# Future Business Strategy

We are currently one of the leading integrated sugar companies in India. We plan to increase our asset utilization while we keep improving on our best practices

- Be agile in our response to changing industry trends of demands/prices of our various products on the back of our flexible manufacturing processes

- Continue educating farmers on best farming practices, high-yield seeds, pesticides etc.
- Making timely payment to farmers to incentivize increase in area under sugarcane

- Reduce leverage through a combination of prudent financial management and prepayment/repayment of debt

- With focus on zero waste, continue product and process innovation

- Mid-term focus not on adding new capacities but on increasing existing capacity's utilization
- Capitalize on any future demand pickup by increasing production
