1. Pursuant to the guidelines issued by the Ministry of Corporate Affairs (MCA) vide circular no. 14/2020 dated April 8, 2020, circular no.17/2020 dated April 13, 2020, circular no. 20/2020 dated May 05, 2020, circular no. 02/2021 dated 13th January, 2021, circular No. 21/2021 dated December 14, 2021, circular no.02/2022 dated May 05, 2022 and circular no.10/2022 dated 28th December, 2022 along with relevant circulars (collectively known as 'MCA Circulars') and Securities and Exchange Board of India ("SEBI") vide its circular no. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020 and circular no. SEBI/HO/CFD/PoD-2/P/CIR/2023/4 dated January 5, 2023 (collectively "SEBI Circulars") the 33rd AGM for the year ended March 31, 2023 will be held through video conferencing (VC) or other audio visual means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM.
2. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an arrangement with Big Share Services Private Limited (Bigshare) for facilitating voting through electronic means, as the authorized e- Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by **Bigshare**.
3. The Members can join the AGM in VC/OAVM mode between 15 minutes before and after the scheduled time of commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Pursuant to MCA Circulars, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Ministry of Corporate Affairs (MCA) Circulars, the Notice calling the AGM has been uploaded on website of the Company at www.midwestgoldltd.com. The Notice can also be accessed from website of the Stock Exchange i.e. BSE Limited at www.bseindia.com. The AGM Notice is also disseminated on the website of Bigshare (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. <https://ivote.bigshareonline.com> .
7. The AGM shall be convened through VC/OAVM in compliance with applicable provisions of the Companies Act, 2013 read with MCA Circulars.

8. In continuation of the Ministry's **General Circular No. 20/2020**, dated 05.02.2020 and General Circular No. 02/2022 dated 05.05.2022 and after due examination, it has been decided to allow companies whose AGMs are due in the year 2023, to conduct their AGMs on or before 30th September, 2023 in accordance with the requirements provided in paragraphs 3 and 4 of the General Circular No. 20/2020 dated 05th May, 2020.

THE INSTRUCTIONS TO SHAREHOLDERS FOR REMOTE E-VOTING ARE AS UNDER:

- (i) The voting period begins on 23rd September, 2023 at 9.00 A.M and ends on 25th September, 2023 at 05.00 P.M. During this period, shareholders' of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 19th September, 2023 may cast their vote electronically. The e-voting module shall be disabled by Bigshare for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 December 09, 12, 2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

1. Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode** is given below:

ANNEXURE - III

Form No. MR-3 SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2023

[Pursuant to section 204(1) of the companies Act, 2013 and rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Midwest Gold Limited,
Hyderabad

We have conducted the secretarial audit on the compliance of applicable statutory provisions and the adherence to good corporate practices by Midwest Gold Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon. Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and authorized representatives during the conduct of secretarial audit and as per the explanations given to me and the representations made by the Management, we hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 generally complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We, have examined the books, papers, minute books, forms and returns filed and other records made available to us and maintained by Midwest Gold Limited for the financial year ended on 31st March, 2023 according to the applicable provisions of:

- i. The Companies Act, 2013 ('the Act') and the rules made there under, as applicable;
- ii. The Securities Contract (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') and amendments thereto:
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 1992 & 2015;
 - c. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act, 2013 and dealing with client;
- v. Other laws applicable to the Company as per the representations made by the Management.

We have also examined compliance with the applicable Clauses/Regulations of the following:

- i. Secretarial Standards issued by The Institute of Company Secretaries of India, with respect to Board and General Meetings,

ii. The Listing Agreement entered into by the Company with BSE Limited read with the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as the shares were listed in Bombay Stock Exchange.

During the period under review and as per the explanations and clarifications given to us and the representations made by the Management, the Company has generally complied with provisions of the Act, Rules, Regulations, Guidelines, etc. mentioned above. However the promoters Jain Deepak and Jain Pawan holding equity shares of 12,500 and 33,350 respectively have not dematerialized their equity shares pursuant to the provisions of The Depositories Act, 1996 and the Regulations and Bye-laws framed there under. Upon verification of the records/correspondences made by the Company with the concerned promoters it is found that the Company has made proper follow up with the concerned promoters to dematerialize the shares of the said promoters but they have not dematerialized their equity shares.

