiaries from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures performed as considered reasonable and appropriate in the circumstances, performed by us and those performed by the auditors of the subsidiaries, incorporated in India whose financial statements have been audited under

INDEPENDENT AUDITORS' REPORT (Contd.)

the Act nothing has come to our or other auditor's notice that has caused us or the auditors to believe that the Management representations under sub-clauses (a) and (b) above, contain any material misstatement.

- v. The Board of Directors of the Holding Company and its subsidiary Companies, incorporated in India have not proposed / paid any dividend for the year ended 31st March, 2022, hence, no compliance of Section 123 of the Act was required.
2. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and according to the information and explanations given to us, and based on the reports of the statutory auditors of such subsidiary companies, incorporated in India which were not audited by us, the remuneration paid by the Group to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs

has not prescribed other details under Section 197 (16) of the Act which are required to be commented upon by us.

3. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of the respective subsidiaries included in the Consolidated Financial Statements, to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks in these CARO reports.

Annexure A to the Independent Auditor's Report

(Referred to under the heading "Report on Other Legal and Regulatory Requirements" in Paragraph 1(f) of our Independent Auditors' report of even date)

Report on the Internal Financial Controls with reference to the Consolidated Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls with reference to the Consolidated Financial Statements of **Star Cement Limited** ("the Holding Company") and its subsidiary Companies, which are Companies incorporated in India, as at 31st March, 2022 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls with reference to Consolidated Financial Statements

The respective Board of Directors of the Holding Company and its subsidiaries, which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to Consolidated Financial Statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Companies' policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Internal Financial Controls with reference to financial statements of the Holding Company and its subsidiaries, which are incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial

Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters section below is sufficient and appropriate to provide basis for our audit opinion on the internal financial controls system with reference to Consolidated Financial Statements of the Holding Company and its subsidiaries, which are incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A Company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Consolidated Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with the authorisation of the management and the directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Consolidated Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of Internal Financial Controls with reference to Consolidated Financial Statements, including the possibility of collusion or improper management, override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiaries, which are Companies incorporated in India have, in all material respects, an adequate internal financial controls system with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at

31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matters

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to Consolidated Financial Statements in so far as it relates to three subsidiaries incorporated in India, is based solely on the corresponding reports of the auditor of such subsidiaries incorporated in India.

Our opinion is not modified in respect of the above matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31ST MARCH 2022

1 PRINCIPLES OF CONSOLIDATION AND EQUITY ACCOUNTING

a) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter-company transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated Balance Sheet respectively.

b) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. This is generally the case where the Group holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method, after initially being recognised at cost.

Equity method

Under the equity method, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in profit or loss, and the Group's share of other comprehensive income of the investee. Dividends from associates are recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Company and its associates are eliminated to the extent of the Group's interest in these entities. Unrealised losses

are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments is tested for impairment in accordance with the policy.

2 SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of Preparation

(i) Compliance with Ind AS

The consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) read with [Companies (Indian Accounting Standards) Rules, 2015], amendments thereto, and other relevant provisions of the Act.

These consolidated financial statements were approved for issue in accordance with the resolution of the Board of Directors on 17th May, 2022.

The accounting policies are consistently followed by the Group and changes in accounting policy are separately disclosed.

(ii) Historical Cost Convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- Net defined benefit asset/liability which is Fair value of plan assets less present value of defined benefit obligations
- Certain financial assets and financial liabilities that are measured at fair value.

(iii) Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle (twelve months) held primarily for the purpose of trading and other criteria set out in the Schedule III to the Act.

(iv) Rounding off amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

2.2 Use of Estimates

The preparation of consolidated financial statements is in conformity with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

time) and presentation requirements of Division II of Schedule III to the Companies Act, 2013, which require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of the consolidated financial statements and the results of operations during the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future period, if the revision affects current and future period. Revisions in estimates are reflected in the consolidated financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the consolidated financial statements.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are summarised below:

- i) Classification of legal matters and tax litigation
- ii) Defined benefit obligations
- iii) Useful life of property, plant and equipment
- iv) Leases Ind AS 116

2.3 Foreign Currency Transactions and Balances

Items included in the consolidated financial statements of the Group are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The Group's consolidated financial statements are presented in Indian Rupees, which is also the Parent Company's functional currency.

Transactions in foreign currencies entered into by the Group are accounted at the exchange rates prevailing on the date of the transactions. Exchange differences

arising on settlement /restatement of short-term foreign currency monetary assets and liabilities of the Group are recognised as income or expenses in the Statement of Profit and Loss. All foreign exchange gains or losses are presented in the Statement of Profit and Loss on a net basis within other income or other expenses.

Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to the functional currency at the exchange rate at the date that the fair value was determined. Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

The Group has adopted the provisions of para D13AA of Ind AS 101, "First- Time Adoption of Indian Accounting Standards" for recognising exchange differences for long-term foreign currency monetary items as on the date of Ind AS adoption, as per the provision of para 46A of AS-11, "The Effects of Changes in Foreign Exchange Rates". Accordingly, exchange differences arising on restatement/settlement of long-term foreign currency borrowings relating to acquisition of depreciable property, plant and equipment are adjusted to the cost of the respective assets and depreciated over the remaining useful life of such assets.

2.4 Property, plant and equipment

Property, plant and equipment are stated at their cost of acquisition, installation or construction (net of any recoverable amount, wherever applicable) less accumulated depreciation, amortisation and impairment losses if any, except freehold land which is carried at cost. Cost comprises the purchase price, installation and attributable cost of bringing the asset to working condition for its intended use. Railway sidings the ownership of which vests with the Railway authorities are depreciated over five years.

Subsequent expenditures are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. When significant parts of plant and equipment are required to be replaced the Group depreciates them separately based on their specific useful lives. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred.

Capital Work In Progress

Property, plant and equipment not ready for their intended use as on the balance sheet date are disclosed

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

as "Capital work-in-progress". Such items are classified to the appropriate category of property, plant and equipment when completed and ready for their intended use. Advances given towards acquisition/ construction of property, plant and equipment outstanding at each balance sheet date are disclosed as Capital Advances under "Other non-current assets"

Expenditure during construction period

In case of new projects and substantial expansion of existing units, expenditure incurred including trial production expenses net of revenue earned, and attributable interest and financing costs, until the project is ready for its intended use are capitalised.

Depreciation

Depreciation on Property, plant and equipment is provided on Written Down Value (WDV) method in accordance with the provisions of Schedule II to the Companies Act, 2013 and considering the useful lives for computing depreciation specified in Part 'C' thereof. Depreciation is provided on components that have homogenous useful lives by using the WDV method so as to depreciate the initial cost down to the residual value over the estimated useful lives. Office building is owned by the Group and is amortised using the straight- line method over the period of lease of land on which it is constructed. In respect of an asset for which impairment loss is recognised, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

Impairment of non-financial assets

The carrying amounts of assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal / external factors. An impairment loss will be recognised wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value by using weighted average cost of capital. A previously recognised impairment loss is further provided or reversed depending on changes in circumstances.

2.5 Intangible Asset

An intangible asset is recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably. The depreciable amount of an intangible asset is allocated over its estimated useful life. Expenditure on purchased software and IT related expenditure is written off over a period of three years.

2.6 Research and Development Expenditure

Research expenditure is recognised as an expense when it is incurred. Development costs are capitalised

only after the technical and commercial feasibility of the asset for sale or use has been established. Thereafter, all directly attributable expenditure incurred to prepare the asset for its intended use are recognised as the cost of such assets.

2.7 Lease-

As a Lessee:

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

The Group recognises right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are initially measured at cost. The cost of right-of-use assets includes the amount of lease liabilities interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is re-measured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

As a Lessor:

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease. Operating lease payments are recognised as an income in the statement of profit and loss on a straight-line basis over the lease term, unless the receipt from lessee is structured to increase in line with expected general inflation and compensate for the lessor's expected inflation cost increase.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

2.8 Government Grants and Subsidies

Government grants and subsidies are recognised when there is reasonable certainty that the same will be received. Revenue grants in the nature of recoupment/reimbursement of any particular item of expenses are recognised in the Statement of Profit and Loss as deduction from related item of expenditure. Grants related to assets which are recognised in the Balance Sheet as deferred income, are recognised to the Statement of Profit and Loss on a systematic basis over the useful life of the related assets by netting off with the related expense.

2.9 Inventories

Raw materials, stores and spare parts, fuel and packing material:

Raw materials, stores and spares and fuel and packing material are valued at lower of cost and net realisable value. Cost includes purchase price, other costs incurred in bringing the inventories to their present location and condition, and taxes for which credit is not available. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on weighted average basis.

Work-in-progress, finished goods and stock in trade:

Work-in-progress, finished goods and stock in trade are valued at lower of cost and net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity, but excluding borrowing costs. Cost of Stock-in-trade includes cost of purchase and other cost incurred in bringing the inventories to the present location and condition. Cost is determined on weighted average basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.10 Business combinations

Business combinations are accounted for using the acquisition method as at the date of the acquisition, which is the date at which control is transferred to the Group. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net

identifiable assets acquired and liabilities assumed. The Group recognises non-controlling interest in the acquired entity either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets.

2.11 Investment in Subsidiaries

The Group's investments in its subsidiaries are carried at cost.

2.12 Investments and other financial assets

Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost

The classification depends on the Group's business model for managing the financial assets and the contractual terms of cash flows.

