Any forward looking information in this presentation including, without limitation, any tables, charts and/ or graphs, has been prepared on the basis of a number of assumptions which may prove to be incorrect. This presentation should not be relied upon as a recommendation or forecast by Hero MotoCorp Limited (HMCL) and any of its subsidiaries. Past performance of HMCL and any of its subsidiaries cannot be relied upon as a guide to future performance. None of HMCL, any of their respective shareholders or subsidiaries or any of such person's officers or employees accepts any liability whatsoever arising directly or indirectly from the use of this presentation.

This presentation, except for the historical information may contain statements, including the words or phrases such as “expects”, “anticipates”, “intends”, “will”, “would”, “should”, “undertakes”, “aims”, “estimates”, “contemplates”, “projects”, “believes”, “seeks to”, “objective”, “goal”, and similar expressions or variations of these expressions or negatives of these terms indicating future performance or results, financial or otherwise, which are forward looking statements. Although, we believe that the expectations reflected in these forward – looking statements are reasonable, we can give no assurance that such expectations will prove to be correct. In addition, estimates of future operating results are based on our current expectation of businesses, which is subject to change. Numbers have been rounded off as appropriate.

Statements in this presentation speak only as of the date of this presentation, and we disclaim any responsibility to update or revise such statements. This presentation is not intended, and does not, constitute or form part of any offer, invitation or the solicitation of an offer to purchase, otherwise acquire, subscribe for, sell or otherwise dispose of, any securities in HMCL and any of its subsidiaries or undertakings or any other invitation or inducement to engage in investment activities, nor shall this presentation (or any part of it) nor the fact of its distribution form the basis of, or be relied on in connection with, any contract or investment decision.

This presentation contains non – GAAP financial information, which the management of HMCL believes is valuable in understanding the performance of HMCL. However, non GAAP information is not uniformly defined by all companies and therefore it may not be comparable with similarly titled measures disclosed by other companies, including those in the same industry as HMCL. Although these measures are important in assessment and management of the business of HMCL, they should not be viewed in isolation or as replacement for, but rather as complementary to, the comparable GAAP measures.