We further report that:

Pursuant to the Regulation 15(2) of SEBI (LODR) Regulations, 2015, the Regulations pertaining to the Corporate Governance i.e., 17 to 27 & Clauses (b) to (i) and (t) of sub regulation (2) of regulation 46 and para C, D & E of schedule V are not applicable to the Company since the paid up equity share capital is less than Rs. 10 Crores and net worth is less than Rs. 25 Crores as on the latest Audited Balance Sheet.

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors to the extent applicable provisions of the Companies Act, 2013 read with relevant Rules made there under. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices including shorter notices were given to all Directors and consents were obtained as and when required in accordance with schedule of Board Meetings. Agenda and detailed notes on agenda were sent in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting. Decisions at the Board Meetings as represented by the management were taken unanimously. We further report that as per the explanations given to me and the representations made by the Management and relied upon by me there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

MANAGEMENT DISCUSSION & ANALYSIS

OVERVIEW:

The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013, guidelines issued by the Securities and Exchange Board of India (SEBI) and other statutory requirements. Our Management accepts responsibility for the integrity and objectivity of these financial statements, as well as for various estimates and judgments used therein. The estimates and judgments relating to the financial statements have been made on a prudent and reasonable basis, so that the financial statements reflect in a true and fair manner the form and substance of transactions and reasonably present our state of affairs, profits and cash flows for the year.

INDUSTRY REVIEW

Recent global trends indicate that there is a rising demand relative to supply and increasing cost of mining leading to an increase in commodity prices. Replenishment of mineral reserves has become stiff due to declining ore grades and additional challenges such as inadequate infrastructure and human capital, which are critical to support the growth of sector. The Governments worldwide are adopting progressive policy measures to boost mining and mineral exploration in their countries. The Indian Government has also initiated several measures under Ministry of Mines through Mines and Minerals (Development and Regulation) Act, 1957 and amendments thereon.

RISKS AND CONCERNS:

The Company is planning to acquire prospecting licenses of natural stones, gold and other minerals which are highly speculative in nature and subject to several approvals and operational risks. These risks include exploration and mining risks, delays in approvals to undertake exploration activities, delays in grant of appropriate mineral concession licenses, actual resources differing from estimates, operational delays and the availability of equipment, personnel and infrastructure.

The Company is also dependent on key personnel and subject to actions of third parties, including the staff, other contractors and suppliers.

The Company's operations are also subject to government laws and regulations, particularly environmental and land acquisition regulations.

The Company's future revenues from product sales will be affected by changes in the market price of gold and other natural stones which shall be subject to numerous factors which are beyond its control. These include international supply and demand, the level of consumer product demand, international economic trends, currency exchange rate fluctuations, the level of interest rates, rate of inflation, global or regional political events and international events as well as a range of other market forces.

In the absence of cash flow from operations, the Company may have to rely on capital markets / private equity investment to fund its operations. The Company's ability to raise further funds will depend on the success of existing operations.

All the above factors notwithstanding, your Company and its Directors believe that they have adequate experience and access to expertise and capital sources

that will enable the Company to successfully develop, launch and execute its projects successfully.

OUT LOOK AND OPPORTUNITIES:

The Company's business prospects are closely linked to the economic environment prevailing locally and globally. Given the challenging market environment and stiff competition, it is difficult to make an optimistic prediction for business prospect in the coming year.

Despite all these shortcomings, the mineral exploration and mining sector holds substantial potential to contribute to the growth of economy and create value for all stakeholders, including the Central Government, State Government (s) and the community at large.

In view of market opportunities, Midwest Gold Limited is in the process of applying for mining leases and implement the licenses of the mines if the government of India allot the licenses in its favor with state of art technology; a large pool of well trained geologists, geophysicists and mining engineers to generate a mineral-based economic development of enormous scale and value.

Apart from above, the company is doing trading of imported marble, processing of granite blocks purchase from the local quarries to generate revenues to meet its day to day fund requirements. The company is trying to capture the domestic as well as international granite and marble markets to enhance its opportunities thereby achieve its objects.