Measurement

At initial recognition, the Group measures a financial asset at its fair value. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments into the following categories:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collections of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

Equity instruments

The Group subsequently measures all equity investments (except subsidiary, associate and joint venture) at fair value through profit or loss. However, where the Group's management makes an irrevocable choice on initial recognition to present fair value gains and losses on specific equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Impairment of financial assets

The Group measures the expected credit loss associated with its assets based on historical trend, industry practices and the business environment in which the entity operates or any other appropriate basis. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Derecognition of financial assets

A financial asset is derecognised only when

- The Group has transferred the rights to receive cash flows from the financial asset, or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset.

2.13 Trade receivables

Trade receivables are recognised initially at transaction price. Upon initial recognition of a receivable from a contract with a customer, any difference between the measurement of the receivable in accordance with Ind AS 109 and the corresponding amount of revenue recognised shall be presented as an expense. Subsequently, the trade receivables are measured at cost less expected credit losses. The Group calculates the expected credit losses on trade receivables using a provision matrix on the basis of its historical credit loss experience. The Group follows the simplified approach permitted by Ind AS 109 – Financial Instruments for recognition of impairment loss allowance. The loss allowance is measured at an amount equal to lifetime expected credit losses.

2.14 Cash and Cash Equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and demand

deposits with banks and other short-term highly liquid investments/deposits that are readily convertible into cash which are subject to insignificant risk of changes in value with an original maturity of three months or less.

2.15 Financial liabilities

Initial recognition and measurement

The Group recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Subsequent measurement

All the financial liabilities are classified as subsequently measured at amortised cost, except for those measured at fair value through profit or loss.

De-recognition of financial liabilities

The Group de-recognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

2.16 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the consolidated financial statements for issue, not to demand payment as a consequence of the breach.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

2.17 Borrowing Costs

Borrowing costs that are attributable to the acquisition, construction or production of a qualifying asset is capitalised as part of cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as expense in the period in which they are incurred. Borrowing cost includes exchange differences arising from relevant foreign currency borrowings to the extent that they are regarded as an adjustment to the interest cost.

2.18 Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.19 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.20(A) Revenue Recognition

Revenue from sale of goods is recognised when control of the products has been transferred. The domestic sales are accounted when the products are dispatched to the customers and export sales are accounted on the basis of bill of export / bill of lading. Delivery occurs when the product has been dispatched to the specific location and the risk of obsolescence/ loss has been transferred and there is no unfulfilled obligation that could affect the buyer's acceptance of the product as per the terms of the contract and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods.

Revenue is recognised based fair on the price specified in the contract, net of the estimated volume discounts. Accumulated experience is used to estimate and provide for the discounts, using the expected value method, and revenue is only recognised to the extent that it is

highly probable that a significant reversal will not occur. A contract liability is recognised for expected volume discounts payable to customers in relation to sales made until the end of the reporting period. A receivable is recognised when the goods are dispatched as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

Revenue is exclusive of goods and service tax and net of discounts, sales returns and foreign exchange gain/ (loss).

Unfulfilled performance obligations

The Group provides certain benefits to customers for purchasing products from the Group. These provide a material right to customers that they would not receive without entering into a contract. Therefore, the promise to provide such benefits to the customer is a separate performance obligation. The transaction price is allocated to the product and the benefit to be provided on a relative stand-alone selling price basis. Management estimates the stand-alone selling price per point on the basis of providing cost of such benefits. These estimates are established using historical information on the nature, frequency and average cost of obligations and management estimates regarding possible future incidence. To the extent these benefits are not settled/ disbursed till the end of a reporting period these are recorded.

A contract liability is not recognised until the benefit is provided.

(B) Other Income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

Dividend income is recognised when right to receive is established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

2.21 Employee Benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees'

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Defined Contribution Plan

Employees benefits in the form of provident fund, ESIC and other labour welfare fund are considered as defined contribution plan and the contributions are charged to the Statement of Profit and Loss for the year when the contributions to the respective funds are due.

(iii) Defined Benefit Plan

Retirement benefits in the form of gratuity is considered as defined benefits obligations and are provided for on the basis of an actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and transferred to retained earnings.

(iv) Other Long-term benefits

Long-term compensated absences are provided for on the actuarial valuation, using the projected unit credit method, as at the date of the Balance Sheet.

2.22 Tax Expenses

Tax expense comprises current tax and deferred tax. Provision for the current tax is made on the for the current accounting year in accordance with the provisions of Income Tax Act, 1961. basis of taxable income

Deferred tax is computed on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases

of investments in subsidiaries, branches and associates and interest in joint arrangements where the Group is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches and associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred taxes are recognised in profit and loss, except to the extent that they relate to items recognised in other comprehensive income or directly in equity. In this case, the taxes are recognised in other comprehensive income or directly in equity, respectively.