India story gains momentum

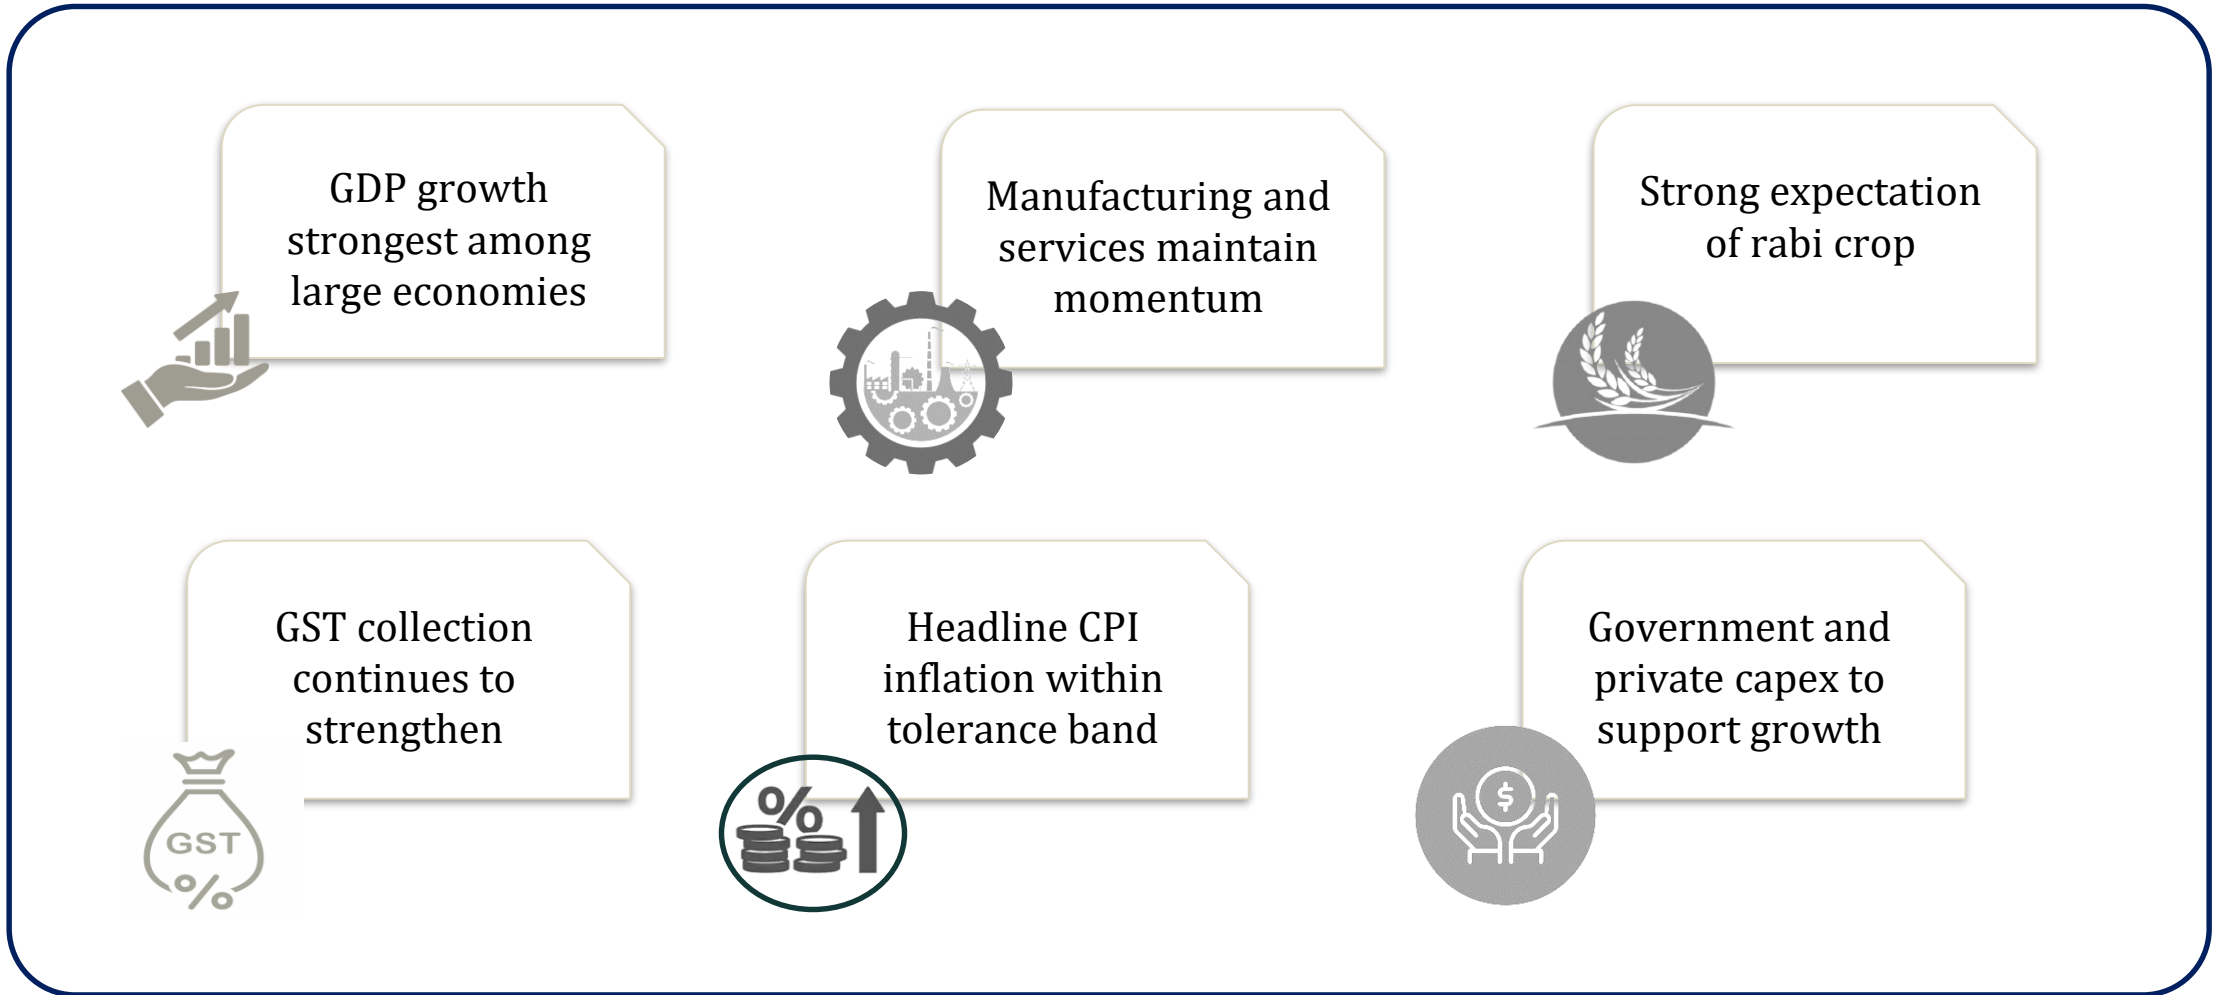

- ✓ Fastest growing major economy in the world
- ✓ From 10th largest in FY14 poised to grow to 3rd largest
- ✓ Population demographics builds work force and also leads to a strong domestic demand
- ✓ Capex cycle to support consumption growth: Government led and private supported

India likely to add \$1Tn in 3 years to its GDP

Source: IMF GDP estimates

Leading to strong consumer confidence

Creating platform for robust 2w growth

Broader economic recovery

Rural income, sentiment growth

Urban buoyancy

Govt. capex push

Road construction

2w opportunities

Low 2w penetration

New launches

Premiumisation

Financing

Mobility a structural need || 2w an income enabler

Data and Insights
Creating data
driven
organization

Profitable growth

Keen focus on margin support through supply chain optimization

Actively adapt to developments in EV and premium supply chain

New Supply Chain Partners

- › Co-locating teams, multiple senior CXO level meetings
- › Close technical collaboration with Hero (TCG and CIT) & SCPs

Electronic component shortages

- › Continuous monitoring, long term agreements
- › Develop multiple sources and establish direct relations with tier 3/4 chip suppliers

Product maturity

- › Design maturity of EV parts, premium components take more time and iterations
- › Rigorous development process ensures high quality components and subsystems