RISK MANAGEMENT:

The Company has mechanism to combat risk of exposure to Business, Assets and Financial Risks in the form of competition, accidents, natural calamities, obsolescence, and fluctuations in foreign currency etc. The management of your company is on constant vigil to combat any eventuality that may pose threat to the company's business.

INTERNAL CONROL SYSTEMS AND THEIR ADEQUACY:

The philosophy we have with regard to internal control systems and their adequacy has been formulation of effective systems and their strict implementation to ensure that assets and interests of the Company are safeguarded; checks and balances are in place to determine the accuracy and reliability of accounting data. The Company has a well defined organization structure with clear functional authority, limits for approval of all transactions. The Company has a strong reporting system, which evaluates and forewarns the management on issues related to compliance. Company updates its internal control system from time to time, enabling it to monitor employee adherence to internal procedures and external regulatory guidelines.

FINANCIAL PERFORMANCE & OUTLOOK:

Your Company has achieved a Turnover of Rs. 175.03 Lakhs excluding other income of Rs. 1.66 Lakhs when compared to Rs. 12.35 Lakhs excluding other income of Rs. 12.65 Lakhs during previous year. The operations of the Company resulted in loss of Rs. 960.64 Lakhs when compared to loss of Rs. 161.93 Lakhs during previous year.

Details of significant changes (i.e. changes amounting to 25% or more compared to the previous financial year) in key financial ratios are as follows:

Financial Ratios	2022-23	2021-2022	Change (%)	Reasons for Change
Debtors Turnover	0.81	0.03	29.22	Change on account of increase in revenue.
Inventory Turnover	1.00	0.07	12.33	Turnover increased during F.Y. 2022-23

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in Auditor's Responsibility for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Material Uncertainty related to Going concern.

We draw attention to Note 38 of the financial statements, which indicates that the Company has incurred a net loss of Rs.960.64 Lakhs during the year end March 31, 2023 and, as of date, the Company's accumulated losses at Rs. 2789.54 Lakhs and erosion of its Net worth as at March 31, 2023. the company's current liabilities exceeded its current assets by Rs. 2,320.25 Lakhs. The financial statements of the Company have been prepared on a going concern basis based on the future business plans contemplated by the Company, commercial and financial support provided by the holding company to enable the Company to sustain its operations and meet its obligations and for the reasons stated in the said Note.

Our opinion is not modified in respect of this matter.

Key Audit Matters

We have determined that there are no other key audit matters to communicate in our report beyond matter addressed in the Material Uncertainty Related to Going Concern section of our report.

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. These reports comprising other information are expected to be made available to us after the date of this auditor's report.
- Our opinion on the financial statements does not cover the other information and will not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance, and Shareholder's Information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation, and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2022, prepared in accordance with Ind AS included in this Statement have been audited by the predecessor auditor. The report of the predecessor auditor on this comparative financial information dated May 30, 2022, expressed an unmodified opinion.

Report on Other Legal and Regulatory Requirements

(b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Company has not declared or paid any dividend during the year
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Midwest Gold Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation, and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified / adverse audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the

preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on "the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes annexed to and forming part of the Financial Statements

(all amounts are in INR Lakhs, unless otherwise stated)

1. Corporate Information

- 1.1. Midwest Gold Limited (the Company or MGL) is a public limited company incorporated under the provisions of erstwhile Companies Act, 1956 having its registered office at Hyderabad in the state of Telangana, India. The Equity Shares of the Company are listed with Bombay Stock Exchange, Mumbai in India.
- 1.2. The Company is presently engaged in the processing and trading business of Granite, Marble and other natural stone.
- 1.3. These financial statements are approved and authorised for issue by the Board of Directors on 29th May, 2023.

2. Basis of Preparation of financial statements

i Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

ii. Historical cost convention

The financial statements have been prepared as a going concern on accrual basis of accounting. The company has adopted historical cost basis for assets and liabilities except for certain items which have been measured on a different basis and such basis is disclosed in the relevant accounting policy. The financial statements are presented in Indian Rupees (INR) in Lakhs unless otherwise specifies.