The deferred tax in respect of temporary differences which originate during the tax holiday period and is likely to reverse during the tax holiday period, is not recognised to the extent income is subject to deduction during the tax holiday period as per the requirements of the Income Tax Act, 1961.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Group will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Group will pay normal income tax during the specified period

2.23 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss before other comprehensive income for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss before other comprehensive income for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

2.24 Provisions and Contingencies

A Provision is recognised for a present obligation as a result of past events if it is probable that an outflow of resources will be required to settle the obligation and in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense. Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts. Contingent assets are also disclosed by way of notes to the accounts.

2.25 Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Group's Chief Operating Decision Maker ("CODM") to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the CODM evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

2.26 Dividends

Dividends paid (including dividend distribution tax thereon) is recognised in the period in which the interim dividends are approved by the Board of Directors, or in respect of the final dividend when approved by shareholders. The amount is recognised directly in other equity.

a Terms/Rights attached to equity shares

The Company has only one class of equity shares having par value of 1/- per share. Each holder of Equity shares is entitled to one vote per share. The Company declares and pays dividend in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting except in case of interim dividend.

In the event of liquidation of the Company, the holders of the equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

- b** In terms of approval of the Board of Directors obtained at its meeting held on 13th August, 2021, the Company had offered Buy Back of Equity shares to all eligible equity shareholders of the Company on a proportionate basis through tender offer route using Stock Exchange mechanism. The buyback of equity shares through the Stock Exchange commenced on 22nd September, 2021 and closed on 5th October, 2021. Accordingly, the Company bought back and extinguished a total 82,48,580 equity shares of ₹ 1 each at a price of ₹ 150 per equity share, representing 2.00% of the pre-buyback paid-up equity share capital of the Company. The buyback resulted in a cash outflow of ₹ 123.73 Crore (excluding transaction costs such as Brokerage, Buy Back Tax, Securities Transaction Tax, GST, Stamp duty and other related expenses etc.). Payments to the eligible shareholders were completed on 13th October, 2021. In the last five financial year company had buy back 1,50,48,580 number of equity shares.

42 EMPLOYEES BENEFITS

(a) Leave encashment

Under leave encashment scheme, the Group allows its employees to encash accumulated leave over and above thirty days at any time during the year. Hence the entire amount of the provision is presented under current. However, based on past experience, the Group does not expect all employees to take the full amount of accrued leave or require payment within the next 12 months. The following amounts reflect leave that is not expected to be taken or paid within the next 12 months.

(b) Post-employment obligations

i) Gratuity

The Group has a defined benefit gratuity plan. Every employee who has completed five years or more of service is entitled to Gratuity on terms not less than the provisions of The Payment of Gratuity Act, 1972. The scheme is funded with the insurance companies.

The amounts recognised in the Balance Sheet and the movements in the net defined benefit obligation over the year are as follows:

Current Asset/(liability)	117.45	89.26
Non-Current Asset/(liability)	157.02	523.15

(ii) Significant estimates: actuarial assumptions

The significant actuarial assumptions were as follows:

Particulars	31st March, 2022	31st March, 2021
Discount rate	7.10%	6.90%
Expected return on plan asset	6.00%	6.90%
Salary growth rate	6.00%	6.00%
Withdrawal rate	1% to 8%	1% to 8%
Mortality rate	IALM (2012-14) Table	IALM (2012-14) Table

(iii) Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	Impact on defined benefit obligation			
	31st March, 2022		31st March, 2021	
	Increase	Decrease	Increase	Decrease
Discount rate (-/+ 1%)	(783.76)	676.01	(809.47)	725.58
Salary growth rate (-/+ 1%)	933.70	(568.29)	961.19	(615.15)
Withdrawal rate (-/+ 1%)	861.91	(612.24)	886.37	(660.73)

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

(iv) The major categories of plan assets

The defined benefit plans are funded with insurance companies of India. The Group does not have any liberty to manage the funds provided to insurance companies.

42 EMPLOYEES BENEFITS (Contd.)

Major Categories of Plan Assets as a percentage of total plan assets	Gratuity (Funded)	
	31st March, 2022	31st March, 2021
Funds managed by Insurer	100%	100%

(v) Risk exposure

Through its defined benefit plans the Group is exposed to a number of risks, the most significant of which are detailed below:

Investment risk:

The defined benefit plans are funded with insurance companies of India. The Group does not have any liberty to manage the funds provided to insurance companies.

Interest risk:

A decrease in the interest rate on plan assets will increase the plan liability.

Life expectancy:

The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and at the end of the employment. An increase in the life expectancy of the plan participants will increase the plan liability.

Salary growth risk

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the life expectancy of the plan participants will increase the plan liability.

(vi) Defined benefit liability and employer contributions

Expected contributions to post-employment benefits plans for the year ending 31st March, 2023 are ₹ 123.86 Lakhs.

