Subject: Earnings Presentation Q3 FY 2022-2023.

Dear Sir/Ma'am,

Pursuant to Regulation 30(6) of the SEBI (Listing Obligation and Disclosure Requirements) Regulation 2015, we are enclosing herewith Earnings Presentation of the Company. The said presentation is also being made available at the website of the Company at www.sarthakmetals.com You are requested to kindly take the same on your record.

Thanking You,

For, Sarthak Metals Limited

Pratik Jain Company Secretary and Compliance Officer

Management Commentary

Commenting on the Q3FY23 performance, Sanjay Shah, Executive Director, said:

"Q3FY23 continued to pose a challenging operating environment for the steel industry, with adverse effects of the export duty announcement on various metals & minerals. The challenging industry environment led to flattish volumes, with a marginal volume growth in the Cored Wires product category and a marginal degrowth in the Aluminium Flipping Coils category. On the cored wires front, realisations witnessed a decrease of 28% QoQ, on account of a higher base in Q2FY23 which witnessed more contribution of certain high-value products. The contribution of these high-value products was lower in Q3, coupled with a general decline in the prices of the entire Cored Wires product basket to the tune of 20%. The Aluminium Flipping Coils product category witnessed flattish realisations with a marginal increase of 1% QoQ.

The Company did however manage to protect its profitability margins by focusing only on profitable orders, and some improvement in the exports business compared to Q2. Operating margins remained stable at 10.9% as compared to 11.1% in the previous quarter.

On the project side, we are in the process of setting up a rooftop solar capacity of 335.88 kWp, which is expected to be commissioned in Q4. This project will lead to annual power savings to the tune of 30 lakhs from the next financial year.

We remain confident in the long-term outlook of the Indian steel industry and are hopeful of a better operating environment with the advent of the new financial year."

Sarthak Metals Limited
("Sarthak") part of the Desraj
Bansal Group is India's leading
manufacturer and exporter of
Cored Wires and Aluminium
Flipping Coils that find application
in the metallurgical industry.
Being an experienced and quality
conscious manufacturer, Sarthak
is the preferred supplier for these
products to some of India's
largest steel units.

Headquarter in Bhilai, Chhattisgarh, with its state-of-the-art, ISO 9001-2000 certified manufacturing units, the Company is strategically located in close proximity to a critical steel hub in the country.

Milestones

1995

Incorporated in 1995 with an industrial gases unit producing industrial oxygen and carbon dioxide catering to industries units in its vicinity

2008

Commenced production of Aluminium flipping coils with its first mill built in-house

2017

Raised funds through its initial public offer and got listed on BSE SME

2022

Crossed 450+ crores topline benchmark

2002

In efforts to cater to the growing metallurgical industry in the country, commenced its first cored wire mill built in-house

.2012

Started manufacturing cored wire feeder machines

.2018

Started producing Aluminium wire rods (backward integration for flipping coils)

ProductCategories

The Company has two primary product categories i.e., Cored Wires and Aluminium Flipping Coils. In addition, the Company also produces Cored Wire Feeder Machines.

Cored Wires

- Cored Wires are a product of wire injection technology of steels. They consist of steel tubes (wires) filled with various alloys that are injected in molten metal for introducing different characteristic in the metal.
- Some key cored wires manufactured by Sarthak are

 Calcium Silicide, Calcium Iron, Calcium Aluminium
 Iron, Calcium Solid Wire, Lead Cored Wire, Ferro
 Titanium, Carbon, Ferro Boron, Magnesium
 Ferrosilicon, Nitride Manganese, Ferro Niobium.
- Key functions of cored wires is steel refining, alloy addition, deoxidation, desulphurization, denitrification, etc.

Why cored wires?

Cored wires (or wire injection technology) are a substitute to single-shot addition of alloys into molten metal. Cored wire helps in uniform and homogeneous mixing of alloys in the ladle. It is a more accurate and efficient process of adding chemical elements in the casting. Cored wires have become a indispensable part of metallurgical plants today.

Aluminium Flipping Coils

- Aluminium flipping coils are used in steel manufacturing process for de-oxidising of molten steel, and as a alloying element for manufacturing specialized steel.
- Key function of Aluminium wire is de-oxidising, grain refining, nitride forming and alloying of steel.

Wire Feeder Machines

 Machines that are designed to inject cored wires into molten steel for metallurgical process control. The Company offers a wide range of customized machines, with 2 and 4 strand options that can draw wires from 5 to 15 mm diameter with a speed of up to 300 meters per minute.