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per Company's operating cycle and other criteria set out in Schedule-III of the Companies Act 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of Current or non-current classified of assets and liabilities.

An asset is classified as current if:

- i. It is expected to be realised or sold or consumed in the Company's normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is expected to be realized within twelve months after the reporting period; or
- iv. It is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current if:

- i. It is expected to be settled in normal operating cycle;
- ii. It is held primarily for the purpose of trading;
- iii. It is expected to be settled within twelve months after the reporting period;
- iv. It has no unconditional right to defer the settlement of the liability for at least

twelve months after the reporting period.

All other assets and liabilities are classified as non-current.

All assets and liabilities have been classified as current or non-current as per company's operating cycle and other criteria set out in Schedule-III of the Companies Act, 2013. Based on the nature of business, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

2.1. Significant Accounting Policies

The significant accounting policies adopted in the preparation of these financial statements are detailed hereafter. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.2. Segment Reporting

The company is operated in single segment and reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker. The Whole Time Director has been identified as the Chief Operating Decision Maker. Refer Note 32 for the segment information presented.

2.3. Foreign currency transactions

a) Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). Indian Rupees is the functional currency of the company. The financial statements and all financial information is presented in Indian rupee (INR).

b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are generally recognised in statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency, using the exchange rate at the date of the transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

2.4. Use of estimates, assumptions and judgements

The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- Estimation of expected credit loss on financial assets – Note 28(A) (I).
- Useful life of Property, Plant & Equipment – Note 2.7
- Recognition and measurement of defined benefit obligations – Note 2.14
- Estimation of current tax expense and payable

2.5. Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of returns, trade allowances, rebates, value added taxes, goods and service tax (GST) and amounts collected on behalf of third parties.

Revenue is recognized when the amount of revenue can be reliably measured: probable that future economic benefits will flow to the entity and specific criteria for each of the activities as described below has been met.

Sale of Goods – Recognition & Measurement

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods.

Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Sale of Goods - Recognition & Measurement

Revenue from Sale of services is recognized as per the terms of the contracts with customers when the related services are performed or the agreed milestones are achieved.

Dividend Income

Dividend income on investments is accounted for when the right to receive the same is established. Dividend income will be included in Other Income in the Statement of Profit and Loss.

Interest Income

Interest income on all financial assets measured at amortised cost, interest income is recognised using the effective interest rate (EIR) method, is recognised in the statement of profit and loss as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of the financial asset except for financial assets that subsequently become credit impaired. For credit impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the expected credit loss).

2.6. Leases

As a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-

use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

As a lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short-term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

2.7. Property, Plant and Equipment

i) Recognition and measurement

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs if any of dismantling and removing the item and restoring the site on which it is located. Items such as spares are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Like wise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

ii) Subsequent expenditure

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate in property, plant and equipment the cost of replacing part of such an item when the cost is incurred if the recognised criteria are met. The carrying amount of any component accounted for as separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

iii) Derecognition

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefit is expected to arise from the continued use of the asset. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the item) is recognised in profit and loss in the period, the item is derecognised.

iv) Depreciation expense

Depreciation is charged on straight line basis so as to write off the depreciable amount of the asset over the useful lives specified in Schedule II to the Act. The useful life of the assets is periodically reviewed and re-determined based on a technical evaluation and expected use.

The Company reviews the residual value, useful lives and depreciation method annually and, if expectations differ from previous estimates, the change is accounted for as a change in accounting estimate on a prospective basis.

2.8. Financial Instruments

Classification, initial recognition and measurement

A financial instrument is any contract that gives rise to a financial asset for one entity and a financial liability or equity instrument for another entity. Financial instruments are recognized on the balance sheet when the Company becomes a party to the contractual provisions of the instrument.

(i) Financial Assets

Classification:

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and

- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows. For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable selection at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company re classifies debt investments when and only when its business model for managing those assets changes.