The weighted average duration of the defined benefit obligation is 5.47 years (31st March, 2021: 6.33 years). The expected maturity analysis of undiscounted gratuity is as follows:

Particulars	(₹ in Lakhs)		
	Less than a year	Between 2- 5 years	Over 5 years
31st March, 2022	117.45	301.37	396.84
31st March, 2021	89.26	152.00	434.46

c) Provident Fund:

Contribution towards provident fund is recomputed as expenses in the statement of profit and loss. The Company has a defined contribution plan. Under the defined contribution plan, provident fund is contributed to the Government administered provident fund. The Company has no further contractual nor any constructive obligation, other than the contribution payable to the provident fund. The expense recognised during the period towards defined contribution plan is ₹ 457.79 Lakhs (31st March, 2021: ₹ 382.37 Lakhs).

43 CAPITAL MANAGEMENT

(a) Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares .

The amount mentioned under total equity in balance sheet is considered as Capital.

The Company does not have any externally imposed capital requirements.

45 FINANCIAL INSTRUMENTS BY CATEGORY (Contd.)

(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the financial instruments is determined using discounted cash flow analysis.

(iii) Fair value of financial assets and liabilities measured at fair value - recurring fair value measurements

(₹ in Lakhs)

Particulars	31st March, 2022			31st March, 2021		
	Level 1	Level 2	Level 3	Level 1	Level 2	Level 3
Financial assets						
Investment in equity instruments	1.18	-	176.31	0.38	-	165.84
Total financial assets	1.18	-	176.31	0.38	-	165.84

(iv) Fair value of financial assets and liabilities measured at amortised cost

(₹ in Lakhs)

Particulars	31st March, 2022		31st March, 2021	
	Carrying amount	Fair value	Carrying amount	Fair value
Financial assets				
Security deposits and margin money	12,455.99	12,455.99	821.82	821.82
Total financial assets	12,455.99	12,455.99	821.82	821.82
Financial liabilities				
Borrowings	18.74	17.32	74.18	436.23
Security deposits	15,573.54	15,573.54	12,923.22	12,923.22
Lease Liabilities	1,027.45	1,027.45	287.16	287.16
Total financial liabilities	16,619.73	16,618.31	13,284.56	13,646.61

The carrying amounts of all other financial assets and financial liabilities are considered to be the same as their fair values, due to their short-term nature.

The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

The fair values of borrowings are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk. The carrying amounts of other borrowings with floating rate of interest are considered to be close to the fair value.

(v) Significant estimates

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. The Group uses its judgement to select a variety of methods and make assumptions that are mainly based on market conditions existing at the end of each reporting period. For details of the key assumptions used and the impact of changes to these assumptions see (ii) above.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)**

46 FINANCIAL RISK MANAGEMENT

The Group's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
<i>Credit risk</i>	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost.	Ageing analysis	Diversification of customer base
<i>Liquidity risk</i>	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities
<i>Market risk – foreign exchange</i>	Future commercial transactions and recognised financial assets & liabilities not denominated in Indian rupee (₹).	Cash flow forecasting Sensitivity analysis	Projecting cash flows and considering the forecast of fluctuation in exchange rates
<i>Market risk – interest rate</i>	Long-term borrowings at fixed rates	Sensitivity analysis	Portfolio of loan contains fixed interest loans from financial institutions
<i>Market risk – price risk</i>	Investments in equity securities	Sensitivity analysis	Continuous monitoring the performance of investments

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

i) Trade receivables

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing and are generally carrying 30 days credit terms. Outstanding customer receivables are regularly monitored. Further the Group receives security deposit from its customers which mitigates the credit risk. The Group has no concentration of credit risk as the customer base is widely distributed both economically and geographically. The ageing of trade receivables as of balance sheet date is given below. The age analysis have been considered from the due date:

(₹ in Lakhs)

Particulars	Not past due	Less than 6 Months	More than 6 Months and upto 1 years	More than 1 years	Expected credit losses	Net carrying amount of trade receivables
As on 31st March, 2022	10,405.78	869.49	752.25	995.99	(148.59)	12,874.92
As on 31st March, 2021	11,114.50	1,128.80	340.03	722.20	(132.12)	13,173.41

ii) Financial instruments and deposits

Credit risk from balances with banks and financial institutions is managed by the Group's finance department. Investments of surplus funds are made only with approved counterparties in accordance with the Group's policy. Counterparty credit limits are reviewed by the Companies' Board of Directors on an annual basis. The limits are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments. Loans are given to body corporate as per the Group policy and the receipt of repayment are reviewed on regular basis. For banks and financial institutions, only high rated banks/institutions are accepted.

Financial Assets are considered to be of good quality and there is no significant credit risk.

The Group's maximum exposure to credit risk for the components of the Balance Sheet as at 31st March, 2022 and 31st March, 2021 is the carrying amounts as illustrated in Note 45.

(B) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

46 FINANCIAL RISK MANAGEMENT (Contd.)

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the underlying business, the Group maintains sufficient cash and liquid investments available to meet its obligation.

Management monitors rolling forecasts of the Group's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows. The management also considers the cash flows projection and level of liquid assets necessary to meet these on a regular basis.

