MANAGEMENT DISCUSSION AND ANALYSIS REPORT

OVERVIEW

The Indian packaging industry continues to grow on the back of rising domestic consumption. However, during the year 2019-20 the rate of growth of the Indian economy has considerably slowed down thereby adversely affecting the demand growth for your Company's products.

Your Company continues to be one of the leaders in the industry, with plants at multiple locations, as well as a very strong customer profile. Your Company is at the forefront of technology in the industry and has a substantial scale advantage over smaller competitors. Your Company, whilst continuing to expand its capacity is focused on consolidation and capacity utilization, leading to a positive correction in the debt: equity ratio as well as an improvement in EBITDA margins over the past year. We believe that your Company will continue to maintain good ratios and steadily improve EBITDA margins as the new capacity gets fully utilized, on an overall higher scale of operations. We believe that the outlook is quite positive in general but the outbreak of COVID-19 will most certainly reduce demand growth and affect our operations.

FINANCIAL PERFORMANCE

During the year the Company has managed to grow at 9.32 % and achieved a turnover of ₹ 870.27 crores. The Company could not achieve the much-awaited milestone of ₹ 900 crores due to the COVID-19 induced lock-down. However, there has been significant improvement in EBITDA margin which is 14.72% as against 13.28% in the previous year, translating into a higher PBT.

COVID-19

The macroeconomic consequences of the Covid-19 pandemic and the associated impact on our business remain difficult to assess. For certain, a recession is imminent whose extent, duration and development cannot be predicted. Even if the demand for our products, packaging for consumer staples, has a certain resilience and is currently doing well overall, it is difficult for us to assess how much is attributable to end- consumption or stockpiling. On the cost side, we are facing price increases for the important raw material of recovered paper, which we are countering with higher prices for recycled fiber-based carton board.

Due to short-term visibility and macroeconomic uncertainties, a further assessment for the current year is not possible at the moment. In any case, sustained investment activity should further strengthen the competitiveness of your Company.

OPPORTUNITIES

The overall long term macro-economic conditions in India are expected to improve considering the stable Government at the Centre. With the diverse geographical presence of the Company across India and that Company supplies to both the carton and flexible packaging requirements of its customers, your Company has a definite edge over its competitors.

THREATS

The COVID-19 pandemic is the biggest threat to the Company's operations and prospects until a medical solution is found to overcome this virus. Further, there continues to be increase in capacity of packaging manufacturers resulting in over supply. Coupled with inflation-led increases in costs of not only raw materials but also operating expenses, there is significant pressure on margins. Whilst the Company tries to pass this on to customers and absorb some of it by improving productivity, there is still a threat to margins on an ongoing basis. Your Company shall adjust its capex plans and schedule as per the changing market demand scenario.

The Company also does a significant quantity of its business with the Tobacco industry which is under constant threat due to increase in taxes levied by the Government which impact the overall volume besides the need to print graphical health warning on the packs which do deter many from its consumption.

SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

Your Company currently has only one segment of business i.e. Printing and Packaging.

DIVIDEND POLICY AND AMOUNT

The Board of Directors of the Company has adopted the policy of paying out 20% of retained profit, as Dividend each year. However, in view of the disruption caused due to COVID-19, to conserve funds, dividend of ₹ 4.00 per share which is equivalent to 10 % of the retained profit, is recommended by your Board of Directors to be adopted in the ensuing AGM. Accordingly, the dividend payout, would amount to ₹ 364.00 Lakhs, subject to deduction of tax at source as per provisions of prevailing of Tax Rules.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

The Company has adequate internal control system and a defined organizational structure besides, internal rules and regulations for conducting the business. The Management reviews actual performance with reference to budgets periodically. The Company has a Audit Committee, Independent Statutory Auditors and also Internal Auditors who submit reports periodically which are reviewed and acted upon.

MATERIAL DEVELOPMENT IN HUMAN RESOURCES / INDUSTRIAL RELATIONS FRONT, INCLUDING NUMBER OF PEOPLE EMPLOYED

Industrial relations continue to remain cordial during the year and total 1863 employees are on the Company's payroll as on 31.03.2020 as compared to 1724 employees on the Company's payroll as on 31.03.2019.