At initial recognition

The Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Subsequent measurement - Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the group classifies its debt instruments:

- i. At amortised cost: Financial assets having contractual terms that give rise on specified dates to cash flows that are solely payments of principal and interest on the principal outstanding and that are held within a business model whose objective is to hold such assets in order to collect such contractual cash flows are classified in this category. Subsequently, these are measured at amortized cost using the effective interest method less any impairment losses.
- ii. At fair value through other comprehensive income (FVOCI): Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payment of principle and interest on the principle amount outstanding and selling financial assets.
- iii. At fair value through profit or loss (FVTPL): Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are immediately recognised in profit or loss.

Other Equity Investments

All other equity investments are measured at fair value, with value changes recognized in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

Trade receivables

Trade receivables are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method, less provision for impairment.

(ii) Financial liabilities

Classification, initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, or payables, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts.

Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Trade and other payables

Trade and other payables represent liabilities for goods and services prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

Loans and borrowings

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a pre payment for liquidity services and amortized over the period of the facility to which it relates.

De-recognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. On de-recognition of a financial asset the difference between the carrying amount and the consideration received is recognized in the statement of profit and loss.

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. On de-recognition of a financial liability the difference between the carrying amount of the financial liability de

recognized and the consideration paid and payable is recognized in the statement of profit and loss.

Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

Financial guarantee contracts

The fair value of financial guarantees is determined as the present value of the difference in net cash flows between the contractual payments under the debt instrument and the payments that would be required without the guarantee or the estimated amount that would be payable to a third party for assuming the obligations.

As Guarantor

Financial guarantee contracts are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of the amount determined in accordance with Ind AS 109 and the amount initially recognized less cumulative amortization, where appropriate.

Where guarantees in relation to loans or other payables of associates are provided for no compensation, the fair values are accounted for as contributions and recognised as part of the cost of the investment.

As Beneficiary

Financial guarantee contracts are recognised as a financial asset at the time the guarantee is taken. The asset is initially measured at fair value and subsequently amortised over the guarantee period. Where guarantees in relation to loans or other payables are provided by company for no compensation, the fair values are accounted for as contributions and recognised as part of equity.

2.9. Impairment of Assets

Financial assets

The Company assesses at each date of balance sheet impairment if any of a financial asset or a group of financial assets. The company uses, in accordance with Ind AS109, 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL). Expected credit losses are measured through a loss allowance at an amount equal to: The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument).

For trade receivables Company applies 'simplified approach' which requires expected life time losses to be recognized from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analyzed.

For other assets, the Company uses 12 month ECL to provide for impairment loss

where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Non-financial assets

Property, Plant and Equipment and Other intangible assets with finite life are evaluated for recoverability when there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset or CGU is estimated to be less than its carrying amount, the carrying amount of the asset or CGU is reduced to its recoverable amount and impairment loss is recognized in the profit or loss.

2.10. Equity instruments

An equity instrument is a contract that evidences residual interests in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

2.11. Inventories

Raw materials, stores, spares and consumables are valued at lower of cost, calculated on Weighted Average basis. Items held for use in the production of inventories are not written down below cost if the finished products in which these will be incorporated are expected to be sold at or above cost.

Finished goods and work-in-progress are valued at lower of cost and net realisable value. Cost includes materials, labour and a proportion of appropriate overheads based on normal operating capacity. Cost of finished goods includes excise duty. Cost is determined on a Weighted Average basis.

Trading goods are valued at lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.12 Tax expenses

Tax expense comprises of current tax and deferred tax. Current tax is measured at the amount expected to be paid to the tax authorities, based on estimated tax liability computed after taking credit for allowances and exemption in accordance with the prevailing tax laws for the year.

Current and deferred tax are recognized in profit or loss, except when they relate to the items that are recognized in other comprehensive income or directly in equity, in which case, the income taxes are recognized in other comprehensive income or directly in equity, respectively.

Current tax assets and current tax liabilities are presented in the statement of financial position after off-setting the taxes paid or deemed to be paid and current income tax expenses of the year.

Deferred income taxes

Deferred tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences

arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax asset are recognized to the extent it is probable that taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow total or part of the deferred income tax asset to be utilized.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be received or settled.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is probable evidence that the Company will pay normal income tax after the tax holiday period.