(i) Financing arrangements

The Group had access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	(₹ in Lakhs)	
	31st March, 2022	31st March, 2021
Floating Rate		
- Expiring within one year (bank overdraft and other facilities)	20,080.96	17,242.98
	20,080.96	17,242.98

The bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice. Subject to the continuance of satisfactory credit ratings, the bank loan facilities may be drawn at any time in INR

Maturities of financial liabilities

The tables below analyse the Group's financial liabilities into relevant maturity groupings based on their contractual maturities for all financial liabilities.

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities - 31st March, 2022*	(₹ in Lakhs)

*Security deposits liability has not been included in the above maturity profile as the repayment of the same cannot be estimated.

(C) Market risk

(i) Foreign currency risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group deals with an international customer and is therefore exposed to foreign exchange risk (primarily with respect to USD) arising from this foreign currency transactions. In view of low proportion of export/import, as compared to the overall operations, the exposure of the Group to foreign exchange risk is also not considered to be material.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)**

46 FINANCIAL RISK MANAGEMENT (Contd.)

Further foreign exchange risk also arises from future cash flow against foreign currency loan. The risk is measured through a forecast of highly probable foreign currency cash flows.

Foreign currency risk exposure

The Group's exposure to foreign currency (USD) risk at the end of the reporting period expressed in INR are as follows:-

Particulars	(₹ in Lakhs)	
	31st March, 2022	31st March, 2021
Financial assets	-	-
Financial liabilities	-	-
Net exposure to foreign currency risk	-	-

Sensitivity

The sensitivity of profit or loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

Particulars	(₹ in Lakhs)	
	Impact on profit before tax	
	31st March, 2022	31st March, 2021
Sensitivity		
INR appreciates by 10% (2021: 10%)	-	-
INR depreciates by 10% (2021: 10%)	-	-

* Holding all other variables constant

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Group's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. During 31st March, 2022 and 31st March, 2021, the Company's borrowings at variable rate were denominated in INR and USD.

The Group's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

(a) Interest rate risk exposure

On Financial Liabilities:

The exposure of the Group's financial liabilities to interest rate risk is as follows:

Particulars	(₹ in Lakhs)	
	31st March, 2022	31st March, 2021
Variable rate borrowings	519.04	1,457.02
Fixed rate borrowings	18.74	74.18
Total borrowings	537.78	1,531.20

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates as below:

Particulars	(₹ in Lakhs)	
	Impact on profit before tax	
	31st March, 2022	31st March, 2021
Interest expense rates – increase by 50 basis points (2021: 50 bps)	(2.60)	(7.29)
Interest expense rates – decrease by 50 basis points (2021: 50 bps)	2.60	7.29

* Holding all other variables constant

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

46 FINANCIAL RISK MANAGEMENT (Contd.)

(iii) Price risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market.

The Group's exposure to equity securities price risk arises from investments held by the Company in equity securities and classified in the Balance Sheet as at fair value through profit or loss and other comprehensive income. The Group has investment in quoted and unquoted equity securities. Investment is done in accordance with the limits set by the Group. The Company's Board of Directors reviews and approves all investment decisions.

Sensitivity

The table below summarises the impact of increases/decreases of the share prices on the Group's equity;

Particulars	Impact on total comprehensive income	
	31st March, 2022	31st March, 2021
Increase by 5% (2021: 5%)	8.87	8.31
Decrease by 5% (2021: 5%)	(8.87)	(8.31)

* Holding all other variables constant

3	Letters of credit issued by bank	856.51	829.87

Note: Based on legal opinion / decisions in similar cases, the Management believes that the Group has a fair chance of favorable decisions in cases mentioned here-in-above and hence no provision is considered necessary.

- (a) On the basis of the direction of the High Court of Meghalaya dated 30th August, 2018 following the decision of the Supreme Court dated 10th November, 2017 passed in SRD Nutrients Private Limited Vs. Commissioner of Central Excise, Guwahati, Company along with its subsidiary has received a refund of Education Cess and Secondary & Higher Education Cess amounting to ₹ 810.22 Lakhs in earlier years. However, the Apex court vide its order dated 6th December, 2019 have taken a contrary view in the matter of M/S Unicorn Industries Vs Union of India and Others. Based on the later judgement a demand letter was raised by the department to refund back the amount granted. As the order dated 30th August, 2018, has attained its finality and the refund was granted accordingly, the Company has preferred a writ petition before the Meghalaya High Court against the above demand letter. Meghalaya High Court has stayed the said demand vide its order dated 16th June, 2020. The final hearing of the case is yet to conducted before the Meghalaya High Court. Based on the legal advice obtained by the Company from External Counsel as well as its own assessment there is every likelihood that the said demand will be quashed and therefore no provision have been taken in the books of account.
- (b) In respect of demand notice dated 19th February, 2020 received by the Company and its two subsidiary companies from Director of Mineral resources, Meghalaya, for payment of royalty, MEPRF, VAT/GST for ₹ 25,681.91 Lakhs in pursuance to the National Green Tribunal (NGT) order dated 17th January, 2020 passed in O.A. No. 110(TCH)/2012 for alleged illegal coal procurement. By passing the said order NGT has accepted the Recommendation of the 5th Interim Report of the Independent Committee set up by NGT, which has suggested imposition of penalty on Cement Companies and Thermal Power Plants in Meghalaya.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2022 (Contd.)

