The growth was further driven by robust contribution from our high-margin branded jewellery segment and our direct-to-consumer business.

The direct-to-consumer segment is a key focus area for us. We are seeing improved consumer traffic across our six websites. I am also happy to share that we are constantly witnessing healthy business from repeat customers. In the quarter, the contribution from repeat customers stood at 17% as against 15% in Q2 FY22, 14% in Q1 FY22 & average 6% in FY21. The contribution from repeat customers continues to be on an improving trend, showcasing higher customer stickiness and brand trust.

We are also happy to share that we have signed a licensing agreement with one of North America's most popular sports leagues, National Football League (NFL) to design a unique jewellery collection. This partnership is strategic and mutually synergistic in nature and further aligns with our long-term goal to accelerate our branded jewellery business. This along with our existing strategic licensing agreements with Enchanted Disney Fine Jewellery, Hallmark, Star Wars and Disney Treasures augments our branded jewellery product portfolio and enables us to build our presence in key global geographies.

Overall, we have delivered a healthy performance during the period under review. As we look ahead, there are concerns related to the third wave of COVID-19 in some of our key global markets. However, we anticipate minimal and short-lived disruption due to this surge and expect the demand environment to stabilize soon. Our business strengths such as our partnership with globally recognized brands, high expertise in conceptualization, designing & distribution of products and advanced industry know-how place us very well to tap upon the various growth

opportunities in the high-potential global branded jewellery industry. All in all, we are optimistic about our growth prospects and opportunities in key international markets.

Based on our strong performance for the quarter & financial year till date and in line with our dividend distribution policy, the Board has decided to declare an interim dividend of Rs. 5.5 per share”