Deferred tax assets and liabilities are offset when it relates to income taxes levied by the same taxation authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

The Company recognizes interest related to income tax in interest expenses.

2.13. Provisions, contingent liabilities and contingent asset

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as other finance expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements. Contingent liabilities and contingent assets are reviewed at each balance sheet date.

2.14. Employee benefits

(i) Short term employee benefit obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Other long-term employee benefit obligations

The liabilities for accumulating compensated absences not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are measured at the present value of expected future payments to be made in respect of services provided using the projected unit credit method.

The benefits are discounted using the appropriate market yields at the end of the reporting period that have terms approximating to the terms of the related obligation.

Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognized in profit or loss. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(a) Defined benefit plans-Gratuity obligations

The liability in respect of defined benefit plans and other post-employment benefits is calculated using the projected unit credit method consistent with the advice of qualified actuaries. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. The current service cost of the defined benefit plan, recognised in the statement of profit and loss in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. The interest cost is calculated by applying the discount rate to the balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

2.15. Dividends

Provision will be made for the amount of the dividend declared, if any being appropriately authorized and no longer at the discretion of the entity, and not distributed on or before the end of the reporting period. Proposed dividend, if any will be recognized as a liability in the period in which it is approved by shareholders in a general meeting or paid.

2.16. Earnings per share

Basic earnings per share are calculated by dividing the profit or loss after tax for the period attributable to equity shareholders by the weighted average number of equity

shares outstanding during the period.

For calculating diluted earnings per share, the profit or loss after tax for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.17. Commitments

Commitments include the amount of purchase order (net of advances) issued to parties for completion of assets and on account bonds executed with external authorities.

2.18. Recent accounting pronouncements (Standards issued but not yet effective)

Ministry of Corporate Affairs (“MCA”) notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Rules, 2015 by issuing the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

Ind AS 1 – Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general-purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

Ind AS 12 – Income Taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12 (recognition exemption) so that it no longer applies to transactions that, on initial recognition, give rise to equal taxable and deductible temporary differences. The Company is evaluating the impact, if any, in its financial statements.

Ind AS 8 – Accounting Policies, Changes in Accounting Estimates and Errors

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are “monetary amounts in financial statements that are subject to measurement uncertainty”. Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements

Significant estimates: Actuarial assumptions and sensitivity

The significant actuarial assumptions were as follows:

	31 March,2023	31 March,2022
Discount rate	7.49%	-
Salary growth rate	4.00%	-
Withdrawal rate	4.00%	-
Normal Retirement Age	58 Years	-
Average Balance Future Services	0.16	-
Mortality Table(IALM)	100.00%	-

Sensitivity analysis

The sensitivity of the defined benefit obligation to changes in the weighted principal assumptions is:

Particulars	31 March,2023	31 March,2022
Defined Benefit Obligation		
Discount rate:(% change compared to base due to sensitivity)		
Increase : +1%	4.61	-
Decrease: -1%	5.29	-
Salary Growth rate:(% change compared to base due to sensitivity)		
Increase : +1%	5.31	-
Decrease: -1%	4.59	-
Withdrawal rate:(% change compared to base due to sensitivity)		
Increase : +1%	4.98	-
Decrease: -1%	4.88	-

The above sensitivity analysis are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the balance sheet. The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

The weighted average duration of the defined benefit obligation is 8.49years. The expected future cash flows over the next years, which will be met out of planned assets, is as follows:

	31 March,2023	31 March,2022
Defined benefit obligation-gratuity		
Less than a year	0.24	-
Between 2-5 years	1.12	-
Above 5 years	7.53	-

Risk Management

The Significant risks the company has in administering defined benefit obligation are :

Interest Rate Risk: This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. These Plans primarily invest in debt instruments such as Government securities and highly rated corporate bonds – the valuation of which is inversely proportional to the interest rate movements.

Salary Cost Inflation Risk: The present value of the Defined Benefit Obligation liability is calculated with reference to the future salaries of participants . Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

Note 26: Financial instruments and risk management - Fair value hierarchy

The following table presents the fair value hierarchy of assets and liabilities:

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels :

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price including within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices). The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case with listed instruments where market is not liquid and for unlisted instruments.