Cells

- › Validated and finalized supply of cylindrical cells from LGES, Samsung SDI & Panasonic
- › Actively investigate other form factors and new chemistries
- › Test new sources like BAK and sVolt

Technology integration

- › Introduction of non automotive partners like Google and Airtel
- › Inclusion of global partners like Bosch and Aptiv
- › Localizing technologies and parts e.g. motors with Brose
- › Advanced manufacturing like hydroforming process for premium quality of handles

Sustainability

Hero Ambitious Targets on Sustainability (HATS)

HATS: Details of certain projects undertaken

Carbon Neutrality

Re-wheeling

Halol Plant
2 Mw setup which will fetch 90 lakh kWh annually

Onsite Solar

Dharuhera, Neemrana, Gurgaon, Haridwar, CIT Jaipur, Halol, Tirupati
11.2 Mw total onsite solar capacity of HMCL

Cockpit

Neemrana, Tirupati, Horizon Office
Monitoring & control of HVAC

Water Positivity

Within the fence: 570 recharge shaft for rainwater
Dharuhera, Neemrana, Gurgaon, Haridwar, CIT Jaipur, Halol, Tirupati

Beyond the fence: 125 recharge shaft for rainwater harvest

Green Dealerships

Dealership, West Bengal

140 "Green basic" to be upgraded to Green Plus in FY'2024

Waste Neutrality

100% waste neutrality by 2024!

5 out of 8 plants are 100% waste neutral already

Sustainable partner development plan: Capacity building planned for larger partners

Diversity & Inclusion