DISCLOSURE OF ACCOUNTING TREATMENT

In preparation of financial statements, the Company has not followed a treatment different from that prescribed in the Accounting Standards.

DIRECTORS REPORT

To,

The Members,

Your Directors have pleasure in submitting the Thirty Second Annual Report along with Audited Financial Statement for the Financial Year ended on 31.03.2020.

DIVIDEND

On account of Covid-19 pandemic, the Company is taking steps to reduce its cash outgo and conserve its resources. Accordingly, a dividend of ₹ 4.00 per equity share of ₹ 10/- each, has been recommended, which is equivalent to 10% of distributable profit as against adopted dividend policy of 20% for last several years. The dividend recommended is subject to approval of the Members at the ensuing Annual General Meeting of the Company and deduction of tax at source as per provisions of Income Tax Act, 1961, as applicable and shall be accounted in the year 2020-21. Accordingly, the dividend payout would amount to ₹ 364.00 Lakhs.

WORKING REVIEW

During the year 2019-20, the Sales of your Company has increased to ₹ 870.27 crores from ₹ 796.10 crores for the previous year ended 2018-19 representing a growth of 9.32 % as against growth of 17.10 % during the previous year 2018-19. Your Company could not produce or despatch its products in last few days of March 2020, because of the lock down imposed on the country due to the outbreak of COVID-19. However, your Directors are pleased to inform that despite this disruption, the EBIDTA margins as a percentage of Sales, has significantly improved to 14.72 % during the year as compared to 13.28 % for the previous year. The overall operations were satisfactory during the year under review and your Directors were confident of crossing a milestone revenue of ₹ 900 crores, had it not been for the disruption caused by the COVID-19 lockdown.

The growth of the Indian economy for the major part of 2019-20 financial year has been quite poor, despite this, your Company has been able to add new customers and strengthen its share of business in existing customers, which resulted in a growth of sales as mentioned above. Additionally, the Company has been able to keep a tight control on costs which resulted in a healthy increase in operating margins.

During the year, the Company has increased capacity at its Haridwar unit by investing in a state of the art new 8 colour offset printing machine along with post printing conversion machines and also stabilised operations at its new plant at Goa which was commissioned in March 2019.

FUTURE PROSPECTS

The entire world is affected by the outbreak of COVID-19 which originated in China in December 2019 and spread rapidly across the globe leading the Indian Government to impose a series of lockdowns across India from 24th of March 2020. As on date of this report, the state of Maharashtra and indeed its capital city Mumbai is still under lockdown. This is adversely affecting our business prospects and at this stage it is difficult to determine how long this pandemic will take to resolve and by when the economy can be revived to its former state. Your Company is in the business of manufacturing of packaging materials, and a significant part of the business is towards catering to products which are classified as essential goods. Your Directors feel that for such type of goods of mass and day to day consumption, the demand in a country of the size and population of India, shall always exist though the rate of growth may certainly drop significantly. As such your Directors are fairly confident that your Company can manage to meet its commitments and though it is very difficult to project what the likely scenario will be, it is highly probable that the Company's operations will be allowed to continue at a marginally reduced level of operation.

However, there is acute shortage of labour which is bound to affect our operations. Besides, availability of raw materials and transport is also a challenge. Under the circumstances it is very difficult for your Directors to give a guidance for future earnings, but your Company's factories are well positioned to cater to any uptake in demand. The management shall endeavour to focus on cutting costs and concentrate on better productivity so as to overcome these uncertain and difficult times.

DIRECTORS

In accordance with the provisions of Section 152 of the Companies Act 2013 and the Company's Articles of Association, Mr. K K Kanoria and Mr. Saket Kanoria, retire by rotation at the forthcoming Annual General Meeting of the Company and being eligible, offer themselves for re-appointment. The information of Mr. K K Kanoria and Mr. Saket Kanoria as required under Regulation 36(3) of SEBI Listing Regulations is as follows.