47 CONTINGENT LIABILITY & COMMITMENTS (Contd.)

The Group has not purchased any illegal coal and has complied with all disclosure requirements of the various Government Departments. The Report of NGT Committee has been founded on the basis of assumptions and views of the Committee and not on hard facts. Further to note that the Group has neither been issued a show-cause nor any opportunity of being heard was given to the Group before submitting the Interim reports by the Independent Committee to NGT. Even NGT has not served any notice on the Group before passing the impugned order dated 17th January, 2020 which is clear violation of principles of natural justice.

The Group backed by the legal opinions, believes that it has a good case in the matter as the said order was issued based on certain hypothetical assumptions and views and not on hard facts. No opportunity of being heard was provided to the Group either by NGT committee or by NGT itself which passed order without going into the merits & facts and accepted the recommendations of 5th Interim Report. Therefore, there is every likelihood of the Demand Notice and the order of the NGT being set aside. The Group has preferred an appeal before the Supreme Court of India against the NGT Order which is pending and accordingly, no provisions has been made in the accounts.

48 EXCEPTIONAL ITEMS/EXTRAORDINARY ITEMS

- (a) Supreme Court vide its' order dated 17th November, 2020 has rejected the Review petitions filed by some of the Petitioners against its' Judgment dated 22nd April, 2020 in the matter of Union of India –vs- M/s V.V.F Limited & Others. As the said order reached its' finality, the Group has Refunded and provided for Excise duty amounting to ₹ 6,457.42 Lakhs which was received by the Company in earlier years and shown as Exceptional Item in the Statement of Profit and Loss Account for the previous financial year.

49 BORROWING COST OF FOREIGN LOAN

The Company and its subsidiaries Star Cement Meghalaya Limited and Meghalaya Power Limited have exercised the option under in paragraph 46A of the Accounting Standard 11 (AS-11) - "The Effects of Changes in Foreign Exchange Rates". Accordingly, the Company and its subsidiaries Star Cement Meghalaya Limited and Meghalaya Power Limited has depreciated the foreign exchange (gain)/loss arising on revaluation on long term foreign Currency monetary items in so far as they relate to the acquisition of depreciable capital assets over the balance useful life of such assets. The depreciated portion of net foreign exchange (gain)/loss on such long term foreign currency monetary items for the period ended on 31st March, 2022 of the Company and its subsidiaries is ₹ 216.06 Lakhs, (31st March 2021 : ₹ 308.09 Lakhs).

50 CORPORATE SOCIAL RESPONSIBILITY

As per Section 135 of the Companies Act, 2013, a company, meeting the applicability threshold, needs to spend at least 2% of its average net profit for the immediately preceding three financial years on corporate social responsibility (CSR) activities. The areas for CSR activities are eradication of hunger and malnutrition, promoting education, art and culture, healthcare, destitute care and rehabilitation, environment sustainability, disaster relief and rural developments projects. A CSR Committee has been formed by Company as per the Act. The funds were primarily allocated to a corpus and utilised through the year on these activities which are specified in Schedule VII of the Companies Act, 2013.

Gross amount required to be spent by the Group during the year is ₹ 595.18 Lakhs (FY 20-21 : ₹ 699.00 Lakhs)

56 RATIO ANALYSIS (Contd.)

- (2) ' Average Trade Receivable -: (Opening Trade Receivable+Closing Trade Receivable)/2
 (3) ' Average Trade Payable -: (Opening Trade Payable+Closing Trade Payable)/2
 (4) ' Capital Employed -: (Equity (incl. other equity) + Current Borrowing + Non Current Borrowing+ Lease liability+Security deposit received from customer)
 (5) ' Average Equity Share Capital -: (Opening Equity (incl. other equity & minority share) +Closing Equity (incl. other equity & minority share))/2
 (6) ' Average Investment -: ((Opening Fixed deposit, bond & other current investment +Closing fixed deposit, bond & other current investment)/2

Reasons for variances -:

^ Lower Debt Equity ratio because of reduction in debt and same is the reason for lower debt service coverage ratio as more debt has been serviced in the current financial year.

Higher return on equity because of higher net profit in current year as compared to last year.

** Higher Inventory Turnover & Trade Receivable Turnover Ratio because of increase in sales in current year as compared to last year.

& Trade Payable Turnover ratio because of increase in Purchase.

! Net Capital Turnover ratio is higher because of increase in sales.