Infrastructure

- The Company has two state-of-the-art manufacturing facilities in Bhilai, Chhattisgarh
- Strategically located in proximity to many clients
- Cumulative ~2,50,000 sq. ft. plot area, with land availability for future expansions
- 4 lines for manufacturing cored wires and 2 lines for Aluminium flipping coils, built in-house specific to the Company's needs
- Equipped with sophisticated machinery and testing equipment's
- ISO 9001:2008 certified unit
- Equipped with a fully-functional chemical lab, and atomic absorption spectrophotometer for testing and QC of raw materials & finished products

Warehousing Capabilities

- Equipped with state-of-the-art warehousing capabilities
- Ensuring uninterrupted and reliable supply of metallurgical solution to our clients
- Establishing Sarthak's as a preferred supplier with leading Indian steel mills

Cored Wires

- 1,500 Sq. Mt. material storage space for Cored Wires
- Sufficient to stock 2,000+ tonnes of material, equivalent to 3 months buffer
- Sufficient space to stock finished products as well

Aluminium Flipping Coils

- 2,800 Sq. Mt. material storage space for Aluminium Flipping Coil
- Sufficient to stock 4,000+ tonnes of material, equivalent to 4 months buffer
- Sufficient space to stock finished products as well

Leadership

Anoop Kumar Bansal MANAGING DIRECTOR

Mr Bansal has a Bachelors in Commerce degree from Nagpur, as Managing Director he has been instrumental in strategic planning. He brings innovative commercial ideas, execution-led experience, and vision to the table, which has contributed to the Company's success. He is also entrusted with looking after DB Group's ferroalloys division and the Company's industrial gases division (which has been sold in 2021). In addition, he leads the CSR initiatives at the Company.

Sanjay Shah
WHOLE-TIME DIRECTOR

Mr Shah is a Whole-Time Director and the head of Marketing team at Sarthak. He has been instrumental in creating the domestic business of Sarthak, and getting the Company empaneled with leading steel institutions of the country, and as a result Sarthak works with the largest Indian steels mills today.

Mayur Bhatt
WHOLE-TIME DIRECTOR
& CEO

Mr Bhatt is a Whole-Time Director and the Chief Executive Officer of the Company. He is an essential link between the production and sales functions of the organisation; he also manages the day-to-day business and financial activities of the Company. He also contributes to raw materials management. His contributions have been of great value to the Company.

Board ofDirectors

Mr Sunil Kumar Agarwal

CHAIRMAN & NON-EXECUTIVE, NON-INDEPENDENT DIRECTOR

Mr Agarwal is the Chairman of the board and a Non-Executive Director in the Company. He holds a Bachelors Degree in Engineering (Mechanical) (Honors). In his past roles, Mr Agarwal has been associated with GCET Raipur, Indian Railways Traffic Services, and served prestigious roles such as Divisional Railway Manager, Chief Commercial Manager SEC Railway, Chief Operating Manager and additional member to the Ministry of Railways.

Ms Rama Kohli

NON-EXECUTIVE, INDEPENDENT WOMAN DIRECTOR

Ms Rama Kohli is a Non-Executive and Independent Director of the Company. She holds a Bachelors Degree in Science from Pt. Ravishankar Shukla University, Raipur. In addition, she has also completed her PGDBM from Pt. Ravishankar University, Raipur. She is currently undertaking various management advisory activities.

Mr Sunil Dutt Bhatt

NON-EXECUTIVE, INDEPENDENT DIRECTOR

Ms Sunil Bhatt is a Non-Executive and Independent Director of the Company. He has more than 35 years of work experience as a part of the department of Instrument and Weighing in Bhilai Steel Plant, SAIL. He recently retired in 2020 and joined the Company's board in 2021.

Mr Dwadasi Venkata Giri

NON-EXECUTIVE, INDEPENDENT DIRECTOR

Mr Dwadasi Venkata Giri is a Non-Executive and Independent Director of the Company. He has completed his Post Graduation (M.Com) from Pt. Ravishankar Shukla University, Raipur. He also completed LLB and CA IIB from Raipur. He has vast experience in the banking and finance domain.

STRATEGIC DRIVERS

STRENGTHS AND WEAKNESS

INVESTMENT THESIS

BUSINESS CANVAS

InvestmentThesis

Industry tailwinds

Indian steel industry is expected to register healthy volume growth, with growing capacity utilizations and addition of new capacities on back on growing domestic & international demand. This bodes well for our Cored Wire business.

Expansion – Aluminum flipping coils

The Company has recently added a 3rd furnace to support higher manufacturing throughput in its Aluminum Flipping Coils product category, which has led to a capacity augmentation by up to 50%.

Ramp-up – Cored wires

Ramping up operations of Cored wires by cornering higher market share and leveraging the growing crude steel production in India.

Export opportunities

Getting export growth back on track by adding newer markets, while growing in existing markets.

Integration in value-chain and Diversification

Evaluating opportunities in the value-chain, that will aid in growth and margin expansion. In addition, the Company is exploring diversification opportunities in adjacent categories.

Healthy financial performance

Operating leverage in profitability margins is expected to kick in with growing scale of operations. The Company expects to maintain healthy dividend payouts on the back of growing profitability.

Strengths and Weakness

STRENGTHS

- Among the leading players in metallurgical cored wires
- Strategically located facilities
- Strong clientele with India's leading steel players
- Long standing track record as a consistent, quality solution provider
- Experienced promoters and strong parentage of the Group
- 2nd generation management driving newer segments and exploring ideas for expansion in adjacent categories

WEAKNESS

- Fragmented market
- Cyclicality of the steel industry
- Working capital intensive operations