He does not hold directorship in any listed Company other than your Company and neither does he hold memberships in any committees of the Board and nor does he hold any shares of your Company. Mr. K. K. Kanoria has attended four board meetings out of five board meetings held during the year. Mr. K. K. Kanoria hold directorships in Narmada Fintrade Private Limited, Flixit Animations Private Limited, Samridhi Holding Private Limited and Saubhagya Investors & Dealers Private Limited.

Mr. Saket Kanoria supervises and controls the day-to-day activities of the Company at various factories and offices through the departmental / operational heads. He is expert in Business Development, Administration and Operations. He is son of Mr. K K Kanoria and father of Mr. Rishav Kanoria and Mr. Akshay Kanoria. He does not hold directorship in any listed Company other than your Company. He is member of Corporate Social Responsibility Committee. He holds 41504 shares of your Company. Mr. Saket Kanoria has attended five board meetings out of five board meetings held during the year. Mr. Saket Kanoria hold directorships in Accuraform Private Limited, Flixit Animation Private Limited, TCPL Innofilms Private Limited and Indian Flexible Packaging And Folding Carton Manufacturers Association.

The Board recommends their re-appointment for the consideration of the Members of the Company at this Annual General Meeting.

During the year under review, the Board of Directors on recommendation of the Nomination and Remuneration Committee appointed Mrs. Deepa Harris as an Independent Director of the Company in accordance with Section 149(4) of the Act, with effect from 02.08.2019 to hold office for a term of 5 (five) consecutive years. The said appointment has been duly ratified by the Members of the Company in the thirty first Annual General Meeting held on 13.09.2019.

Further, the Board of Directors on recommendation of the Nomination and Remuneration Committee re-appointed Mr. S G Nanavati as Executive Director for a period of three years with effect from 01.06.2020, subject to approval of Members, on such terms and conditions including remuneration thereof, the details whereof is annexed to the notice of the meeting. The Company has received requisite notice in writing from a member proposing Mr. S G Nanavati's name for the office of Director. Accordingly, the Board recommends the resolution of re-appointment of Mr. S G Nanavati as Executive Director, for the approval by the members of the Company. NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

1 Corporate Information

TCPL Packaging Limited ("The Company") is registered Company under the provisions of the Companies Act, 1956 with CIN No. L22210MH1987PLC044505. The Equity Shares of the Company are listed on National Stock Exchange of India Limited and Bombay Stock Exchange Limited.

The Company's activity is in single segment of packaging with its registered office situated at Empire Mills Complex, 414 Senapati Bapat Marg, Lower Parel, Mumbai -400013.

The Board of Directors have approved the financial statements for the year ended 31st March,2020 and issued the same on 12th June,2020.

2 Significant Accounting Policies

2.1 Basis of preparation

The financial statements are presented in Indian Rupees and all values are rounded to the nearest lakhs , except when stated otherwise.

The financial statements of the Company for the financial year ended 31st March, 2020 have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

For all the earlier years upto and including year ended 31st March, 2017, the Company prepared its financial statements in accordance of the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments,
- Defined Benefit Plans - planned assets

2.2 Summary of significant accounting policies

(a) Revenue recognition

(i) In accordance with Indian Accounting Standard 115 (Ind AS 115) -'Revenue from contracts with customers'. Under this Ind- AS, revenue for products or services is recognized on satisfaction of performance obligation under the contract with the customer. The contractual prices are recognised as revenue in proportion to the performance obligations . Revenue is netted of all the returns, short payments by the customers.

(ii) Interest income

Interest income from a financial asset is recognised using applicable interest rate and the time involved .

(iii) Rental income

Rental income arising from operating leases is accounted over the lease period and is included in revenue in the statement of profit or loss .

(b) Government Grants

Grants from the Government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all stipulated conditions.

Grants relating to fixed assets are recognised as deferred income , and amortised over balance useful life of the assets .

Government grants relating to income are recognised in the Profit & Loss for the period , for which they relate.