(i) The carrying amounts of trade payables, other financial liabilities, borrowings, cash and cash equivalents, other bank balances, trade receivables, investments and loans are considered to be the same as their fair values due to their short term nature.

Note 28: Financial Risk Management

The Company's activities expose it to market risk, Liquidity risk and credit risk. The Company emphasis on risk management and has an enterprise wide approach to risk management. The Company's risk management and control procedures involve prioritization and continuing assessment of these risks and device appropriate controls, evaluating and reviewing the control mechanism.

(A) Credit Risk:

Credit risk is the risk of potential loss that may occur due to failure of borrower/counterparty to meet the obligation on agreed terms and conditions of the financial contract. Credit risk arises from financial assets such as cash and cash equivalents, other bank balance, trade receivables and other financial assets. The company monitors the exposure to credit risk on an ongoing basis at various levels.

(I) Trade Receivable :

The credit risk related to trade receivables is influenced mainly by the individual characteristics of each customer. The Company follows a 'simplified approach' (i.e. based on lifetime ECL) for recognition of impairment loss allowance on Trade receivables. For the purpose of measuring lifetime ECL allowance for trade receivables, the company estimates irrecoverable amounts based on the ageing of the receivable balances and historical experience. Individual trade receivables are written off when management deems them not to be collectible. As there is no independent credit rating of the customers available with the Company, the management reviews the credit-worthiness of its customers based on their

(All amounts in INR lakhs, unless otherwise stated)

financial position, past experience and other factors. The company also provides for expected credit losses based on the past experience where it believes that there is high probability of default.

Following are the Expected credit loss for trade receivables under simplified approach:

Particulars	31 March,2023	31 March,2022
Gross carrying amount	417.91	396.88
Expected credit losses (Loss allowance provision)	384.35	-
Net carrying amount of trade receivables	33.56	396.88

(B) Market Risk:

Market Risk is the risk that the future value of a financial instrument will fluctuate due to moves in the market factors. The most common types of market risks are interest rate risk and foreign currency risk.

• Interest Rate Risk

Interest rate risk is the risk that the future cash flows or the fair value of a financial instrument will fluctuate because of changes in market interest rates. The Company manages its market interest rates by fixed rate interest . total borrowing of the company received from the holding compnay at fixed interest rate which is not change with market factors. Hence ,the Company is not significantly exposed to interest rate risks.

• Foreign Currency Risk

Foreign currency risk is the risk that the fair value or future cash ?ows of an exposure will ?uctuate because of changes in foreign exchange rates. Sales in other countries and purchases from overseas suppliers are exposed to risk associated with fluctuation in the currencies of those countries vis-a-vis the functional currency i.e. Indian rupee. The Company manages currency fluctuations by having a better geographic balance in revenue mix and ensures a foreign currency match between liabilities and earnings. The Company continually reassesses the cost structure impacts of the currency volatility and engages with customers addressing such risks.

Unhedged foreign currency exposure as at the reporting date:

	As at March 31, 2023			As at March 31, 2022		
	USD	Euros	Equivalent Amount in INR	USD	Euros	Equivalent Amount in INR
Trade receivable	9,148	-	7.52	-	-	-
Advance to suppliers and services	190,000	-	156.21	-	-	-

i) Foreign Currency Risk - Sensitivity

The analysis is based on the assumption that the Foreign Currency has increased / (decreased) by 2.5% with all other variables held constant.

2.5% increase or decrease in foreign exchange rates will have the following impact on profit/loss before tax

Particulars	31 March,2023	31 March,2022
USD	4.09	-
Euros	-	-

(C) Liquidity Risk:

Liquidity risk refers to the risk that the Company cannot meet its ?nancial obligations. The objective of liquidity risk management is to maintain suf?cient liquidity and ensure that funds are available for use as per requirements.

The Company manages it`s risk from it`s principle source of resources such as cash and cash equivalents , cash flows that are generated from operations and other means of borrowings, to ensure, as far as possible. To mitigate this risk the company has a financial support from the holding company.