NOTES:

1. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 relating to the Special Business to be transacted at the Meeting is annexed hereto.

Additional information, pursuant to the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended with respect to appointment of the Statutory Auditors of the Company, as proposed under Item No. 4 of this Notice under Ordinary Business, is also provided in the Explanatory Statement.

The Board of Directors of the Company at its meeting held on 2nd August, 2022 considered that the special businesses as specified in the Notice convening the meeting under Item Nos. 5 to 13 being considered unavoidable, be transacted at the Twenty First Annual General Meeting.

2. In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its General Circular No. 20/2020 dated 5th May, 2020 in relation to clarification on holding of Annual General Meeting ('AGM') through video conferencing ('VC') or other audio visual means ('OAVM') read with General Circulars Nos. 14/2020 dated 8th April, 2020, 17/2020 dated 13th April, 2020, 22/2020 dated 15th June, 2020, 33/2020 dated 28th September, 2020, 39/2020 dated 31st December, 2020, 10/2021 dated 23rd June, 2021, 19/2021 dated 8th December, 2021 and Circular No. 2/2022 dated 5th May, 2022 in relation to 'Clarification on passing of ordinary and special resolutions by companies under the Companies Act, 2013 and the rules made thereunder on account of the threat posed by COVID-19' and General Circular No. 02/2021 dated 13th January, 2021 (collectively referred to as 'MCA Circulars') and the Securities and Exchange Board of India ('SEBI') vide its circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated 12th May, 2020 in relation to 'Additional relaxation in relation to compliance with certain provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - COVID-19 pandemic' and Circular Nos. SEBI/HO/CFD/CMD2/CIR/P/2021/11 dated 15th January, 2021 and SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated 13th May, 2022 (collectively referred to as 'SEBI Circulars') permitted the holding of the Annual General Meeting ("AGM") through VC / OAVM facility, without the physical presence of the Members at a common venue. In compliance with the provisions of the Companies Act, 2013 ("Act"), SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") read with MCA and SEBI Circulars, the **21st AGM of the Company**

is being held through VC / OAVM on Tuesday, 27th September, 2022 at 11.30 A.M IST. The deemed venue for the Twenty First Annual General Meeting shall be the Registered office of the Company.

3. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA and SEBI Circulars through VC / OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the AGM and hence the Proxy Form, Attendance Slip and Route Map of the AGM venue are not annexed to this Notice.
4. Pursuant to Section 113 of the Act, Institutional / Corporate Shareholders (i.e., other than individuals / HUF, NRI, etc.) are required to send a scanned copy (PDF/ JPG Format) of its Board or Governing body Resolution/ Authorisation etc., authorising its representative to attend the AGM through VC / OAVM on its behalf and to vote through remote e-voting. The said Resolution/ Authorisation shall be sent to the Scrutiniser by email through its registered email address to csmdshah@gmail.com with a copy marked to evoting@nsdl.co.in.
5. Institutional/Corporate shareholders (i.e., other than individuals, HUF, NRI etc.) can also upload their Board Resolution / Power of Attorney / Authority Letter etc. by clicking on **"Upload Board Resolution / Authority Letter"** displayed under **"e-Voting"** tab in their login.
6. Pursuant to the MCA circulars, Members attending the AGM through VC / OAVM shall be counted for the purpose of reckoning the quorum under Section 103 of the Act.
7. Details as required in Regulation 36(3) of the SEBI Listing Regulations, Companies Act, 2013 and Secretarial Standard on General Meeting (SS-2) of ICSI in respect of the Director seeking appointment/ re-appointment at the Annual General Meeting, forms an integral part of the Notice. Requisite declarations have been received from the Directors for seeking appointment/ re-appointment.
8. The Board has not recommended any dividend for the year ended 31st March, 2022.
9. The Company has transferred the unpaid/unclaimed Interim dividend for the financial year 15-16 on respective due date to the Investor Education and Protection Fund (IEPF) established by the Central Government. The Company has sent reminders to those members having unpaid/unclaimed dividends and has also simultaneously published notice in the leading newspapers before such transfer to the IEPF.

The Company has also uploaded the details of unpaid/unclaimed amounts lying with the Company, on the website of the Company i.e., www.starcement.co.in and also on the website of the Ministry of Corporate Affairs. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an application to the IEPF Authority in Form No. IEPF-5 available on www.iepf.gov.in.

10. Members are requested to note that dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund (IEPF). The shares in respect of which dividends have not been encashed consecutively for a period of 7 years, are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline. The Company is in the process of transferring, the shares for the Financial Year 2015-16, whose Dividend are remained unpaid for the period of 7 Years.
11. Pursuant to Section 124 of the Companies Act, 2013, the unpaid dividends that are due to transfer to the Investor Education and Protection Fund (IEPF) are as follows:

Financial Year	Date of Declaration	Tentative Date for transfer to IEPF
2017-18 (Final)	31st July, 2018	6th September, 2025