Such recognised grants , remaning outstanding for more than 5 years are de recognised-on completion of 5 years from the year of its initial recognition and when the Company is not certain about the receipt of the same.

(c) Taxes**(i) Current income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(ii) Deferred tax

Deferred tax is provided using the Balance sheet approach on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

(d) Foreign currency translation**(i) Functional and presentation currency**

Items included in the financial statements of the Company are measured in Indian Rupee which is functional and presentation currency

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the date of the transaction. Foreign exchange gain and loss resulting from the settlement of such transactions and from the translation of monetary assets and liabilities foreign currencies at year end exchange rates are generally recognised in profit or loss. They are deferred in other equity if they relate to qualifying cash flow hedges.

Long term Foreign Currency borrowing arrangements: The Company continues the policy of capitalising exchange differences arising on translation of long term foreign currency monetary items availed before 31st March, 2017.

Foreign exchange differences arising on borrowings other than above are regarded as an adjustment to borrowing costs and are presented in the statement of profit and loss . All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

(e) Leases

The Company identifies whether any transaction is a lease or have any embedded lease component. The determination of whether an arrangement is a lease is based on the substance of the agreement. The agreement is a lease if fulfilment of it is dependent on the use of a specific asset(s) and the arrangement conveys a right to use the asset or assets, even if the right is not explicitly specified in an agreement.

As a lessor: Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables . Finance lease income is allocated to accounting periods to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature. As a lessee: In case the Company has entered in any agreement as a lessee, it recognises the right to use of the asset conferred under the arrangement as "Right of Use "as part of Property, Plant & equipment. The discounted cash flows of the all the lease considerations including lease premium ,which Company expects to pay during entire non-cancellable period of lease arrangement is taken as initial recognition of asset with corresponding amount as 'lease liabilities. Lease liabilities and Right of use is remeasured or impaired annually based on available variables. The assets 'right of use' are depreciated using straight line method over the lease term. Similarly interest as per incremental rate of borrowing is charged to lease liabilities. Lease payments are appropriated towards the lease liabilities. Leases transactions of low value and of short duration are not recognised and thus rentals paid are charged off. Lease liabilities are classified as non-current and current based on their due dates of discharging.

(f) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. [When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs]. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

(g) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash on hand , bank balances and short term deposits in banks.

(h) Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs includes , expenses incurred in bringing each product to its present location and condition and are accounted for as follows:

Raw materials, Consumables Stores: Raw materials /Consumables Stores are valued at cost after providing for cost of obsolescence / depletion. Cost is determined on first in, first out basis.

Finished goods and work in progress: Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity, but excluding borrowing costs.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

(i) Financial Assets/ Liabilities :**(i) Financial assets****Initial recognition and measurement**

All financial assets are recognised initially at fair value .

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(ii) Financial liabilities**Initial recognition and measurement**

All financial liabilities are recognised initially at fair value .

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

(1) Financial liabilities at fair value through profit or loss

Financial liabilities are measured at fair value through profit or loss .

(2) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are material and an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

(j) Derivative financial instruments and hedge accounting**Initial recognition and subsequent measurement**

The Company uses derivative financial instruments, such as forward currency contracts, currency swaps, interest rate swaps, to hedge its foreign currency risks, interest rate risks and to reduce interest cost. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability or a highly probable forecast transaction or the foreign currency risk in an unrecognised firm commitment

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss or treated as basis adjustment if a hedged forecast transaction subsequently results in the recognition of a non-financial asset or non-financial liability.

(k) Property, plant and equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less recoverable tax and accumulated depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation methods, estimated useful lives and residual value :

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives.

The useful lives have been taken as prescribed in Schedule II to the Companies Act, 2013 except in case of plant and machinery, in which case it has been considered to be 25 years, based on a technical evaluation.

The residual value is not more than 5% of the original cost of the asset. The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss.

(l) Intangible assets**Computer software**

Acquired computer software is recorded as intangible assets and amortised in 3-8 years based on straight-line method .

Costs associated with maintaining software programmes are recognised as an expense as incurred.

(m) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period.

(n) Borrowing costs

General and specific borrowing costs, that are directly attributable to the acquisition or construction of a qualifying asset, are capitalised till the period the asset is available for use .

Other borrowing costs are expensed in the period in which they are incurred.

(o) Employee benefits

Short Term Employee Benefits- The contractual amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

"Post-Employment Benefits Defined Contribution Plans- A defined contribution plan is a post-employment benefit plan under which the Company pays specified contributions to Provident Fund and Pension Scheme authorities. The Company makes specified monthly contributions towards Provident Fund and Pension Scheme. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service."

Defined Benefit Plans- The Company pays gratuity to the employees whoever has completed specied period of service with the Company as per the Payment of Gratuity Act, 1972, at the time of resignation/retirement from the employment. Annual gratuity provision is made based on an actuarial valuation.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees. The liability in respect of gratuity and other post-employment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. Re-measurement of defined benefit plans in respect of post-employment is charged to the other comprehensive Income.

(p) Dividends

Dividend payments and applicable taxes are expensed out in the year of payment .

(q) Earning per share**Basic earning per share**

Basic earning per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

(r) Provisions and Contingent Liabilities/Assets :

Provisions are recognised when the Company has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent gains are not recognised or accounted .

3 Significant accounting judgements, estimates and assumptions

3.1 The preparation of financial statements requires the use of accounting estimates which, by definition, will seldom equal the actual results. Management also needs to exercise judgement in applying the Company's accounting policies.

The estimates and judgements involves a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable
- Estimated useful life of intangible asset
- Estimation of defined benefit obligation
- Recognition of revenue
- Recognition of deferred tax assets for carried forward tax losses
- Impairment of trade receivables and other financial assets

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

3.2 As a result of outbreak of Covid-19, several restrictions were imposed by Government on movements of goods, closure of borders, etc. in several states, followed by nationwide lock down with effect from 25th March, 2020. The operations of units of the Company and Offices got temporarily disrupted as a result.

However, since then the manufacturing units of our Company got approvals for operations to commence and as of today all the seven manufacturing units of the Company are operational.

The macroeconomic consequences of the Covid-19 pandemic and the associated impact on our business remain difficult to assess. For certain, a recession is imminent whose extent, duration and development cannot be predicted. Even if the demand for our products, packaging for consumer staples, has a certain resilience and is currently doing well overall, it is difficult for us to assess how much is attributable to end consumption or stockpiling. On the cost side, we are facing price increases for the important raw material of recovered paper, which we are countering with higher prices for recycled fiber-based carton board.

The Company is however confident that the sustained investment activity would strengthen the competitiveness of the Company.

5. Consequesnt upon adoption of IND - AS 116 Lease , the land on lease hold and Right of use have been aggregated and shown under head " leased Assets"
6. Lease Accounting :

The Ministry of Corporate Affairs (MCA) has notified Ind AS 116 Leases, on 30th March 2019, Ind AS 116 Leases, under Companies (Indian Accounting Standards) Amendment Rules, 2019 which is applicable with effect from 1st April 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases. Ind AS 116 introduces a single lease accounting model for lessee and requires the lessee to recognize right of use assets and lease liabilities for all leases except for leases having period of less than 12 months or low value assets

As per Ind AS 116, the lessee needs to charge depreciation on rights of use assets and finance costs on lease liabilities in the statement of profit and loss. The lease payments made by the lessee under the lease arrangement will be adjusted against the lease liabilities. The Company has opted for modified retrospective approach . Effective April 2019 ,the Company has applied this Accounting standard and evaluate the impact, depicted as under :

	Lease asset (ROU)	Lease liability
Right of use and lease liability recognised as on April '19 for existing leases	878.82	970.03
Lease asset / liabilities recognised for leases during the year	1,392.62	1,392.62
Interest on liability		119.87
Depreciation on ROU	(412.19)	
lease payments		(509.92)
Balance as on March '2020	1,859.25	1972.60

The difference of ₹ 91.21 lakhs between opening lease liability and ROU has been adjusted in retained earnings . The impact on statement of profit and loss for the year is not material.

38. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Company, derivative financial instruments, such as foreign exchange forward contracts are entered to hedge certain foreign currency risk exposures and interest rate swaps to hedge variable interest rate exposures. Derivatives are used exclusively for hedging purposes and not as trading or speculative instruments. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the impact of hedge accounting in the financial statements.

Risk	Exposure Arising from	Measurement	Management
Credit risk	Trade receivables, Payables and derivatives measured at fair value.	Ageing analysis Credit ratings	Credit limits for Accounts receivables and letters of credit for payables
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities.
Market risk – foreign exchange	Export trade receivables, Import Payables, Borrowings in foreign currency.	Cash flow forecasting Sensitivity analysis	Forward foreign exchange contracts. Foreign currency options.
Market risk – interest rate	Long-term borrowings at fixed and variable rates	Sensitivity analysis	Interest rate swaps. Loan Swapping.

(A) Credit risk

Credit risk is the risk that the counterparty will not meet its obligations leading to a financial loss. Credit risk arises from credit exposures to customers including outstanding receivables.

i. Credit risk management

The Company assesses and manages credit risk based on internal credit rating system. Internal credit rating is performed on a group basis for each class of customers. The Company assigns credit limits to each class of accounts receivables, based on the assumptions, inputs and factors specific to those customers.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of a default occurring on the asset as at the reporting date with the risk of default as at the date of initial recognition. It considers available reasonable and supportive forwarding-looking information.

In general, it is presumed that credit risk has significantly increased since initial recognition if the payments are more than 360 days past due.

(b) During the period, the Company has written off trade receivables to the tune of ₹ 105.50 lakhs (PY. 43.15 lacs), it does not expect to receive future cash flows or recoveries from collection of cash flows previously written off.

(B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and bank balance and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due . Due to the dynamic nature of the underlying business, Company maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these against internal and external regulatory requirements and maintaining debt financing plans.

(i) Financing arrangements

(C) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as equity price risk and commodity risk.

(i) Foreign currency risk

The Company operates internationally and is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the USD and EURO. Foreign exchange risk arises from future commercial transactions and recognised assets and liabilities denominated in a currency that is not the Company's functional currency (₹). The risk is measured through a forecast of highly probable foreign currency cash flows. The objective of the hedges is to minimise the volatility of the ₹ cash flows of highly probable forecast transactions.

The Company's risk management policy is to hedge prescribed percent of forecasted foreign currency net exposure for the subsequent six months. As per the risk management policy, foreign exchange forward contracts are taken to hedge net foreign currency exposure.

(a) Foreign currency risk exposure

(₹ Lakhs)

Particulars	USD	EURO	CHF	Others	Total

(b) Sensitivity Analysis :

Sensitivity of profit on a possible change in foreign exchange rates of +/-5% :

Impact on Profit or Loss

(₹ Lakhs)

Particulars	March 31, 2020	March 31, 2019
Foreign exchange rate increased by 5%	(166.89)	(44.71)
Foreign exchange rate decreased by 5%	166.89	44.71

(ii) Interest rate risk

The Company's interest rate risk arises on borrowings with variable rates, which exposes the Company's cash flow to interest rate risk. During March 31, 2020, March 31, 2019 the Company's borrowings at variable rates were mainly denominated in ₹ & USD.

The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market.

Sensitivity Analysis :

Sensitivity of profit and equity on a possible change in interest rate upto 50 bps on variable rate borrowing outstanding is as under :

Impact on Profit or Loss		(₹ Lakhs)	
Particulars	March 31, 2020	March 31, 2019

39. CAPITAL MANAGEMENT

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders. The primary objective of the Company's capital management is to maximise the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

42. The fair value of financial instruments in the table below has been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active market for identical assets or liabilities (level 1 measurement) and lowest priority to unobservable inputs (level 3 measurements). The categories used are as follows:

Level 1: Financial instruments measured using quoted prices. This includes listed equity instruments, mutual funds, bonds and debentures, that have quoted price / NAV. The fair value of all equity instruments, mutual funds, bonds and debentures are valued using the closing price / NAV as at the reporting period. None of the financial assets or financial liabilities qualifies for Level 1 classification.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on Company-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is considered here. Foreign exchange forward contracts are being classified as Level 2 financial assets and financial liabilities.

Level 3: The fair value of financial instruments that are measured on the basis of Company specific valuations using inputs that are not based on observable market data (unobservable inputs). Financial assets and financial liabilities like security deposits, trade receivables, cash and bank balances, loans given, borrowings, trade payables and other financial liabilities are classified as Level 3 financial assets and financial liabilities

INDEPENDENT AUDITOR'S REPORT

To the Members of TCPL Packaging Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of TCPL Packaging Limited ("the Company"), which comprise the Balance Sheet as at March 31 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements for the financial year ended March 31, 2020. These matters were addressed in the context of our audit of the standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone Ind AS financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone Ind AS financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone Ind AS financial statements.

Key audit matters	How our audit addressed the key audit matter
<p>Revenue recognition</p> <p>Revenue is recognized at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring goods to a customer. The revenue recognition occurs at a point in time when the control of the goods is transferred to the customer.</p> <p>We focused on this area as a key audit matter as the value is significant. We believe there exists a risk of revenue being recognized before the control is transferred, including risk of incorrect timing of estimation related to recording the discounts and rebates.</p>	<p>As part of our audit procedures, we:</p> <ul style="list-style-type: none"> ➤ Read the Company's accounting policy for revenue recognition and assessed compliance with the requirements of Ind AS 115. ➤ Evaluated the design, tested the implementation and operating effectiveness of the Company's internal controls including general IT controls and key IT application controls over recognition of revenue. ➤ On a sample basis, tested supporting documentation for sales transactions which included sales invoices, customer contracts, and shipping documents. ➤ Tested revenue samples focused on sales recorded immediately before the year-end, obtained evidence as regards timing of revenue recognition, based on terms and conditions of sales contracts and delivery documents. ➤ Assessed disclosures in financial statements in respect of revenue, as specified in Ind AS 115.

Inventory Valuation (Refer note no. 9 of Financial Statement)	
<p>The Company's total inventory is Rs. 13,373.11 lakhs as at 31st March 2020 aggregates to 41% of the total current assets of the as on that date. The Company has seven production units carrying out different types of printing. The raw material requirement varies at each unit basis the type of printing to be done. Significant judgments and management estimates are required for allocation of direct and indirect costs considering the uniqueness of each plant for finished goods as well as for raw material and stores.</p> <p>Since, significant estimates / judgment are involved in determining the costs, this is considered as Key Matter.</p>	<p>The procedures performed includes:</p> <ul style="list-style-type: none"> ➤ Obtained an understanding of management's process and evaluated design and tested operating effectiveness of controls around maintenance of inventory records and process of valuations. ➤ Assessed the appropriateness of methodology and valuation models used for allocation / apportionment of costs. ➤ Verified on sample basis, process of loading of costs over raw material and stores inventory ➤ Verification on sample basis process of allocating direct and indirect costs over finished goods inventory. ➤ Assessed the physical controls over inventory. ➤ Assessed the reasonableness of assumptions used. ➤ Assessing the adequacy of disclosures done in the financials.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management for the standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with [the Companies (Indian Accounting Standards) Rules, 2015, as amended]. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2020 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

The Company had carried out physical verification of inventory during end of February / March 2020. Due to lockdown, we could not carry out physical verification of inventory at year end. Consequently, we have performed alternate procedure to audit the existence of inventory as per the guidance provided in SA 501 "Audit Evidence – Specific Consideration for Selected Items" and have obtained sufficient appropriate audit evidence to issue our unmodified opinion on these Standalone Financial Statement.

Report on Other Legal and Regulatory Requirements

Annexure - B to the Independent Auditor's Report

(Referred to in paragraph 2 (f) with the heading 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. We have audited the internal financial controls over financial reporting of TCPL Packaging Limited ('the Company') as of 31st March 2020 in conjunction with our audit of the Ind AS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of

Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
